The seventy eighth birthday anniversary of A. N. Gilbert was most happily celebrated last evening, when Mrs. Gilbert entertained at a charmingly-appointed dinner in honor of the event, at the Gilbert home on North Liberty street.

A handsome color scheme of yellow was tastefully developed in the table decorations, the centerpiece consisting of a large cluster of daffodils. The guests bidden for the occasion included: Mr. and Mrs. Isaac Lee Patterson, Mr. and Mrs. T. A. Livesley, Mr. W. H. Dolman of Portland, Mrs. William P. The golden wedding anniversary of Mr. and Mrs. Gideon Stolz is being delightfully developed today at the home of their daughter, Mrs. Lenta Westcott, on Court street. A large assemblage of friends called this afternoon to extend their congratulations and many more will have the opportunity of greeting Mr. and Mrs. Stolz this evening at the reception to be given in their honor by Mrs. Westcott. The Stolz family has resided in Salem for many years and enjoys a host of friends and acquaintances, to whom over two hundred invitations for the occasion have been sent, including out of town guests.

Miss Irene Howard has returned to Butte, Montana, after a three month visit in Salem, with her mother, Mrs. Blanche Howard. Miss Howard is an X-ray operator at the Murray hospital in Butte.

As a result of the meeting of the Salem Parent-Teacher's association, held Saturday afternoon at the high school, for the purpose of organizing classes in the remodeling of garments, a class of that nature will be started tonight at the Grant school. At this season of the year when the spring

wardrobe is in such urgent need of replenishment, and with countless relief activities making a more than justified call on the pocketbook, it is a decided stride in the direction of conservatism to re-make instead of re-furnish the summer attire of the family. For those who have had no training or experience in the making over of clothes, the meeting this evening will present a welcome opportunity for receiving instruction along these lines. It will begin at seven thirty.

Try Making Your Own Cough Remedy

You can save about \$2. and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2 1/2 ounces of Pinex (40 cents) and pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50.

Tastes pleasant and never spoils. This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better. Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment, be sure to ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Prices Slightly Higher On Both Oats and Corn

Chicago, Mar. 19.—Covering by shorts today sent grain futures higher in trading on the exchange here. March oats opened 1/4 higher at 88 and later gained 2. May oats opened at 84 1/2, gained 1-8, but later gained 1-8.

March corn opened late and 1-8 higher at \$1.27 1/2, and remained at that figure. May corn opened unchanged at \$1.25, but later gained 1/2.

Provisions were higher. William Howard Taft, we read, is now sitting on the industrial relations board, so we would judge that the board is quite solid.

Strength and How To Gain It

Instead of Exercise, Patent Foods and Medicines, Take Phosphate with Your Meals

The demand today is for men and women who are strong in every sense of the word—possessing the physical strength necessary to endure hardships and fatigue; the mental strength to grapple with difficult problems; the nervous force which endows the body with vigor and vitality; the will power to triumph over adversity and turn defeat into victory.

But such glorious strength is impossible so long as your nerves are weak and exhausted, and therefore if you would be really strong you must first care for your nerves. Weak, exhausted nerves need food, and for this purpose physicians strongly recommend the use of the organic phosphate known among druggists as bitro-phosphate and put up in 5-gr. compressed tasteless tablets.

If you feel your strength is falling from any cause, get a supply of these bitro-phosphate tablets and take one with every meal. Practically all of the minor ailments afflicting mankind, as well as many of the more serious maladies, can be traced to nervous exhaustion and lowered vitality, and probably this explains why such a remarkable improvement in the general health is invariably noticeable when bitro-phosphate is taken as directed, as the nerves are thereby revitalized and made strong.

At Commercial Club Tomorrow Night

A report will be made at the meeting of the Commercial club tomorrow night on the "community war chest" proposition. Two reports will be submitted, one by the Commercial club officials, and one by R. A. Harris. The report from the Commercial club makes no recommendation, but that from Mr. Harris will recommend that the war chest plan be adopted.

The war chest idea is to centralize the war activities and campaigns for funds under one head, and to make a drive for money for all the organizations at one time. This, it is stated, will eliminate much duplication of effort, and have the effect of putting the war activity of the city on a firm basis. The plan has been tried out with success in other cities.

An address will be made at the meeting, which is a general membership session, by Arthur Foster, on the working

The announcement was made yesterday that U. L. Upson, federal extension poultry husbandman for Oregon, to 253 Mr. Upson, who has recently been appointed, is a successful poultryman from southern Oregon, and is thoroughly experienced.

Are You Still Young at Heart?

Then Why Look Older Than You Feel?

Every woman is as young as she looks, so why let sentiment or prejudice prevent your keeping youthful as long as you wish? Not long ago many women would not use face powders or cosmetics. Today, most women know their need and use them. This is equally true of the hair restorer. Thousands of women keep their hair dark and youthful with

mer vote. Although the weather throughout the state was mild and the sun shone clearly, roads are in such condition that it is expected the rural vote will be light. It is probable the cities will decide the nominations. Milwaukee labor voted early. Polls were crowded at 6 a. m.

A record vote is expected at the primary despite the fact a special election seldom draws heavily in the primary in this state. Many cities are staging municipal elections and wet and dry fights. In these cities the vote will be heavy.

Victor L. Berger is the socialist nominee unopposed. He will make a strenuous battle for election, April 2.

Polls in most of the larger cities will be open until 8 o'clock tonight. However, many communities will have completed balloting at 5:30 p. m.

A soldier vote from training camps—probably 10,000 strong—may decide the election in case of a close vote.
