LET'S DIG AND DIG AND WE'LL BE BIG.

When I go down the village most every other chap I meet is asking for donations. They're seeking funds for Red Cross work, for hospitals and motors; they're holding up, with constant jerk, all wives and kids and voters. I'm helping out from day to day, with no delays or pauses, tobacco funds, Y. M. C. A., and other worthy causes I'm told that war bonds I must buy, in twos and fours and dozens; enough to make a full supply for all my aunts and cousins. For war stamps too, those signs of thrift, I dig into my pocket.

Uncle Sam m lift in cleaning up his docket. I'm taxed for building wooden ships with good. old fas hioned rigging, and in my little daily cen stantly kept dig to pay

travel. I'm always chipping from my stacks; they keep me scratching gravel. But I've ne kick for those who come with all their pleas beguiting. It never makes me sad nor glum. They always find me smiling. I

know that I'm too old to fight; I can't be caught renigging. So I regard it just and right that 1 should keep on digging. And then besides, it's proved to me that every man is bigger if he will teach himself to be a willing war-time digger. It's not enough for us to sing about the joy of giving. We've got to dig for everything we need to keep on living. We've got to dig in our back yards, for carrots, beans and 'tatera; we've got to dig both long and hard, as garden cultivators. So take your trusty hoe and spade and start your spring-time sowing, Just dig and get a garden made and set the foodstuff growing. Write the National War Garden Commission, Washington, D. C., for its complete manual on home gardening. It's free for 2-cent stamp for postage:
