But I found a cure, and I am ready to tell you about it FREE, and I am ready to let you try it for fifteen days on my guarantee. Yes I'll guarantee it, and if you are not satisfied it won't cost you one cent. Write me promptly.

STEAMSHIP DECISION

San Francisco, Feb. 21.—Authorities on admiralty law today considered a decision handed down by Federal Judge Dooling holding steamship companies liable for damages if their vessels are wrecked while hugging the coastline, as revolutionary in the practice of admiralty laws. Judge Dooling held that the practice of steamship companies to order their vessels to run close to shore in order to shorten running time and to save expenses, laid them liable to damages in case of disaster.

The decision was in the petition of the Pacific Coast Steamship company to be absolved from liability for the wreck of the steamer Santa Rosa in southern California waters in 1911.

RUSSIAN ARMY

(Continued from page one)

Want Written Agreement.

Amsterdam, Feb. 21.—Germany will recognize Russia's alleged "willingness to sign the German peace terms, only when a written agreement, with the signatures of Premier Lenine and Foreign Minister Trotsky attached, is delivered into their hands," according to both German military and civil officials.

General Hoffman's assertion that the agreement must be delivered in Dvinsk at once was backed by Foreign Minister Kuehlmann in the reichstag yesterday, According to dispatches received here today, Kuehlmann warned the reichstag that peace with Russia would be considered only after the actual signatures were on paper.

Press Steadily Forward.

Berlin, via London, Feb. 21.—"Pressing eastward from Dvinsk, Pinsk and Rovno (a front of more than 400 miles) we have cleared the country of the enemy and taken prisoners a general, several divisional commanders, 425 officers and 8,700 men," the German war office declared today.

"We have occupied Leal after crossing the frozen Sand river," the report said. "We have marched through Wenden and are now before Wolmar."

"In aldition to prisoners, we took 1353 guns, 120 machine guns, over 4000 automobiles, food laden trains and incalculable other material."

"A strong French attack penetrated isolated points around Moncel, Rechicourt and Mouancourt last evening," the statement said. "The enemy was later driven out by counter attacks."

Wenden is fifty miles northeast of Riga and Wolmar or Volmar, is fifteen miles further toward Petrograd. Both cities are on the direct railroad line from Riga to the capital.

Success Is Grotesque.

Zurich, Feb. 21.—Commenting on the German movement against Russia, copies of the Mannheim Volks Timme, received here, say:

"Germany's successes in the east against a non-existent enemy's demobilized army are grotesque and unworthy of heroic troops."

Liberty For Poles.

The Hague, Feb. 21.—Dispatches from German sources received here today declared Germany will make no peace with Russia until the latter guarantees the independence of the Russian Poles.

The dispatch said Germany desires guarantees of Russian debts to the central powers and that the citizens of Germany are willing to represent neutral countries in regard to their claims of debt.

Russians Retreating.

Petrograd, Feb. 20.—(Delayed).—German forces are attempting to cut the Libau-Romen railway. The Russians are retreating without resistance, abandoning material and ammunition.

Turkish troops have appeared near Trapesund.

The reference of "Trapesund" probably means Trebizond, an important Black Seat port, captured some time ago by the Russians. It is in Asiatic Turkey.

Scatter Proclamations.

London, Feb. 21.—German detachments, twenty miles east of Vitebsk, distributed proclamations declaring resistance to Germany was futile and that German forces are preparing to occupy Petrograd, according to an agency dispatch from the Russian capital today.

The cost of Hood River's bridge over Hood River, which will be completed next fall, is estimated at $40,000. Of this amount Hood River county will appropriate $8000.

Sudden Attack Brought Threat of Operation

T. L. SHERMAN

Sent for a Bottle of Fruitola and Was Quickly Relieved of Gall Stones

After treating with several doctors for stomach trouble and getting no relief, Mr. T. L. Sherman, 17 Crocker Ave., Johnson City, N. Y., says he was taken very suddenly one night with severe pains, and on calling the doctor was told he had gall stones and that an operation was necessary to remove them. Mr. Sherman writes: "I had heard of Fruitola, so sent for a bottle and took it as directed. I was quickly relieved of a quantity of gall stones, and continued the treatment. Now I am quite well, and have regained over forty pounds lost weight."

Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus laboratories in Monticello, Ills., and can be purchased at Fry's Drug Store, 280 North Commercial St.; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant, and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic alterative that is most effective to rebuild and restore the weakened, run down system.

A booklet of special interest to those who suffer with stomach trouble can be obtained by writing the Pinus Laboratories, Monticello, Illinois.

RAILROAD BILL

(Continued from page one)

the measure and begin considering it under a five minute rule. Prospects for its passage this week are bright. The conference between the two houses should take but a few days and indications today were that President Wilson will get the measure for signature late next week.

Other Measures

Meantime preparations went on apace to speed up other war measures. Secretary of the Treasury McAdoo is re-writing several provisions of the war finance corporation bill, covering exceptional cases, and will return the measure to the finance committee today.

Senator Overman's sub-committee took up the empowering bill this morning, hoping to agree on it.

Financn Bill Reported

The senate finance committee today reported the $500,000,000 finance corporation bill. The bill has been materially amended and some portions of it entirely re-written.

Its chief provisions, however, remain practically the same as in the bill originally presented. It provides for formation of the government finance corporation with a capital of $500,000,000, all of which is to be subscribed by the government. This money is to be used in making loans to persons and concerns engaged on war contracts. The corporation also is given supervision of the flotation of all securities in excess of $100,000. No concern can issue such securities without governmental approval.

Hides and Leather Held In Great Quantities

Washington, Feb. 21.—Great quantities of hides and leather are being held in storage by the meat packers' trust for fabulously high prices, Representative Borland of Missouri charged.

"It looks very much as if the packers had Uncle Sam by the throat in the hide and leather market," said Borland, who will place his information before the federal trade committee in its investigation of the meat inquiry

"Because they control both packing plants and tanneries," said Borland, "the packers have forced down the price of cattle and hides, but with the government in the market for large quantities of leather the leather price has steadily gone up."

Germans Fought Tanks With Desperate Courage

New York, Feb. 21.—How desperately Germans fought the British tanks with bare hands was told today by Captain George Alan Green, of the tankcorps of the British expeditionary force at his home in this city.

"During one of our attacks," he said, "they actually tried to climb onto the tracks that run around the great machines and even grasped the barrels of the machine guns."

In Keeping With the Big Thought of the Day

The daily press reflects a sentiment throughout the nation which clearly indicates a new condition.

Men are wanted everywhere. The work of this war is being carried on largely by those who never before have been in public office or in public work. Men who have been too busy, too engrossed with their own tasks, are leaving their work to others and giving their time and ability to the cause which is ours, yours, everybody's.

It is a time when politics in the ordinary sense must not be considered. It calls for all the ability that can be mustered.

Oregon to be a successful part in this unit plan for the defense of Democracy, must likewise place the thought of the times before everything.

In another part of this paper appears the announcement of L. J. Simpson as a candidate for the nomination for Governor on the Republican ticket. Mr. Simpson was urged to become a candidate by his many friends in every part of the state, because of his business record, his understanding and knowledge of Oregon's resources, industries and needs; because of his public-spiritedness, which of recent years has led him to tasks which have been more important to him than his own affairs.

L. J. Simpson is clearly the man who can give Oregon the administration necessary to this plan of National Efficiency.

His campaign will be directed straight to you as voters, as individuals who do your own thinking.

We are firmly convinced that you will not allow Politics to influence your decision and that you will vote for the man who is best fit to help the people of Oregon, develop the state's vast resources, and to prepare for, and participate in, the great reconstruction that is to follow.

We believe you will weigh issues more closely than ever before, and that L. J. Simpson will be your choice.

What You Can Do

First---Talk over his candidacy with your friends.

Second---If you believe that L. J. Simpson is worthy of your support write a letter to this committee.

Suggest how his cause may be advanced. We, in turn, will tell you how you can help.
