Arrangements have been made by R. B. Goodin, secretary of the Board of Control, for the sending of the two obnoxious girls who ran away from the Girls Industrial school last Sunday, to Kelly Butte in Multnomah county. This is the home provided by the state for the treatment of women suffering from contagious diseases. Later, they will be returned to the Girls' Industrial school here. It was these two girls who put up such a fight after they ran away Sunday, that the combined efforts of five policemen were required to hustle them into an auto and take them to the city jail.

The printers union has appointed a conscription board among themselves by which they empower the board to elect the services of printers in the city for work in the war garden of the printers, at Center and Statesman streets. Several of the boys taking an active part in the show are confidentially of the same opinion. Cooke Patton waves good-bye to his last spook.

The democrats have no candidates for representative from this county. Mr. Looney knows practically everyone in the county, and they know him. So he will most likely be near the head of the list at the primaries.

Objects to Promotion Without Cause For It

Washington, April 23.—General Pershing has called the war department protesting against the nomination of a number of brigadier generals whose names were sent to the senate last week.

Pershing declares his recommendations were disregarded in the war department and that some of the brigadier generals nominated against his wishes were not as capable men as could have been selected.

The Salem library is really in need of willing helpers this week, as there are 2,300 books to be cared for and properly labeled before shipment is made to Camp Lewis and Portland. The work is just that of putting on the book labels and affixing the book pocket and card and of stamping the book with the library stamp. The work is not tiresome, but as there are 2,300 to be handled, there is an urgent call for those who will help a day or two this week. Helpers are welcome both morning and afternoon.

Fire of undoubtedly incendiary origin destroyed about 50 cords of wood at the state Cottage Farm late Saturday evening. The wood was piled up at the Sheridan farm some distance from the farm, altogether about 500 cords. The fact that the fire started at about 33 different places is evidence to Dr. R. E. Lee Steiner that it was incendiary. The fire had gained considerable headway before being discovered and it required the efforts of about 40 men from the state hospital to get the fire under control.

The Chinook Salmon at Oregon City, which it was prophesied in Saturday's paper were to suffer so severely at the hands of Salem minnows Sunday, got off easily. When the Salem party arrived they found all the boats taken and were not able to get on the water till 9 or 10 o'clock when the best hours were over. The party was to consist of Max Gehlar, W. T. Brietzke, Jack Richards and Fred Leisy, who were to be the guests of Gehlar on the trip. During the last hours, however, severe illness developed with a near relative of Mr. Gehlar and he was forced to cancel his part in the trip, which was taken by W. P. Meeks with his trusty Ford. Mr. Brietzke and Mr. Meeks returned that evening minus salmon, but Messrs. Richard and Leisy stayed over to try their luck the next morning.

J. A. Mills received a letter Saturday from his son, Waldo O. Mills, who recently completed the ordnance course at Eugene and has been stationed at the government arsenal at Benning, Ga., stating that he had just received orders to leave immediately on a "long trip." He had been expecting to be transferred to American Lake and to be able to make a short visit with his wife and parents here before leaving for the east or south. His letter did not state to what point he had been transferred, but indicated that it was to an opposite direction from American Lake.

The Salem high school debating team composed of Phillips Elliot and Dewey Probst, continued in its streak of oratorical luck Saturday night when it defeated a team representing The Dalles high school by a decision of 2 to 1. The contest was held in the auditorium of the Washington high school at Portland, the question debated being: "Resolved, that at the end of the present war the United States should join a league of nations which shall possess the power to enforce the decisions by an international court." The Dalles high school was the winner over all central and eastern Oregon high schools, Salem being the winner of this section of the state. The local school will meet the Marshfield high
