Nothing Like Phosphate To Increase Strength, Vigor and Nerve Force

ORDINARY BITRO-PHOSPHATE WILL DOUBLE THE STRENGTH OF WEAK, DELICATE NERVOUS PEOPLE IN TWO WEEKS TIME IN MANY INSTANCES

Weak nerves quickly reduce the strong and robust to an extremely pitiable condition and rob men and women of all the joys of life. Slowly and stealthily the health is destroyed, the poor sufferer only realizing the magnitude of his ailment when faintly memory, sleeplessness, indecision, lack of energy or other unmistakable symptoms indicate weak nerves. Then it is a serious and dangerous mistake to resort to the use of so-called tonics, alcoholic or drug stimulants.

Weak and exhausted nerves need food and nourishment—not stimulants that lash them into temporary activity. The food and nourishment advised by present day physicians is just one 5-grain tablet of pure bitro-phosphate taken during or immediately after each meal. Simple advice, but its soundness has been proven over and over again.

Moreover the genuine standard bitro-phosphate is inexpensive and is sold by most all good druggists under a binding guarantee of satisfaction or money back.

San Francisco, April 30.—Edward Pfeiffer, German, kicked over a recruiting poster and then spat on it.

SECRETARY RIVAL OF FATHER'S IN LAW

Both Are Heavy Subscribers to Three Liberty Loan Issues

Washington, April 30.—Secretary of the Treasury McAdoo and his father-in-law, the president, are running a close race in the Liberty loan subscription.

The president, first, second, third loans, \$10,000, \$10,000, \$18,000 (to date). McAdoo, \$750, \$20,000, \$12,000 (to date). (Half for his wife.)

Washington, April 30.—With four days more to go after today, the third Liberty loan total reached \$2,413,442,000 this morning. This was an increase over the official report last night of \$130,140,000.

The Chicago district is leading in the number of individual subscriptions as follows: Illinois 635,000, Indiana 281,000, Iowa 510,000, Michigan 330,000 and Wisconsin 230,000.

Appeals to every Liberty loan committee in the land to make the finish of the campaign its greatest effort went forth from the treasury by telegraph today. The message from Director Franklin besought all workers to ring the bell in putting the marker far over the top. He asked that "follow up" campaigns be started, that every factory, store and person be visited, that "buy another bond" be the slogan, in short, that nothing be left undone which would bring an added dollar to the big loan.

"The third Liberty loan campaign," he wired, "is now almost a question of hours. It is important that every Liberty loan organization make a survey of its activities and determine on the important and essential steps for the remainder of the week."

Under the influence of more favorable advices from the war front and the undoubted stimulus which has been injected into today's stock market, trading in today's stock market underwent a rather notable expansion in comparison with the volume of business transacted in recent weeks.

The pace was too rapid, however, and realizing sales were soon attracted which caused a setback of fractional proportions. But the movement did not stop there. Stocks were offered with relative freedom before noon day and in the early afternoon.
