

Away With Your Sprays and Inhalers If You Want to be Rid of Catarrh

Deep-Seated Disease That Cannot Be Reached by Local Treatment.

When you hawk and spit until you almost strangle in an effort to get your breath, because your air-passages are all choked up with Catarrh, and your condition grows worse from day to day, you are about ready to realize that Catarrh is by no means a simple ailment.

If you have had the disease for any length of time, you have doubtless used enough treatment to convince you that you will not be able to find any lasting relief from the remedies that are so generally relied upon. Others who have been afflicted with Catarrh have used atomizers and sprays, ointments, salves, jellies and other local applications by the wholesale, without making the slightest progress toward a cure.

You are doomed to the same disappointment, if you rely upon the same misdirected methods of treating this disease, for Catarrh is too stubborn and deep-seated to be reached by medicated applications which are applied only to the surface.

Why not save yourself the expense

and the delay of getting on the right road, by discarding entirely all these plans of treatment which either have failed to be absolutely without merit? Not only is Catarrh a source of suffering to yourself, and annoying and repulsive to those about you but it is a disease that is not to be considered lightly, for if it is not checked the lungs sometimes become affected, and everyone knows how serious that is.

Catarrh is caused by millions of tiny disease germs that infest the blood. When they attack the delicate membranes and air passages of the nose and throat, you can never get rid of them by sprays and atomizers. They must be thoroughly routed from the blood. That is why S. S. S. is used so successfully in treating Catarrh. This remedy is so thorough in cleansing the blood that it roots out every germ of Catarrh or other disease.

S. S. S. goes right down to the source of the disease, and if you will begin its use today, you will find yourself at last on the right treatment. Go to your drug store and get a bottle today, and if you want any special advice regarding your case, you can obtain same without charge by writing to Medical Director, Swift Specific Co., 81 Swift Laboratory, Atlanta, Ga.

Hog Island Shipyards Will Fill Schedule

Washington, Feb. 13.—Work on Hog Island shipyard, near Philadelphia is ahead of its schedule and all ships contracted for by the government will be delivered on time, George J. Baldwin, chairman of the directors of the American-International Shipbuilding company, told the senate commerce committee.

The first keel was laid down today, he said. Twelve of the fifty ways are completed and fifty will be completed by the end of March. Additional keels are to be laid as fast as the steel is received, he asserted.

Baldwin said that even if the yard cost the government twice the preliminary estimate of \$21,000,000, it would get ships from that yard at a cost of but \$4 more per ton than the average cost of ships built in private yards. He said that economy had been sacrificed for speed at Hog Island.

THIS IS THE DAY THE MIDDLE-AGE WOMAN WHO LOOKS YOUNG

Her experience, her ripened judgment, enable her to take advantage of the wonderful opportunities for women which the war has created. But to succeed she must appear young. Gray streaked with gray, or faded hair gives the look of age and keeps many women from the success they deserve.

If gray hair is your handicap you can easily overcome it with Q-ban Hair Color Restorer just as have thousands of other women. It will gradually bring back all the natural color and gloss and take years from your looks. Q-ban is not a dye, but a delightful toilet preparation—a necessity for every woman who understands the value of keeping young. It will not stain the scalp, wash or rub off or interfere with washing or waving the hair. Also removes dandruff, keeps the hair healthy and is easily applied by simply combing or brushing through the hair. Sold by all good druggists everywhere on Money-Back Guarantee. Price 75c.

LONDON'S WIFE SUBS

Oakland, Cal., Feb. 13.—Mrs. Bessie M. London, first wife of Jack London, novelist, has a suit on file here today for \$10,000 against London's estate. The complaint alleges that before London's death the author agreed to pay his first wife \$75 monthly until her re-marriage and \$37.50 monthly for each of their two girls. Mrs. London alleges that although she has filed claims against the estate, none has been allowed by the executors since December 1, 1916.

Boss of the Camp as "Conscientious Objector"

By Russ Simonton

Camp Lewis, American Lake, Wash., Feb. 13.—Sergeant Matt O'Connor, is "Boss" of the camp's "conscientious objectors". There are 50 men here who believe all wars wrong and that it is better to scrub floors and wash windows than to learn the art of arms. Under the president's decree they have been transferred to the medical corps and placed in Barracks No. 4 of the base hospital, where O'Connor, former newspaperman, holds forth.

"They are a willing bunch," said Sergeant O'Connor. "They won't fight, but they surely can work."

O'Connor sticks up for his objectors. He holds it is no different from any other organization. Just the same, it is a "unique" crew.

In some barracks, the air is sometimes blue with tobacco smoke and crackles with high power language. Not so in Barracks 4. Only a few of the objectors smoke and none of them swear. One says grace at every meal and several hold little private church services Sunday mornings.

Two of them won't wear olive drab uniforms, using blue overalls and jumpers. Two will not accept pay from Uncle Sam. On this subject, there is a difference of opinion. The two refusing pay are Mennonites and there are two other Mennonites who are glad to get their "30 pay."

There are Friends, Shakers, Christians and some Seventh Day Adventists in the outfit. At first there were warm religious arguments in the barracks, but such discussion was ordered stopped.

"They are a good bunch of workers," says O'Connor. "At first the other men looked fun at them but now they are coming to respect the objectors."

Alien Enemy Control Will Be More Direct

Washington, Feb. 13.—To cut the red tape surrounding the work under President Wilson's alien enemy proclamation at the Port of New York and adjacent points, the department of justice has decided to re-locate all its offices under one head, former Assistant Attorney General William Wallace.

The plan will eliminate from consideration of other government prosecuting officers and the three United States district courts all alien enemy cases in the future at New York, Brooklyn, Boston and adjacent territory.

HEATLESS ORDER REVOKED

Washington, Feb. 13.—The Monday "heatless holiday" order today was revoked by Fuel Administrator Garfield.

SOCIETY

By Carol S. Dibble

Something more than an evening of genuine pleasure and distinctive mirth, inspired by the subtle and world famous humor of Harry Lauder, is in store for the Salem folk who will hear and see the celebrated Scotch comedian tonight at Portland, where he appears as the Heilig theater.

Unusual interest is attached to this performance, not only because this is Harry Lauder's farewell tour, but also because he has recently lost his only son in the war and he and Mrs. Lauder, in common with the innumerable other parents, bereaved by the toll of the battlefield, have made their great powerful factor in stimulating relief activities throughout the world, by way of personal example and in spirited endeavor. The comedian has turned over his entire fortune of hundreds of thousands of dollars, which he has made during his career on the stage to his government to help win the war.

His reputation of possessing in a marked degree the renowned Scotch thrift, stands Harry Lauder in good stead now, when his very savings are going so far to alleviate suffering and to promote efficiency in varied relief measures. He has allied himself especially with the raising of a fund to provide industrial training for crippled soldiers after the war, of a nature varied enough to meet a wide field of individual handicaps.

At noon, Harry Lauder spoke to a thousand soldiers and their officers from Vancouver garrison at the Heilig for which every seat in the main floor and gallery had been taken, with provision to seat 400 on the stage.

He is constantly appearing in the contentions over the country during this tour, under the auspices of the Y. M. C. A.

Among the Salem people going up for tonight's entertainment, were Mr. and Mrs. Chauncey Bishop, who joined Mr. and Mrs. Percy Young of Albany in Portland, at an informal dinner last evening. Mr. and Mrs. W. L. McDougall and Dr. and Mrs. William Carlisle, who motored up this morning, and a party composed of R. W. Hartman, Art Wallace, E. F. Schmidt and C. B. Clancy, who left late this afternoon.

The gift box for the Salemites overseas, is fast becoming a vivid reality of the very near future, for day by day, and night by night, what was at the beginning of the week a mere nest egg, now assumes the proportions of a very gratifying mess fund, owing to the steady dribbles of coin coming from parties given here, there and everywhere, of every kind and nature as the whim of the hostess rises to the occasion.

Last night the Merry-Go-Round club added a lump sum of eleven dollars to the S. O. S. account, after the regular fortnightly evening of five hundred, enjoyed by the members this week at the home of Dr. and Mrs. C. H. Robertson on North Capitol street. Eight dollars and a half were generously contributed by members as S. O. S. admittance fees, while two and a half, the regulation prize money, made in addition the total eleven dollars.

The high honors were won by Mrs. Henry Schulderman and Dr. J. N. Smith. Miss Mabel Robertson assisted Mrs. Robertson at the serving hour. The club will be entertained at its next meeting by Mr. and Mrs. J. H. McNary.

Mr. and Mrs. S. P. Kimball of Polk county are spending a few days in Portland.

Mrs. Edward M. Tillson of San Francisco is the guest of her sister, Mrs. Richard Cartwright, for several weeks. Mrs. Tillson is a former resident of Salem.

Mrs. L. S. Barnes of Portland was in Salem for the day.

The Rain and Sunshine club will hold its regular meeting tomorrow afternoon with Mrs. Charles Elgin, 674 South Capitol street.

The North Salem Woman's club will hold its monthly meeting tomorrow afternoon at the home of Mrs. Harry Elgin, 1495 North Liberty street. Red Cross sewing will occupy the attention of the members, at this meeting, the customary program being also given.

Of special and interesting significance were the telling figures given by Mrs. Russell Catlin, in a talk to the Woman's club Saturday, on the progress made by the Red Cross knitting department since its organization last spring. Mrs. Catlin, who has been in constant charge of the knitting work and given freely of her time and ability along those lines, was able to present in concrete form, the effectual results, which the energetic and enthusiastic knitters of Salem have accomplished. Much credit is also due, Mrs. Catlin stated, to the excellent work done by the knitting departments of the various auxiliaries, whose members have displayed a zeal no less arduous than that in daily evidence at the headquarters in Salem.

Beginning with June, the first month, in which the knitting department was in regular working order, sixty pairs of socks were knit, in July fifty eight, while August saw a leap in quantity to the number of 172 pairs. September followed with a total of 226 and October came out still ahead with 284 pairs. With a steady, rapid increase, the knitters brought the number up to 514 pairs in November and closed the year with the sum of 641 for December. Another jump was taken in January, when 854 pairs were finished and it is expected that February will see a like total. Up to date, 3500 pairs of socks have been shipped out of Salem to the Red Cross headquarters, and 200 sweaters in addition. Individual workers have shown

Wm. S. HART of "Wolves of the Rail" An AIRCRAFT Designer

Each release of a Wm. Hart picture is an event of unusual importance in the motion picture world, so the announcement that the famous Thos. H. Ince star in the latest Airtcraft offering, "Wolves of the Rail," will be at the Oregon theater Sunday, Monday, Tuesday, no doubt is welcome news to "Big Bill's" many local admirers. "Wolves of the Rail" introduces Hart in a new role, that of a protector of property, an upholder of law and order, and a guardian of government money. Throughout the story there is a wealth of spirited action. A real railroad station was erected in the mountains for this picture, and many of the most exciting episodes occur in this locale. Hart has his usual splendid supporting organization.

squadron, encountered stiff opposition from enemy airplanes. The Nebraskan turned his machine gun on a boche who returned the fire. The Nebraskan's machine was littered and its gas tank was punctured but he dropped his bombs and returned to his own lines.

"I think I'm going to like this bombing game," he said then asked for a second helping of ice cream.

Offensive Too Well Advertised
Berne, Feb. 13.—The prospect of the much advertised Hindenburg offensive is provoking much alarm and indignation among German civilians and among the troops, according to reports reaching here today.

Berlin has been secretly placarded with announcements that the Prussian militarists are preparing to sacrifice another million men. A number of socialists have been arrested.

Victims of German Raid.
Paris, Feb. 13.—Three civilians were killed and five wounded when two German airplanes dropped several bombs on Nancy, last night, the war office reported today.

There was mutual artillery fire northwest of Rheims. The French took prisoners in raids east of Auberville, in the Vosges region. An attempted German raid east of Embeswiller was frustrated.

British Troops Raid.
London, Feb. 13.—British troops conducted a successful raid southeast of Hargicourt last night, taking eleven prisoners, Field Marshal Haig reported today.

"Casualties were inflicted on the enemy," in patrol encounters southeast of Leuz.

"In the neighborhood of Epehy and northeast of Ypres there was hostile cannonading."

Steamer Torpedoed.
