CHEAP LAND, Big crops, high prices have put the farmers of western Canada on a prosperity footing that was undreamed of before the world war. More western Canada farmers have big bank balances than ever before; more western Canada farmers are spending this winter in California and Florida than ever before; more automobiles were bought last year by Canadian farmers than ever before. Western Canada has struck its stride and the man who gets in there now is going to make money for years to come. Along the lines of the Canadian Northern Railway is some of the best land in the country—price \$15 to \$25 per acre (easy terms) and 128,000—180 acre free farms. Let us tell you all about western Canada and why more land was sold to American farmers in 1917 than in any one previous year. Send for free illustrated books and folders. Call on or address A. Brosted, D. F. & P. A., Dept. 10, agent, Canadian Northern Railway, 605 Hastings St., Vancouver, B. C. 4-1

“MEN ONLY WANTED”
West Linn Mills opposite Oregon City, 18 years and over, if able bodied. The strike won't bother you any more than it is bothering us. Bring railroad receipt from Salem, and we will pay back if you work one week. Lowest wage \$3.36, 8 hour shift work, 9 hours day work alone. Come anyway and try it once, seeing how foolish the strikers were to leave. 4-5

NOTICE
Sealed proposals will be received at the office of Lewis Irvine Thompson, addressed to Mr. A. H. Lea, Secretary of the State Fair Board, Salem, Oregon, up to one o'clock p. m. April 5, 1918, for the erection of the second story of the stadium building to be built on the state fair grounds, according to the plans and specifications which may be obtained at the office of Lewis Irvine Thompson, Atelier Building, 91 North Tenth street, Portland, Oregon. A deposit of \$25.00 will be required upon delivery of the plans and specifications.
Board of State Fair Directors.
By Mr. A. H. Lea, Secretary-Manager. 3-30

NOTICE TO THE PUBLIC
Owing to conditions over which we have no control we are forced to adopt a new policy as far as credit accounts are concerned, and after April 1st we will be able to carry only such accounts as are paid promptly every thirty days. Anyone in arrears for more than thirty days will have to arrange to take care of past due accounts before further credit will be extended. We will endeavor to bring every one up to the thirty day standard, under which system we can give you better service as we will also be able to meet our bills when they become due. This we cannot do when we carry so many long time accounts on our books. If your account is delinquent or over the thirty day limit please take care of it at once and take advantage of the thirty day credit system which we are sure will be better for both of us, as we are anxious to give you the best service and prices possible.
Very truly,
VICK BROTHERS.

SOCIETY
(Continued from page 2.)
Spring flowers decorated the table, the center piece being a huge bowl of jonquils and violets. Each place was marked with a hand-tinted card of violets and a corsage of violets for each guest made up the dainty favors. Mrs. Robert's guests were Miss Margaret Cooper, Miss Bertha Byrd, Miss Laura Bell, Miss Bellie Smith, Miss Greta Phillips, Miss Katherine Brown, Miss Laura Reed and Mrs. West Campbell. 4-1

Dr. R. E. Lee Steiner Will Command Forces in Liberty Loan Drive

A military organization has been chosen by the county committee for the coming Third Liberty loan drive, which starts April 6th, and Dr. R. E. Lee Steiner, superintendent of the State Hospital for the insane has been selected as the "general" in charge. Dr. Steiner is in charge of the solicitors over the entire county and has every intention of not permitting the county to fall behind again and will see that the workers, under his leadership, go over the top. The workers will be under lieutenant colonels in each section, and under these will be captains and lieutenants. These will select their assistants, and it is probable that the entire organization will be affected within a few days. The committee has been meeting every evening for the past three days, and much work remains to do. The selection of Dr. Steiner as leader has solved one of the hardest problems confronting the local organization. In addition to the soliciting department, there are three other sections of the public speaking committee in charge of Charles Galloway, the carding committee, which will have charge of the household questionnaires, and is under R. E. Brownson, and the public utility committee, a leader of which has not been selected. The publicity work will be divided into newspaper advertising, distribution of the material furnished by the state office and a special features branch. It is probable that each will have a separate head for the work.

establishments which employ men at night on a time-basis have arranged to set their clocks ahead, and pay the men for the short day as though they had worked a full shift.

TWO MORE LAUNCHED
New York, March 30.—Two new ships, the steel ship Montclair, 7500 tons, and a regulation mine sweeper, were launched by the Standard Ship-

building Corporation at Shooter's Island and equipped with 2,500 horsepower today. The Montclair is 392 feet long. Instead of masts the vessel carried eight cargo derricks.

We Certainly Ought to Know

When there is any question of value in automobile tires we certainly ought to have the answer. For we have seen the inside of practically every tire made. We know how much value every manufacturer intends to put into the tires he sells.

We know which tires give good health as possible. And the net result of all this information of ours is our determination to sell Good-year Tires to our customers. We know tires as your family doctor knows you—because it is our business, as vulcanizers, to keep tires in as

good health as possible. We believe it will be to your advantage to buy your tires from people who know tires, from the inside out.
