Use of Home Products Will Help Industries

There is an increasing indication that government control of railroads will take serious consideration of the duplication of effort in marketing supplies throughout the country.

The saving of car and motive power equipment is a problem to be solved, and regulation that will help to get results is sure to come.

Oregon is a big grain state—why ship breakers' cereals from various eastern points when goods of equal merit and at prices as low or lower are produced here?

Why ship macaroni and similar paste from distant states—and Oregon raising wheat, producing flour and maintaining factories with equal offers of finished products?

Why ship cheese into a dairy state? With Oregon's big supply of standing timber and maintaining factories, it seems that our people ought to demand local goods which we know are produced in quantity and quality with eastern furniture? Lumber can scarcely be regarded as a finished product any more than sheet steel, from which ships are fashioned, is a finished article.

We will eventually become a great community if our people will support our factories and assist them by demanding Oregon made goods.

The benefits of payrolls are so well known, and the growth of factories so closely allied with our future prosperity, that it would seem the people would realize the importance of giving their support.

It is a matter of individual action and every person in Oregon can do a part. Co-operation will produce an immediate effect upon our industries. Begin NOW—your demand for Oregon products.

Illinois Lynching Stirs Up Senators

Washington, April 5.—Lynching of Robert Praeger, pro-German orator, at Collinsville, Ill., emphasizes the need of laws which will permit the government to punish disloyalty, Justice department officials are declared today.

Such legislation as is now meeting with violent opposition in congress—the bill punishing those who make anti-government speeches or speak or act to interfere with war work or embarrass the government—is vital, they say, if the righteous indignation of loyal citizens is to be vented in other than lawless measures.

The senate today was swamped with petitions from many states to enact legislation which would punish with a twenty year jail sentence and a \$10,000 fine anti-war acts or utterances. There followed spirited debate during which Senator Borah, Idaho, denounced Victor Berger, socialist candidate for senator from Wisconsin.

"I can't conceive of a more despicable, traitorous man under the American flag," said Borah, referring to Berger's platform proposing an immediate peace with Germany.

Borah proposed exactly what Lenin and Trotsky did to Russia—a surrender to Germany—that's treason," shouted Borah, to applause from the galleries.

Japanese Land Force at Vladivostok, Siberia

Washington, April 5.—A small armed force of Japanese has been landed from Japanese cruisers in the harbor of Vladivostok, Siberia.

The landing, according to advice to the state department from the American consul at Vladivostok, was to protect life and property after five armed Russians had invaded a Japanese office in the city.

The Russians killed one Japanese and seriously wounded two others in the office after being refused money which they had demanded.

Japan Turns Freighters Over to United States

Seattle, Wash., April 5.—Nine Nippon Yusen Knisha freighters aggregating 60,000 tons will fly the American flag shortly as a result of the agreement between the United States and Japan to trade shipbuilding steel for tonnage. The list of the N. Y. K. ships was received in a cable from Japan by the local representatives of the company. A total of 150,000 deadweight tons will eventually be transferred to the United States by Japan.

The nine N. Y. K. vessels transferred and their tonnage are:

Tosa Maru, 5,620; Penang Maru, 5,213; Yefeforo Maru, 4,087; Kirin Maru, 4,733; Jinsen Maru, 3,737; Ben-tou Maru, 3,647, and the Totomi Maru, 3,265 tons.

War Profiteer Not Peculiar to This Nation

Washington, April 5.—The war profiteer is a cosmopolitan, peculiar to no one nation, developments here showed today. Disclosure has just been made in Berlin, cables reported, that the Daimler motor works has been making 173 per cent profit, reporting only 11 per cent to government examiners.

Simultaneously the war department here today disclosed a profiteering scheme by which the government was to pay \$99,000 rental for a hotel at Cape May, N. J., whereas the total value of the structure was far less than this, according to sworn statement of its owners.

Consequently the department today cancelled its contract for the building which was to have been used as a reconstruction hospital "for the duration of the war and one year afterwards."

Fred Cammack Dies

Fred M. Cammack died at his home, 1034 East 20th St., North, Portland, Saturday, March 30, aged 41 years. He was born in Iowa, January 6, 1877.

When about five years of age he came to Woodburn and lived here until he went to the Philippines. After his return he made his home in Portland. He married Lena Wilson in 1904, who survives him. Deceased was the son of F. M. Cammack of Bonan, Mont., and Mrs. Clara M. Cammack of Portland, brother of Roy, Archie C., Walter C., and Miss Florence Cammack. Mrs. Gerald Reed and Mrs. Thomas Hall, all of Portland; Charles C. Cammack of Woodburn and Mrs. Sadie Wismer of Tacoma, Wash.

Deceased was a Spanish-American war veteran, having been a sergeant in Oregon Volunteers. The funeral was held Tuesday under the auspices of the Spanish-American War Veterans, services being in the Dunning chapel, East Portland.

Those who attended the funeral from here were Mr. and Mrs. C. C. Cammack, and children, and Mr. and Mrs. R. M. Hicks. Mr. Hicks was an uncle of deceased.—Woodburn Independent.

Million Dollars For Third Liberty Loan

San Francisco, April 5.—A million dollar subscription to the third liberty loan was announced today by the Union Oil company of California.

With this money bonds will be bought in various cities throughout the twelfth federal reserve district. The following allotments for purchase of bonds was announced:

Los Angeles, \$120,000; Washington, \$50,000; San Francisco, \$40,000; Oregon, \$20,000; Sacramento, \$28,000; Fresno, \$28,000; San Jose, \$24,000; San Diego, \$10,000; Stockton, \$16,000; Oakland, \$12,000; Phoenix, \$16,000; El Centro, \$8,000.

The remaining \$600,000 set aside for the purchase of liberty bonds will remain "buried" for the present and later will be allotted on a different basis.

NO CASUALTY LIST

Washington, April 5.—American casualty lists were still withheld at the war department, but a relief as to their availability was expected from Secretary Baker soon.

The suppressed lists of the last two days have not run above the recent average daily casualty, it was learned today, and the first big list, marking a major engagement, has not been received to date.

ROTHENBURG INDICTED

New York, April 5.—Morris Rothenburg was indicted today for the murder of Harry Cohen, a gambler, who was shot and killed last Monday.

America Plays Large Part In World War

London, April 5.—"The entry of the United States into the world war is the greatest event of the century, if not of a longer period," Lord Robert Cecil, minister of blockade declared in an interview today.

"Much has already been accomplished and far more is to be expected from America in the future when the full force of America's effort is felt in the actual struggle.

"The enemy will regret that he forced America into the war."

Lord Cecil characterized the Austrian report that Premier Lloyd George and President Wilson are willing to discuss peace and that Premier Clemenceau prevented them as "fantastic nonsense."
