Complaint was filed in the circuit court today by Flora M. Butsch against Matthew Butsch asking for a decree annulling the bonds of matrimony existing between plaintiff and defendant. Complaint alleges parties to action were married at Mt. Angel in October, 1896; that six children were born of the union; that defendant moved plaintiff and family to Texas and deserted them in 1916, going to Australia where he now resides, and leaving plaintiff to care for the children as best she could; that defendant had a lazy and indolent disposition and had always refused to apply himself to lucrative employment; wherefore plaintiff prays for dissolution of said ties of matrimony and custody of the children.

**Planes Are Being Shipped to France Ahead of Time**

Washington, Feb. 20.—Although the original aircraft production plan of this country called for the first shipment to France in July, a small shipment of planes is already en route. It was announced by Secretary of War Baker today. They are all equipped with twelve cylinder Liberty motors and have broken on all records for speed and climbing in their trial flights, he said.  
For every plane that goes over there must be two spare planes and for every plane in the air there must be 46 men on the ground. In the light of these figures, Baker said, the great problem now is to secure the thousands of motor men, repair men, metal workers and wood workers who are to keep the planes in condition. Both mechanics and motor men must be thoroughly overhauled every 74 hours.

**Would Oust Couzens As Police Commissioner**

Detroit, Mich., Feb. 20.—Ousting of James Couzens, Detroit's millionaire police commissioner and former vice-president of the Ford Motor company, was demanded by the city council today. The council's resolution charged he was incompetent, powerless to control his own men and responsible for the wave of crime sweeping this city. Couzens is in Washington, D. C., today. Mayor Marx refuses to remove Couzens.

\*\*\*\*\*  
A short patriotic address was made by Governor Withycombe at the Baptist Brotherhood banquet given at the Baptist church last night. The meeting was in the nature of a "father and son," patriotic celebration and a number of toasts and speeches were made. An interesting feature of the evening was the drafting of a letter to the 29 young men of the church who have entered the service, which was signed by every one present at the banquet table.  
\*\*\*\*\*  
Hear Ye! Hear Ye! The Cherrian ball next Friday evening at the armory is to be a Washington Birthday dress ball, Red Cross benefit. The garages and transfer companies of the city were given notice this morning by Chief of Police Poland that no more operating of trucks or motor vehicles of any kind with cut-outs would be allowed on the city streets. Chief Poland states that the provisions of the new traffic ordinance will be strictly enforced, especially as regards running with cut-outs open, and that he desires to give all a fair warning. If mufflers or cut-outs are defective, Chief Poland says it would be cheaper by considerable to have them remedied at once than to wait till a fine is paid in police court and then have it done. The provisions of the ordinance relating to parking, running without tail-lights, and exceeding the speed limit will also be made effective by strict enforcement.  
\*\*\*\*\*  
Those who gathered at the Six O'clock club banquet at the First Methodist church last evening were treated to one of the most masterly and scholarly addresses ever heard in the city, when Justice Wallace McCann, speaker of the evening, talked upon the life and work of Washington. Justice McCann said that although this nation may not have produced any really great literary men, yet we have produced men who in strength and integrity of character and personality rank with the world's greatest. Washington was of this type, said the speaker. Justice McCann closed by stating that if Washington were here today he would be for the prosecution of the war until a real and lasting peace could be had, and that he would be for this country taking an active part in the peace treaties and in moulding the future ideals of the world for the new democracy. One of the enjoyable features of the evening was a vocal duet by Messrs. Todd and Schramm, with Mrs. Schramm at the piano.

\*\*\*\*\*  
A quite interesting poster exhibit is being made at the public library this week by the Latin club of the Salem high school. The exhibit is intended to show the advantages of studying Latin and to overcome the idea that Latin is a "dead" language. An interesting feature of the exhibit is a number of pictures of famous Romans including Caesar, Augustus, Trajan, Hadrian and others. Illustrations of Roman architecture are also shown, and several posters depict the methods of warfare employed by the ancient Romans.

### Nation's Industries Are Grouped Into Divisions

Washington, Feb. 20.—Grouping of the nation's industries into four divisions ranging from essentials to luxuries and creation of an inter-departmental board to determine priorities within these groups, is in process of formation it was learned today. The groups will be as follows:  
1—Essential to individual life and health, including fuel for railroads and ships.  
2—Equipment necessary for group one, including agricultural and mining needs, munitions of war.  
3—Peace time necessities.  
4—Luxuries.  
Groups 3 and 4 will probably be put on a 50 per cent coal ration. Embargoes by the railroad administration will be used as a means of enforcing priorities established.  
Members of the priority board will include representatives of the war and navy department, the shipping board and probably the food and railroad administration. This board will work in close co-operation with the fuel administration.  
As the first step in this direction, all the glass makers have voluntarily agreed to reduce coal consumption 50 percent, beginning immediately.  
Clubs and civic bodies of Eugene are joined in a movement to induce the city council "to put the welfare of the city's natural beautifications in the hands of the park commissioners, that unnecessary destruction of shade trees and things of like beauty shall be eliminated."  
McLemore said, "that the two thirds vote shall be of those present."

### Market Is Lower In Wall Street Today

New York, Feb. 20.—The New York Evening Sun financial review today said:  
Realizing sales which met with ready absorption featured trading in today's session of the stock market. Prices were from a fraction of a point or so down, with some exceptions, such as the sugar and tobacco groups and individual issues, including National Enameling, Rubber first preferred, New York Air-brake, Atlantic Gulf, Bethlehem B, Baldwin Locomotive and Mexican Petroleum.  
In the late session trading was animated and movements aggressive.

### One Dead Seven Hurt In Cartridge Explosion

Washington, Feb. 20.—One man is dead and seven were seriously injured as a result of the explosion of a cartridge case aboard the U. S. S. Montana on February 18, the navy department announced today. The dead man is Charles W. Parly, Chicago.  
The injured are: Ray L. Putnam, seaman, Phoenix, Ala.; Lawrence M. Finley, seaman, Cawker City, Kan.; Richard M. Guion, New Orleans, La.; William T. Friedericks, seaman, Chippewa Falls, Wis.; Charles E. Pyle, Lumar, Colo.; L. T. LeRoy, seaman, home address not known; John H. Atkinson, seaman, Salmons, Ky.  
An army officer named LaForce, who had been confined at Vancouver Barracks guard house, broke his way to liberty. Seems to have been some significance in his breakfast food name.

### National Prohibition Up Against Obstacle

Washington, Feb. 20.—National prohibition faced today an unexpected obstacle.  
Charging that the national prohibition amendment was not constitutionally passed by congress, Representative McLemore of Texas, introduced a resolution demanding an investigation of the house vote by the judiciary committee.  
McLemore bases his contention on the fact that the amendment only passed the house by a two thirds vote of those present. The constitution provides that amendments must have "a two thirds vote of both houses." McLemore interprets this to mean two thirds of all members.  
The house vote was 282 to 128, lacking eight votes of being two thirds of the house membership of 425. The amendment passed the senate by two thirds of all members.  
The constitution specifically provides in other instances, such as impeachment,

### GLASSES FOR APPEARANCE AND SERVICE
