DISTRICT ATTORNEY AND CITY POLICE ARE CHARGE WITH FRAUD

This In Affidavits In Connection With Motion For New Trial for Mooney

San Francisco, April 27.—Charges of "wilful fraud" and "wilful concealment and malfeasance" were made against the district attorney and police of San Francisco in a motion filed in Superior Judge Griffin's court today by attorneys for Thomas J. Mooney. The motion asks that the sentence of death against Mooney, the judgment against him and the order denying a motion for a new trial, be set aside. The motion also asks for an order directing trial of Mooney on one of the murder charges growing out of the preparation of a parade dynamiting of July 22, 1916. Mooney appeared before Judge Griffin today for re-sentence. The re-sentencing became legally necessary after the supreme court denied the motion for a new trial. It was regarded as significant that the motion was made before Judge Griffin, who personally recommended to the supreme court that Mooney be given a new trial after the disclosure of questionable testimony which had been used when he was convicted. Attached to the notice of motion were affidavits of Mooney, of F. E. Rigall, of Grayville, Ill., and of W. H. Smith of the Oakland police force. Mooney's affidavit merely sets forth the story of his arrest, trial and conviction. Rigall's affidavit relates to the alleged attempt of F. C. Oxman, star prosecution witness, to get him to testify falsely. Smith's affidavit bares alleged conflicting testimony in the identification of Mooney and his co-defendants.

COMMERCIAL CLUB APPRECIATES WORK

Passes Resolutions Thanking Secretary Ivan McDaniel for Services

Ivan G. McDaniel, manager of the Commercial club will enter the military service in the signal corps, leaving for Portland Sunday morning. At a meeting of the Board of Directors of the Commercial Club last evening, resolutions were adopted giving Mr. McDaniel a leave of absence during his time in the service. Rev. R. S. Gill was elected temporary executive manager and Miss Gretta Richmond, office manager. The remainder of the organization will be held intact. Mr. McDaniel has been with the Commercial Club for the past four years and had been largely responsible for the present efficient management. As an appreciation of his services, the Board last evening passed the following resolutions: Whereas, Ivan G. McDaniel is about to enter the service of the Nation in its military branch, it is fitting that a proper acknowledgment of his services to the Commercial Club of Salem should be made at this time. Under his management much has been accomplished in the way of material advancement, new industries have been secured for the city through his efforts, the affairs of the club have been skillfully handled, and much patriotic war work carried on to the entire satisfaction of the government bureau; Therefore be it Resolved, That the Board of Directors of the Salem Commercial Club expresses its sincere regret that Mr. McDaniel's services are lost to the city, feeling however, that his ability, integrity, and strict adherence to duty will prove of inestimable value to the nation in the sphere of his new activities. Archaeological note from the Weston Leader: "While excavating for the west wall of the Nelson building workmen unearthed a battered relic which no one was able to identify until it was taken to Porter Graham. He at once placed it as a plume stand from the hearse used by the late Uncle Tom Purcell in his undertaking business more than four decades ago."

LID IS OFF SUGAR-BOWL

Washington, April 27.—The lid is off on sugar saving—for the housewife who wants to eat fruit and vegetables. To stimulate canning, Hoover has temporarily lifted the ban on the grocer and he can now sell sugar in any amount to customers who sign a pledge to use it only for canning and preserving. Restriction on candy manufacturers are expected shortly to save sugar for canning.

TO STRIKE IN AUSTRIA

Zurich, April 27.—A May Day strike throughout Austria-Hungary has been decided upon, it was learned today. May Day is the European labor day.

SALES \$2,113,998 OVER TOTALS YESTERDAY ABOVE \$200,000,000

Will Require Sales of \$140,000,000 Daily to Reach the Minimum Amount

Washington, April 27.—Official reports of the result of liberty day subscriptions show that the general canvass for the liberty loan boosted the total sales to \$2,113,998,000. This leaves approximately \$800,000,000 to be subscribed in the last week of the campaign, if the minimum of \$3,000,000,000 is to be obtained. It is believed probable that liberty day subscriptions will reach well above \$200,000,000. Reports thus far show a gain of approximately \$150,000,000. Unless the result of the first three weeks, little more than the \$3,000,000,000 minimum will be obtained, according to figures compiled by liberty loan officials. Under the stimulating effect of the liberty day celebration, hundreds of cities went over the top. Southern California and Idaho reached their quotas and the city of San Francisco went a few thousand dollars above its minimum. As a result of yesterday's holiday, in the New York district, it was possible to award forty nine more honor flags. The Philadelphia federal reserve district awarded new 24 honor flags yesterday, raising its total number of honor communities to 287. Cincinnati was the second town with a population above 250,000 to obtain its quota. It went over yesterday with about 10 per cent to spare. A cable from Hawaii reported subscriptions of \$4,350,000, seventeen per cent more than the allotment for the islands.

PINCHING ECONOMY IN USE OF COAL TRIED BY FEDERAL OFFICIALS

Say Threatened Shortage Is From Fifty to Seventy-Five Million Tons

Washington, April 27.—Pinching economy in the use of coal was urged today by Fuel Administration officials. This, they declare, is the only way to meet a threatened shortage this year of fifty million to seventy five million tons. Already a drive to wipe out inefficient steam boilers is on, headed by P. B. Noyes of the conservation division of the fuel administration. Industrial concerns waste millions of tons of coal a year through antiquated boilers and firebricks. Saving of 3,000,000 to 40,000,000 tons a year can be effected by introduction of improvements, officials declare. Rating of efficiency of every steam plant burning five thousand tons or more coal a year will result in discovery of coal leaks. Fuel engineers from the four leading engineering societies have volunteered their expert supervision of the rating campaign. While fuel administration officials will not act hastily in closing plants which refuse to moderate equipment, they will cut off coal in cases where deliberate negligence is apparent. The immensity of the coal problem for the big year of war work ahead was emphasized today by officials who stated that over fifty per cent of the entire railroad traffic is coal hauling. One week's coal movement is a job equal in size to the moving of the entire American wheat crop.

District Attorneys Will Co-operate To Stop Bootlegging

District attorneys interested in the suppression of bootlegging are meeting today with Attorney General Brown discussing means of co-operating in governor in regard to using the new suppressing the illegal traffic in liquor. They also conferred with the state police in arresting law breakers in this special line. The district attorneys are from the counties along the Columbia Highway and on the Southern Pacific where the bootlegging business is most flourishing. It is felt that some help should also be given the counties in the southern part of the state adjoining California where liquor troubles first began. Among those attending the conference are the following: Gilbert Hedges of Clackamas county; Walter Evans of Multnomah county; Max Gehlbauer of Marion; Gale S. Hill of Linn; L. L. Ray of Lane; G. M. Roberts of Jackson; George Neuner of Douglas; and Arthur Clarke of Benton.

Highway Commission Consults Engineer of Red Tape Department

The State Highway commissioners, S. Benson of Portland, W. L. Thompson of Pendleton and R. A. Booth of Eugene, met yesterday in Portland with Dr. L. J. Hughes, who represents the Civil Issues Commission of the Federal Reserve Board of Washington, D. C. The meeting was held that the commission might advise with Dr. Hughes as to whether it would be permitted to issue \$1,500,000 bonds to carry on the remainder of the 1918 road program. The fact was developed that it would require \$700,000 to complete the work already under construction. The balance of the money would be needed to connect the different sections of road already completed so as to make a continuous highway possible. It was felt that the Commission had made a good showing as to the necessity of issuing the \$1,500,000 bonds. Dr. Hughes, who is district engineer of the department of roads and rural engineering, will send in his report to the federal authorities for a decision. He was delegated to come to Oregon and get a report of road conditions in the state.

Association Ends Notable Session

The Oregon Sunday School Association will end its annual convention with the completion of the program this evening. It has been an especially interesting session with a splendid attendance, especially when the conditions caused by the war are considered. Following the recommendation of the committee, yesterday, J. Earl Elbe was elected president of the association for the coming year. Other officers also recommended by the committee were elected as follows: Vice President, Frank E. Brown, Salem. Secretary, Rev. Ward MacHenry, Portland. Treasurer, Rupert N. Parks, Portland. Elementary Superintendent, Mrs. J. Wilkins, Portland. Teen Age Superintendents, Mrs. Harold Humbert, Portland, and Mrs. F. N. Roger, Portland. Adult Superintendent, Elton Shaw, Portland. Educational Superintendent, Miss Gertrude Eakin, Salem. The program for this evening is as follows: Christian Church—7:30—Patriotic Music led by Dr. H. C. Epley. Prayer, Rev. H. C. Stover, Salem. Special Music: Male Quartet, First Christian Church. Report of Resolutions Committee. 8:10—Patriotic Pageant, "The Clean Flag." Arranged and directed by Rev. Howard McConnell, Dallas. Given by the Young People of the Christian Church, Dallas. Assistants:

TODAY'S BASEBALL SCORES

Table of baseball scores for various teams including New York, Brooklyn, Philadelphia, Boston, Cincinnati, Pittsburgh, Washington, New York, Boston, Philadelphia, and San Francisco. Includes columns for National, R. H. E., and scores.

JOSHUA HAS VISION

Berkeley, Cal., April 27.—Rev. Joshua Sykes, whose "Church of the Living God" was burned down by a mob of University of California students, left here today after declaring that he had a vision as to the location of "The Garden of Eden" which he has long sought. Sykes said the vision told him it was "in the vicinity of Denver."
