The trend of the times gible proof---the large is to place commodities usable by all at the services of all---so what was once a luxury is now an everyday necessity.

Henry Ford made automobiling (once the exclusive diversion of the opulent and purseproud) the everyday experience of the middleclass and the average workman.

So I seek to put dentistry by specialists at the disposal of those who, while appreciating superior service yet demur at non-essentials to efficiency and quality.

That I have succeeded is demonstrated by tanest, most successful. completely equipped dental organization in the world.

Painless Parker Dentistry is good dentistry put within the reach of all, on a business basis of common-sense fees--and no charge accounts for the cash paying patient to shoulder.

A fight for dental freedom is your fight and my fight. It means more dentistry and better dentistry. Competition cannot hurt the man who knows his business. Only the incompetent and unskillful complain.
