Linsky Proved To Be the Alien Enemy

Sunday night John Simonic, aged 29 years, was arrested as an alien enemy on information given the officers by Joe Linsky, aged 60 years. Linsky and Simonic had been friends and Linsky had wanted the latter to pose as his son. Simonic refused and also refused to engage in other questionable practices which Linsky urged on him. Linsky then became angered and reported to the officers that Simonic was an alien enemy, leading to the latter's arrest. It developed, however, that Simonic was not an alien enemy but that Linsky was. Simonic was released yesterday and Linsky placed under arrest instead and the latter is now being held in the city jail awaiting word from the federal officials at Portland. Linsky was born in Russia but naturalized as a citizen of Germany. He claimed to have become naturalized in this country since the war started and also that he owned some liberty bonds, both of which claims were found untrue.

At the Garfield school the entire building was emptied in one minute and fifteen seconds. At the Washington school the boys who are assigned to the hose racks had the hose down and in place before the gong ceased ringing, while those assigned to the fire extinguishers also had them down and in place and the boys assigned to the exits of the building to observe order as those within marched out were all in their positions before the final gong sounded.

Returns are coming in from the Boys Scouts in the campaign of selling Third Liberty loan bonds, which began last Saturday, indicating that even after the big central committee had worked ten days, a few people were left who were quite willing to purchase bonds. Lloyd Arnold another scout reports good business.

Married Three Times and Divorced Once

For the third time, A. M. Groshong, 44 years old, and Mary Gaffey, 34 years of age were issued a marriage certificate. It seems that after their first marriage they were divorced. Then before the six months legal expiration after a divorce in this state, they decided the divorce was a mistake, and were married again. Then a short time ago they discovered that the second marriage was illegal and to make sure about it, the third marriage license was issued. The groom intimated that if necessary, he was willing to marry his wife the fourth time to make sure about it. They live near Mt. Angel.

Throw 'er into high, says Secretary Baker. All right. Let's go.
