

OH! THAT AWFUL BACKACHE

IT'S YOUR KIDNEY

An unhealthy body, and the unhappiness and misery which follow, may be prevented by ordinary judgment and care. Keep your stomach and kidneys in shape and you will have good health. The kidney's work is to throw off the poisonous matters which enter the body. If they perform this work regularly and automatically the other organs will take care of themselves.

When urinating, bloody, cloudy and stringy urine, too frequent or suppressed passages. All these are nature's signals to warn you of diseased kidneys or bladder, which may lead to fatal Bright's disease.

HINDENBURG FAILS

With the American Armies in France, April 14.—American troops on the right bank of the Meuse (between St. Mihiel and Verdun) were attacked by picked detachments from four companies of Germans, following a violent bombardment with high explosive and gas shells which lasted from midnight until early this morning.

The enemy swarmed into the trenches close behind their barrage, just as the Americans burst from the shelters, wielding bayonets and hurling grenades. The Germans were completely repulsed, leaving 15 dead and ten wounded on the American wires. Thirty more dead Germans were counted in No Man's Land.

The British were the first to admit the seriousness of the German assault, but scattered over the hundred miles of the Lys battlefield, the German dead reveal the price.

A party of 25 Americans, surrounded by a superior enemy force outside the trenches, fought their way through the Germans and returned to the American line with prisoners.

These Tell The Cost. Dead men and horses and smashed transport litter the approaches to Bettune, St. Venant, Merville, Baillieux and Neuve-Eglise, as proof of the prowess of the British artillery, machine guns and low-flying airplanes smashing into and bridges as fast as the German engineers could rebuild them.

An unknown number of enemy dead and wounded were dragged back to the German trenches.

The enemy troops are subsisting on "iron rations" (in the American army this consists of bacon,hardtack and coffee), kitchen carts having been unable to follow them for two days.

The regular local meeting will take place as usual this week on Wednesday at Moore hall. Next week the knitting class organized in connection with the Maccabee association, will hold its regular meeting followed by a supper at the hall.

Each Make Slight Gains. London, April 14.—The Germans have again retaken Neuve-Eglise.

The district convention of the Women's Benefit association of Maccabees, which was to have been held Wednesday at Corvallis has been indefinitely postponed owing to the illness of the deputy state commander, Mrs. Margaret Horton of Portland.

Don't wait until the danger is upon you. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil, the kind your great grandfather used.

There was severe fighting all day yesterday before Neuve-Eglise, said Field Marshal Haig reported today.

Dead men and horses and smashed transport litter the approaches to Bettune, St. Venant, Merville, Baillieux and Neuve-Eglise, as proof of the prowess of the British artillery, machine guns and low-flying airplanes smashing into and bridges as fast as the German engineers could rebuild them.

After beating off numerous attacks we were compelled in the end to withdraw for a second time from the village.

The battle has thus been reduced to a patchy struggle. The sky is overcast and there is a high, biting wind.

Kimball, at their residence in Polk county, Mr. and Mrs. Kugle were en route to Portland, where they plan to locate permanently. Mr. Kugle is a prominent fruit grower at Dallas. Both Mr. and Mrs. Kugle are well known in this vicinity, where they are frequent visitors.

Mr. and Mrs. Harry Hawkins went to Portland today for a short stay. Visiting at the Hawkins residence, has been Mrs. Robert McMurray, a sister of Mrs. Hawkins who returned to her home at Albany yesterday.

Miss Wanda Steinmetz spent the week end at Newberg, where she was a bridesmaid at the wedding of Miss Zella Dimmock of Newberg to Fred Williams of the 44th U. S. infantry, now stationed at Camp Lewis. Mr. Williams is a former Salem man. The wedding was an event of yesterday afternoon.

Mrs. W. T. Slater of Portland, who has been the house guest of Mrs. N. J. Haas at her residence on North Church street the past week, returned home last night.

The district convention of the Women's Benefit association of Maccabees, which was to have been held Wednesday at Corvallis has been indefinitely postponed owing to the illness of the deputy state commander, Mrs. Margaret Horton of Portland.

The regular local meeting will take place as usual this week on Wednesday at Moore hall. Next week the knitting class organized in connection with the Maccabee association, will hold its regular meeting followed by a supper at the hall.

Mr. and Mrs. Clarence Holloway and small son, Richard, of San Francisco, who have spent the past week visiting relatives in Salem and the vicinity, will go to Portland tomorrow for a short stay, before leaving for southern Oregon. Mr. and Mrs. Holloway formerly resided in Portland, previous to their departure for San Francisco where they have made their home the past year. While in Salem, they were the guests of Mrs. Holloway's aunt, Mrs. Clarence Van Patton.

Miss Bernice Craig spent the week end at Buxton, where she was a guest at the Gamma Phi Beta sorority house.

Mrs. L. D. Pettijohn of Astoria is the guest this week of her father, C. H. Cannon, and her sister, Mrs. Winifred Cannon, at their home on the river.

On the northern bank of the Lys canal, hostile infantry attempted to advance but was caught under our artillery fire and was unable to develop this attack.

Successful minor operations east of Rebecq last night resulted in the capture of 100 enemy prisoners and several machine guns.

South of the Somme, in the neighborhood of Hangard-en-Santerre, in fighting early this morning, we improved our positions and took a number of prisoners.

There was hostile artillery fire last night in the vicinity of Buchquoy, (between Arras and Albert).

Continue Their Attack. With the American Armies in France, April 14.—(Night)—The Germans are continuing their attacks on the American outposts in the sector northwest of Toul.

These attacks are a sequel to the violent assaults on this sector Friday and Saturday, in which the enemy attempted to capture permanently the American advanced positions.

Nineteen more Germans have been captured in raids by French and American troops.

The Americans are entirely repulsing the Germans in their heavy assaults on this difficult position.

Airman Got Two. With the American Armies in France, April 14.—Six minutes after the front line of German airplanes crossing the American trenches this morning Lieutenant A. S. Winslow of Chicago and Lieutenant Douglas Campbell of California had brought down two enemy aviators.

One of the German machines was set afire, while the other was practically undamaged. Both pilots were made prisoners.

Campbell is believed to be the first American aviator trained entirely by Americans to bag an enemy plane. Both he and Winslow have received the croix de guerre.

FOILED GERMAN PLANS. By William Philip Stimm (United Press staff correspondent)

With the British Armies in France, April 15.—On the Lys battle front local fighting continued today for tactically important positions.

The tenacity of the British in the half burned city of Baillieux foiled Hindenburg's plans. Von Eberhardt attacked Neuve Eglise more than ten times, hoping to break through to northward of Baillieux. He took the city but could not progress beyond.

South of the Nieppe forest, Von Carlowitz tried to shove considerable forces along the canal but was halted by machine guns and rifle fire. A captured order verified the old tactics of the German officers who rode their horses into battle. The German prisoners say the famous one armed general, Von Hoyer commanding an Ersatz division, walked with the first wave, using his cane for a sword. Prisoners say a hungry troop found and raised a nation train containing ham, white bread and ham. They thought it must have been intended for the British officers.

It is just as important that men should know proper methods in advance of motherhood. Suffering, pain and distress attendant to childbirth can be avoided by having at hand a bottle of the time-honored preparation, Mother's Friend. This is a powerful external application that relieves the tension upon the muscles and enables them to expand without painful strain upon the ligaments and nerves.

Thousands of women for over half a century who have used Mother's Friend tell how they entirely avoided nervous spells during pregnancy and preserved a bright, happy disposition that reflects wonderfully upon the character and disposition of the little one soon to open its eyes in bewilderment at the joy of his arrival.

By regular use of Mother's Friend during the period the muscles are made and kept pliable and elastic. They expand easier when labor arrives, and pain and danger at the crisis is naturally less.

You can obtain Mother's Friend at any drug store. It is for external use only, absolutely safe and wonderfully effective. SENATOR STONE DEAD HAD BEEN ACTIVE IN POLITICS ALL HIS LIFE

Objected to Declaration of War Against Germany, Had Been a Leader

Washington, April 15.—Both houses of congress today paid their respects to the memory of Senator William J. Stone, Missouri, who died late yesterday—the sixth member of the senate to die since the United States entered the war.

Senator Stone succumbed to a cerebral hemorrhage which occurred last week. His advanced age made it impossible for him to rally from the shock. He went into coma early yesterday and died shortly before 5 p. m.

Senator Stone's death removed one of the most picturesque and influential men in the senate. As chairman of the foreign relations committee he held great power. He also was a member of the important finance committee, and had much to do with shaping the war tax bill passed last October and the war finance corporation bill recently enacted.

Senator Stone was serving his third term in the senate and his sixth in congress. He was in the house three terms and came to the senate in 1903, succeeding George Graham Vest. He also was governor of Missouri and had served many years on the democratic national committee.

Stone long opposed the war between the United States and Germany and owing to his attitude the war resolution sought by President Wilson was engineered through the senate by Senator Hitchcock.

After that time, Stone was attacked bitterly on many sides and there was a strong urge that he be unseated as chairman of the foreign relations committee. The effort was unsuccessful. Thereafter, he never participated in the white house councils.

Funeral services—for which both house and senate adjourned—were held at Senator Stone's home here. The body will be sent to Missouri where it will lie in state in the Missouri state capitol at Jefferson City. Burial will be at Nevada, Mo. Committees from

DOCTOR COULD NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Saved Her from a Serious Operation.

Brooklyn, N. Y.—"I suffered something dreadful from a displacement and two very bad attacks of inflammation. My doctor said he could do nothing more for me and I would have to go to the hospital for an operation, but Lydia E. Pinkham's Vegetable Compound and Sanna's Ve Wash have entirely cured me of my troubles and I am now in good health. I am willing you should use my testimonial and hope to benefit other suffering women by so doing."—Mrs. F. PLATT, 9 Woodbine St., Brooklyn, N. Y.

Operations upon women in our hospitals are constantly on the increase, but before submitting to an operation for ailments peculiar to their sex every woman owes it to herself to give that famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. If complications exist write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice.
