Nature Cures, The Doctor Takes the Fee
 There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds, Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, allays the cough and aids nature in restoring the system to a healthy condition.

Cherrians to Put On Show at Vancouver Next Tuesday Evening

The Cherrian minstrel show players will give their entertainment next Tuesday evening at the Vancouver barracks, Vancouver, Washington, according to present plans.

A representative of the Y. M. C. A. of Vancouver was in the city today conferring with the players and it was thought best to give the show in Vancouver rather than in Portland.

By going direct to the soldiers it was figured that at least 3,000 would have an opportunity of hearing the Salem songsters, while in Portland the attendance from the barracks would hardly run up to 500.

According to present plans, the Cherrian troupe will leave Salem Tuesday afternoon at 2 o'clock via the automobile route and leave for home immediately after the show.

The show last night ran as smooth as a professional performance and every soloist was at his best. In fact, many are of the opinion that the performance was just a little better than the one given the first night. The house was packed to capacity and with the general encores, the Cherrians feel they have given the public a show right up to the Cherrian standard.

One of the unique features of the show last night was the fact that the gallery was filled with the most appreciative part of the audience as William Lerchen and Clyde B. Chaney invited 100 or more of the youngsters about town and gave them tickets good for the gallery.

Mrs. I. D. Bennett, living on route 9 north of town, received a letter today from her son, Harry O. Bennett, who is confined in the Brooklyn naval hospital as the result of a wound received on April 16 when he was accidentally shot in the leg while doing guard duty, stating how the accident occurred. He was shot by his own revolver, which fell from the holster and was discharged as it struck the floor. The bullet entered his leg just above the knee and ranged upward through the thigh, lodging in his back above the hip, near the skin. It was removed and he is keeping it for a keepsake. He stated that he was getting along nicely and expected to be sitting up this week.

State Treasurer Says \$500,000 Deficiency by Meeting of Legislature
 State Treasurer Kay estimates that before the meeting of the next legislature fully \$500,000 in deficiency certificates will be issued. These certificates will draw 6 per cent interest. Mr. Kay will ask that the depository banks throughout the state take up these certificates and not permit them all to be handled by the Portland banks. Of this deficiency, \$250,000 was necessary for the state constabulary. The State Hygiene society was voted \$10,000 and the state board of health \$10,000. It is thought the other state departments will be short of funds before the first of next year and that the emergency board will be called on to vote at least \$200,000.

 Miss Margaret Russell, 1135 North Fifteenth street, Salem, Or., explains wonderful cure.
 To those afflicted with Cancer: I deem it a great privilege to be able to testify to the absolute cure of cancer on the side of my nose from which I had suffered for three years.
 On July 14, 1916, I applied to Dr. S. C. Stone for treatment. He applied a paste for four days and then a simple ointment. In just eleven days after the first treatment the cancer fell out. The place soon healed and is now sound and well.
