SHOULD BE MADE TO EAT IT

San Francisco, April 10.—E. C. Lindberg, formerly of Oakland, now a Camp Fremont soldier, was under federal indictment today, accused of sending poisoned candy to himself through the mail. His indictment followed the dismissal of Mrs. Alice B. Malton whom Lindberg had accused of sending the candy.

A CHILD DOESN'T LAUNCH AND PLAY IF CONSTIPATED

If Peevish, Feverish and Sick Give "California Syrup of Figs"

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign it's little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the food waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A fit the given today saves a sick child to-morrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

Salem Nurse Goes East for Special Training

Miss Rose Clair Williams, a graduate of the Salem Hospital, is now on her way to Ft. Lee, Virginia, as a member of base hospital unit No. 46 of Portland. With 36 other nurses, she left Portland Sunday evening for the east for special training before leaving for France to take up her work back of the trenches. Miss Williams was graduated from the Salem hospital three years ago and since then has been practicing her profession in Salem and vicinity. She enlisted in the hospital unit early in the year. Miss Marian Campbell of McMinnville, as a member of the hospital unit also left Sunday for Ft. Lee, Virginia, for the preliminary training.

European Apple Canker Makes Its Appearance in Marion Orchards

The European apple canker, many specimens of which have been found on apple trees in this section of the country, is attracting the serious attention of fruit men. This is a new and dangerous disease never found before in this country.

It attacks the trees in spots and then spreads, causing a roughening of the bark. So far the only means of treatment is just to cut off the part of the limb attacked by the canker.

S. H. Van Trump, county fruit inspector, brought into the office of Judge Bushy this morning a portion of a limb showing the effect of the canker. He will send it to the Oregon Agricultural college to be forwarded to the agricultural department at Washington for examination and suggestions as to proper treatment.

In Europe, this canker is the most destructive and dangerous of all fruit diseases. In America the disease is on the increase in some localities. The first indication of the disease is a slight brownening of the bark in a more or less circular area. Then the area attacked becomes darker and the area of the canker sinks, leaving the edges prominently raised. The affected spots dry, slough off and expose the wood.

Market Was Dull But Shipping Shares Strong

New York, April 10.—The New York Evening Sun financial review today said:

There was the same dull dullness which has become chronic of late in today's stock market, and the same narrow changes which embarrassed the absence of trend or initiative.

The strongest features of the trading were the shipping shares. Marine issues advanced and Atlantic Gulf and

Wounded Sergeant Major Who Worked on Under Fire GETS DISTINGUISHED CONDUCT MEDAL FOR BRAVERY

SERGEANT MAJOR W. A. JAMES

Sergeant Major W. A. James, D. C. Buena Vista Left Without a Ferryman

When the ferryman goes to war and the wife is unable to handle the ferry after making the attempt, something must be done at once. This is the situation at Buena Vista and to discuss the matter with the people of that community, Commissioners J. T. Hunt and W. H. Goulet went to Buena Vista this morning and will meet with the commissioners of Polk county to discuss the advisability of buying the ferry and operating it free.

The people of that growing community want a free ferry and to discuss the situation, are holding a big picnic or free ferry rally today. The ferry has been offered the two counties for \$300 and it is thought a man living near can be secured to operate it for about \$50 a month, the expense to be equally divided between the two counties.

The people of this community have been doing a lot of road work and developing the country in general and as many of the farmers own land on both sides of the river, there is a strong demand for the free ferry.

Neuralgic Pains Give Way to Soothing Hamlin's Wizard Oil

Hamlin's Wizard Oil is a safe and effective treatment for headache and neuralgia. Rubbed in where the pain is, it acts as a tonic to the tortured nerves and almost invariably brings quick relief.

Its healing, antiseptic qualities can always be relied upon to prevent infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and canker sores.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Montana Bakery Closed for a Month

Butte, Mont., April 10.—The Montana Bakery company, one of the largest concerns of its kind in the city, was today forced to discontinue business for one month.

This compulsion, enforced by the food administration, followed the discovery that the company was not adhering to war time regulations. An excess of materials was found on hand.

Warning was given to other bakeries. If the offense is repeated by the Montana Bakery company, it will be suspended for the period of the war.

Alien Is Delinquent and Goes to Camp Lewis

Giuseppe Paechini, an Italian who had been reported delinquent to the adjutant general was today forwarded to Camp Lewis by Sheriff W. I. Needham, of the local board, division No. 1.

The Italian, who is unable to speak English, had registered at Mill City but had been working at various lumber camps and had failed to receive his notice to report or to return his questionnaire. He had made an effort to comply with the law as an alien, but not having received his mail and not reporting, his name was handed to the adjutant general as a delinquent.

Sheriff Needham says that if a man, whether an alien or not, does not return his questionnaire, he is reported by the local board as delinquent. The adjutant general then sends the delinquent a card ordering him to report within 10 to 20 days. If the report is not received, an order is issued inducting the man into the service. When he is located he is arrested, inducted into the service and sent to Camp Lewis.

Strike of Longshoremen Will Be Adjusted

Seattle, Wash., April 10.—The strike called for Thursday by longshoremen has been averted.

Following a two-hour talk by Edgar C. Snyder, representing the national adjustment commission of the United States shipping board at the longshoremen's hall, nearly 1,000 members of the dock truckers, and warehousemen's union voted to remain at work and settle their differences through mediation.

The decision was made on the patriotic appeal of Snyder, who held conferences all day Tuesday with the waterfront employers association, railway managers and union representatives.

MEATS MAKE RECORDS

Portland, Or., April 9.—All fresh meats established new high records on the local wholesale market today. Renewed demand for packing house products due to reversion of the meat less day order is given as the cause.

Best steer beef sold 17 1/2 cents per pound. Pork was up 1/2 cent for all cuts. Cockeyed lambs were 27 cents and scarce.

A GOOD TRADE

Madison, Wis., April 10.—A picture of Senator Robert M. LaFollette in the University of Wisconsin's "hall of fame," has been removed from its frame and in its place a third liberty loan poster appeared today.
