BYRNES FAILS TO MAKE APPEARANCE

If Absent 48 Hours Will Be Declared Deserter—Penalty 15 Years

Unless Errol Valentine Byrnes reports to the local exemption board within 24 hours, he will be declared a deserter from the U. S. army and the adjutant general of Oregon and the federal machinery of the country will be looking for him.

Byrnes was one of the 29 men who were in the selective draft and ordered to report at Salem April 25 to leave for Camp Lewis on the morning of April 26. Byrnes failed to show up today and if he is not apprehended by the sheriff within 48 hours from the time he was ordered to report here, he will be declared a deserter from the army and treated as such.

When Errol V. Byrnes registered in Salem he gave his address as 532 north Liberty street. Later he wrote the board that he was with the Portland Bath, Portland, 167 Fourth street. All papers had been officially sent to him at his last address and he was expected to appear yesterday and leave this morning with the boys for Camp Lewis.

His case is now out of the hands of the local exemption board. According to the law governing such cases, the sheriff is allowed 48 hours in which to bring him before the board and if not found within that time, the case goes to the adjutant general and the federal authorities. Should he report within the 48 hour limit, which expires tomorrow afternoon, it is up to the board to determine whether he willfully disobeyed its orders.

In his questionnaire, Errol V. Byrnes declared that he had followed various occupations including that of newspaper messenger boy, miner, farmer, florist, repairing of sewing machines, fisher, hod carrier, watchman, speller and a teacher of swimming in the last named vocation, he was in Salem during the summer of 1916 and appeared at times at the Riverside Dip giving lessons. He is 24 years old and gave his weight as 165 pounds.

CHAMP CLARK STICKS TO JOB OF SPEAKER

Refuses Appointment As Secretary Stone Made Address—War Chest Believed Practical Plan

Washington, April 26.—Champ Clark, speaker of the house, today declined to accept the Missouri senatorship to succeed the late Senator William J. Stone.

Democratic leaders here today predicted that Governor Gardner will now offer the seat to Judge Walter W. Graves, of the Missouri supreme court. Several times in the past Graves has been prominently mentioned for the senate.

Clark's reason for not accepting, as stated in a telegram to Governor Gardner, was that he believed he could render more service to the country in the speaker's chair than in the senate.

Since the receipt of the offer Clark has been in constant conference with democratic leaders. Senator Reed and others made an eleventh hour attempt to change the speaker's decision but it was of no avail.

Although the republicans assured Clark they would make no attempt to wrest control of the house from the democrats should he leave, there is little doubt that his acceptance of the senate seat would have disorganized the legislative program in a critical time. This as his telegram to the governor indicates, was his main reason for not accepting.

REGULAR MEETING OF Y. M. C. A. DIRECTORS

Secretary Stone Made Address—War Chest Believed Practical Plan

The regular meeting of the board of directors of the Y. M. C. A. was held at the association building today, a tasteful banquet being served at noon to the members and a large number of business men who were invited for the occasion.

The principal feature of the meeting was an address by H. W. Stone, general secretary of the Portland Y. M. C. A. Mr. Stone spoke upon the various phases of work the Y. M. C. A. had taken up since the beginning of the war, emphasizing more particularly, however, the work the association must do among boys and young men under the draft age.

He stated that in the European nations at war, including England and France, immorality and vice had increased among the younger element to an alarming extent. Canada, he said, was the only nation in the struggle which showed no increase of this spirit among young men and boys, which was due, the speaker stated, to the fact that the Young Men's Christian Association of Canada had increased its boys' work ten-fold to what it was before the war.

Mr. Stone said that the extra war work the association was called upon to do both in this country and in France depended upon the strength and stability of each local association as a home base, and urged that each be strengthened and not overlooked when it came to financial and moral support of the war. He said that the Y. M. C. A. had to enlist and train men for war work at the rate of 45 a day to keep pace with the demands of both domestic and foreign. The association has 2500 trained men in the camps and cantonments in this country, and 2,600 trained men in France. The ratio which the association endeavors to maintain is one secretary to each 850 enlisted men in the United States, and one secretary to each 250 men in France.

Mr. Stone also emphasized the fact that the Y. M. C. A. was not overlooking the business men of the nation, of whom falls much of the financial burden of conducting the war and maintaining Red Cross and association work. He stated that one thing the association was doing for the business man in return was the organizing of business men's classes in physical exercise, saying that it was necessary that business men take regular and systematic physical exercise if they were to maintain their health and stand up under the strain.

In speaking on the work which the association must take up among the boys and young men, Dr. Stone expressed the hope that a boys' secretary as well as a general secretary could presently be had for Salem.

Following Mr. Stone's address a number of short speeches were made and a general discussion engaged in as to the proposition of establishing a community war chest for Salem, the general opinion being that such a scheme would be practical.

Work of raising the vessel was progressing rapidly today. Meanwhile investigation definitely to place the responsibility for the sinking was conducted by army men.

Helpful Hints on Banking

for Henry Earl Layson, a minor son of Martha Belle Layson. He lives in Lincoln county, Washington, but has property interests in this county of \$60.00. She was required to file bond for \$120.

A divorce complaint was filed by Gladys Statesman Mackson against John Dell Mackson. In the complaint she recites that they were married in Vancouver, Wash., Oct. 2, 1915, and they have one child, Ruth Elizabeth, age 22 months. She charges that he deserted her and her new born babe in July of 1916 and that since then he has given only \$5 toward her support. She also charges that he made an effort to have her commit perjury by swearing that he had supported her in order that he might secure a deferred classification before the selective draft board. No property rights are involved.

Joseph W. Kirk filed a suit in the circuit court against C. S. Mullen and wife praying for a decree cancelling a sheriff's deed for land in which he is interested. He claims that as a minor he made a contract for hops and that Marilda Haas, who pretended to be his guardian, signed his name to a note and contract.

 Mrs. Fannie E. Hubbard filed for record a deed to the Title and Trust company of Portland, what is known as the Hubbard building or the Oregon Electric depot building. The consideration is not noted in the transfer as it is a straight warranty deed, "subject to all liens as shown by public records." There are claims amounting to about \$80,000 on the building and the supreme court recently decided against Mrs. Hubbard in the foreclosure proceedings brought by the Alliance Trust company. Mrs. Hubbard declined to make any comment on the sale.
