Fruitland News Items

(Capital Journal Special Service)
Fruitland, Or., April 26--Now is the time to watch for the tent caterpillar on your fruit trees. You will know it by the web.

The Red Cross is making another quilt. Work has slackened up now on account of scarcity of material.

Those two airplanes high up in the sky seen by a lady at Lachman, according to your correspondent at that place, were probably a couple of vagrant cranes which occasionally appear in this section, or they might have been a pair of storks bearing to some happy home a fresh arrival.

Pupils of Fruitland school will give an entertainment in about three weeks consisting of choice literary numbers.

Mrs. O. L. Brubaker of Bethel, started to Nebraska last week, summoned by the serious illness of her father, Mr. Brubaker lost one of his cows lately, supposedly by eating larkspur which cattle will sometimes eat with fatal results.

The protracted effort at the church is still going forward with encouraging results, several young persons having presented themselves for prayers. Our young people of Fruitland are not of the reckless and godless sort but christianity adds grandeur and perfection to character. Rev. Stocker and Rev. Abel of Salem who conduct the services are earnest workers and present the old, clean-cut gospel unadorned with evolution and the "higher criticism" so repugnant to old fashioned Christians.

You may remark the vocabularies of human speech and the forms of spoken language and then you will fail to find words that will fitly characterize the Prussian hollian of today.

Though the spring is backward pastures and grain look fine, and the fruit prospect is promising.

Relatives from Albany visited in the family of H. C. and Mrs. Bressler Sunday.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY--TRY THIS!
Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoon of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.

BATTLE IN SKY HALTS GAME BUT SHORT TIME

Airmen Made Home Run All Right--Willard Cannot Fight in Minnesota

By Frid S. Ferguson
(United Press Staff Correspondent)
With the American Army in France, March 25.--(By Mail).--The big league baseball teams in the spring training camps at home have nothing on the American soldier so far as limbering up the old wing and priming the batting eye is concerned.

It is the spring training season over here, too.

Back of the lines, in the rest camps or along the roadside, you can hear the thump of the ball in the mitt, the crack of the bat and all the familiar baseball sounds--as well as a few war sounds thrown in.

A game of "old cat" was broken up recently by an airplane anti-aircraft scrap overhead. The game was being played in the middle of the public square at Luneville (about ten miles from the German border, and nine miles back of the front lines). There was a good bleacher crowd of mixed politics and doughboys. The sun was beaming down from a cloudless sky, and the war seemed a thousand miles away.

But just then an "archie" spoke and everyone looked skyward. There was the boche. Gun after gun came into action. Fluffy white rings broke all about him. He dodged and twisted and turned.

Within a few minutes the guns had put a complete circle of bursting shells about the plane. Then American rooting began.

"Attaboy! Get him, kid; get him! That was a close one! Now just one more!" were some of the cries that went up.

Everyone was bending back, shading his eyes and watching the sight. The airplane got through the circle of "cream puffs" safely and darted back toward home, an occasional shell bursting behind him.

"Foller him up, kid; foller him up!" was the encouragement shouted from the American rooters. But the boche out-legged the guns and disappeared.

"Who's at bat and who's on base?" a sergeant yelled, as the machine disappeared. A minute later the ball game was on again.

No Fight, Says Governor.
St. Paul, Minn., April 26.--Governor Burton will not permit the Willard-Fulton fight in Minnesota July 4. This word came today from one close to the governor. It was hinted some other date might be permissible.

Any permit for July 4 that may be issued by the Minnesota boxing commission after its hearing May 4, will be overruled by the governor, the United Press was informed on the beat of authority.

Colonel J. C. Miller, called to Chicago by business affairs, expected to return here at once, confident the desired permit would be issued. He shared none of Champion Willard's gloom over the prospect that it was all off. Before the leaving, the colonel asserted that he had other offers but preferred the Twin Cities.

'Alexander Day'
Chicago, April 26.--Rain threatened to kill "Alexander Day" for the Chicago Cubs today. The pitcher returned from a business settling trip to Nebraska for one more game in the majors before reporting for military service.

President Weeghman had arranged a liberty day celebration also, sending players through the stands for Sunday.

Salem Housewife Becomes New Woman
"All of our best doctors had given me up. I was unable to leave my bed for 10 weeks and was yellow as a mummy, besides the terrible stomach pains I suffered. Our druggist advised my husband to try Mayr's Wonderful Remedy and it has saved my life. I am a new woman now. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or they refunded Perry's Drug Store, Capital Drug Store.

Rex, Sherwood and Middleton last Sunday, returning in the evening.

David Delano of Sherwood, after working eight hours in a ship yard last Saturday motored to this place and visited, and took supper at the Kellis hotel, and then went to Salem, visited there with friends and drove back to Scotts Mills, all in one evening. The aged cop did not get him either.

Mr. and Mrs. Gunnison of Portland visited friends here Saturday and Sunday.

J. W. Mudge received a telegram Tuesday to be at Philadelphia by April 30th to go to northern France. He left the next day. The best wishes of his many friends go with him and all hope he may return safely.

The board of education has decided to continue the school with the three remaining teachers, Miss White taking the principalship and Miss Frator taking part of the work which formerly belonged to Miss White.

Sequel To Love For Doll

Maternal Instinct Greatly Developed by Teaching Children to Love their Dolls.

The little child's doll is rather to the most romantic fairy. And in the years that pass, the doll fades into the petals of a June rose, to evolve the most wonderful of all transformations.

And now comes a more serious period when the joy of real motherhood should be as tranquil as best efforts can provide.

This is accomplished with a wonderful story known as Mother's Friend. An external application so penetrating in its nature as to thoroughly lubricate the myriad network of veins, tendons, nerves and muscles beneath the skin of the children when they are born. Naturally, pain and danger at the crisis is less.

It relieves the tension, prevents tenderness and pain at the crisis and enables the children to expand gently. The muscles expand naturally after baby arrives and the crisis is thus preserved.

It should be applied daily, night and morning, during the period of expectancy. By regular use it equalizes the abdomen to expand without the usual strain when baby is born. Naturally, pain and danger at the crisis is less.

You will find Mother's Friend on sale of every drug store. It is prepared only by the Brundell Regulator Co., Lansing, Michigan, U.S.A. They will send you an instructive "Motherhood Book" without charge. Write them to mail it to you. Do not neglect for a single morning or night to use Mother's Friend. Obtain a bottle from your druggist today by all means, and thus fortify yourself against pain and discomfort.

IF BACK HURTS USE SALTS FOR KIDNEYS
Eat Less Meat If Kidneys Feel Like Lead or Bladder Bothers You--Meat Forms Uric Acid

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four or five kidney pills from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble

LADIES! LOOK YOUNG, DARKEN GRAY HAIR
Use Grandma's Sage Tea and Sulphur Recipe and Nobody Can Tell--Brush It Through Hair

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face.

When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur restores its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this remedy to us, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
