Williams, W. H. do	13.50	
Newbill, E. ending scraper	1.25	
Kaplinger, Wm. F. patrolman	13.50	

Willamette Valley News

Monmouth News

(Capital Journal Special Service)
 Monmouth, April 30.—The Red Cross sale which is scheduled for Saturday, May 18 promises to be a great success. The committees of the several districts have met with splendid success in securing donation of all kinds. In the list of live stock are several registered sheep of the Riddell variety for which Polk county is famous; also other good ones and several blooded pigs and chickens.

Mrs. M. J. Norton left Thursday for southern California, where she goes to take charge of three children. For this service she is to receive \$25 per month and board. She has rented her place to her son and Mr. Norton, Sr., is putting in the crop.

The Oregon Milling and Warehouse Co. is installing a new cleaning machine and a wagon dump at the local plant and will be ready to handle this year's grain crop in bulk, so farmers need not worry about the high price of sacks.

Mrs. Sarah Boats left Tuesday for a week's visit with relatives in Sheridan.

Mrs. M. E. Perelval has rented the Ballis property and will move in soon. Mrs. Perelval says besides buying a liberty bond and helping the Red Cross, she is going to have a war garden and thus do her bit toward winning the war.

Harold Bowman was taken to Salem Saturday and had his tonsils and adenoids removed. Dr. Clements did the work.

Mr. and Mrs. K. H. Sickafosse will locate in Newberg for a time, but will not buy property until they decide whether they care to remain.

A letter from Mrs. J. O. Matthis of Willamina states that the doctor is doing well there, so well that she hardly saw him any more, as he was so busy. The little folks are having influenza.

Harold Haley is busy washing cream cans and helping around the creamery these days, occasionally running the truck or some of the cream routes.

T. J. Edwards has a brand new Ford and P. O. Powell a new Chevrolet.

An instance of patriotism personified is noted here in the case of a Mrs. Catlow of Bend, Oregon. Instead of doing her bit this woman seems to be doing her all—her husband is serving his country in France and the lady is attending Normal school preparatory to teaching school; she is the youngest of a babe of two months, the oldest a child of five. She with the baby, board with Mrs. Stone, the other child is with the grandmother.

Fruit prospects in this vicinity are splendid thus far, trees are loaded with bloom and although the last few mornings have been frosty, the fair sunny days are most favorable and fruit is setting well.

Monmouth has more than doubled her quota in liberty bond subscriptions. On Saturday night the total was approximately \$46,000, for the Monmouth-Airle district. This is excellent in comparison with other districts and will put at least one star in our honor flag.

Mrs. Sadie Butler, daughter of Mr. and Mrs. O. Butler, sailed Tuesday evening from Astoria for her home in Cordova, Alaska. The ship Alameda makes the trip in about seven days. Mrs. Smith has spent several months with her parents and other relatives here.

T. J. Edwards and family, accompanied by Mrs. Neal, returned to Jefferson Sunday to spend the day with the Jesse Parrish family. Mrs. Parrish is a daughter of Mrs. Neal and a sister of Mrs. Edwards. The happy occasion was the birthday anniversary of Mr. Parrish.

Adell Moore, son of Mr. and Mrs. Alonzo Moore, came up from Portland Saturday for a week end visit with home folks. Dell is working one of the steel ships.

Stayton Items

(Capital Journal Special Service)
 Stayton, Or., April 30.—J. M. Ringo and wife, accompanied by Mrs. E. D. Alexander and Mrs. G. E. Korinek returned Sunday from a motor trip to Portland, having gone down Friday. The Ringo family and wife were seen by visitors the last of the week.

Albert Kay, wife and sons, were guests at the E. Roy home this week having motored down from Portland where Albert is in business.

The Red Cross dance at Sublimity Friday was largely attended, a great many going up from Stayton. It was the largest dance ever held there. The music was very good and an excellent lunch was also enjoyed.

Miss Ina Harold, who has been employed at the post office in Silverton, is visiting home folks this week.

S. H. Helzel, W. F. Blakely and L. S. Lambert went to Turner Saturday evening where they helped the Mason lodge of that city initiate some candidates.

Miss Junia Sullivan, who has been visiting at the E. Shepherd home for the past six months will leave today (Tuesday) for her home in Paradise, Can.

Mrs. Mary Hill has gone to Warrenton Oregon, for a visit with her daughter, Mrs. Frank Polter.

Nick Guymer is home from California where he has been looking over the country with the intention of locating. Prof. B. F. Ford will leave today (Tuesday) for Camp Lewis, where he will be engaged in Y. M. C. A. work for some time before going to France. His going at this time will work a hardship on the Stayton schools which he has conducted so satisfactorily for the past school year, and he will be greatly missed in social, church and civic affairs. Prof. Davis will have charge of the schools for the remainder of the year.

Marion Hunt was in from the Waldow Hills Monday on business.

Harry Humphrey was a Silverton visitor Saturday.

W. D. Cornish, wife and daughter, Mable, are enjoying a new Ford sedan.

Clover Seed Crop

Is To Be Protected
 Oregon Station Man Tells of True and State Cooperation to Frenchie Expensive Pest.

O. A. C. Experiment Station, Corvallis, April 30.—The clover midge which annually causes an enormous loss to the seed crop in Oregon is due for a drubbing this year, says A. L. Lovett, entomologist at O. A. C.

"We have succeeded through the bureau at Washington in receiving the services of a number of expert entomologists who are at present making a survey of the situation in Oregon and these men will be prepared to give first hand information on the control of the midge," he explains.

The government is very anxious that the Willamette valley produce a maximum clover seed crop this year and growers are urged to keep in touch with their local press, their county agriculturist and the federal experts in the field and be advised as to the proper time and measures to use to prevent injury by this pest."

North Saniam News

(Capital Journal Special Service)
 North Saniam, Or., April 30.—Roy Scofield, Adam James and Harry Chance have secured employment in Portland.

Mr. Cobb of Salem has moved back on his place recently purchased by Martin Olenson.

Rev. Hall of Coos Bay representing the American Baptist Missionary work preached at the church Sunday.

Layton Davis was in Salem one day this week.

Roy Scofield has traded his old Ford car for a new one.

P. A. Stevens was in Salem one day last week.

Charles Oglebee and family will move to the Ever-Pre home.

I. B. Hammer was home with his family a few days. He is employed in the ship yards in Portland.

The work he left when he tried for entrance in the marines.

"Brother Joshua" by the Seio High school was put on at the opera house Thursday night. The young folks did their parts well and the play was greatly enjoyed by the audience.

Herman Planket left Thursday for Camp Lewis to report for army service.

Al Alberts returned to Baker City Thursday where he expects to resume vocation.

Quite a number of Jefferson people visited Albany Friday and Saturday nights to see "The Eyes of the World" which Jefferson has gone three thousand over her quota for the third liberty loan.

Mrs. Frank Reeves and daughter Fern and Mrs. Glen Bilyeu accompanied Roy Sautterly to Salem Tuesday.

A number of ladies of the Christian church went to Albany Wednesday to an all-day meeting of the missionary societies of this district.

A crowd of young people chaperoned by Miss Alice Smith and Miss Mason went on a picnic to "The Bluffs" Sunday.

Mrs. J. B. Hill paid a visit to Portland Wednesday.

J. W. Armstrong has purchased a new 1918 Overland Sedan.

(Continued on page seven)

Los Angeles World Crop Meetings of Tenton

Los Angeles, Cal., April 29.—Trailor, pro-German, threw him out! These and other implications accompanied by hisses were hurled at Max Socha, editor of the Germania, on the floor of city council today.

Socha only escaped having violent hands laid on him through prompt action of the president of the council.

He had launched into a denunciation of the resolution presented by Councilman True which would prevent unhindered assemblage of citizens of Austrian or German birth and destroy any organization composed of German or Austrian citizens.

Upon the vote being taken, the resolution was passed unanimously and was forwarded to this district's representatives in congress for a national law covering its demands.

HOME WRINKLE RECIPE—ASTONISHING RESULTS

Such startling, sensational results come from a very simple, harmless home made wrinkle remover, there's no excuse now for anyone wearing those hateful marks of age, illness or worry. No need fooling with worthless pastes, creams, nor "skin foods" which don't feed the skin. No need rubbing, massaging, steaming—senseless methods which expand and loosen skin and underlying tissue, aggravating a wrinkled, flabby, condition. Better, safer, surer, is the scientific salolite formula. Thousands have successfully tried it—thousands freed of wrinkles, enlarged pores, saggy cheeks, double chin—thousands younger looking, happier!

All you need do is to dissolve one ounce of powdered salolite in one half pint witch hazel, and bathe your face in this. The effect is almost magical. Even deepest crows' feet completely, quickly vanish. Skin becomes firm, smooth, fresh looking—bears no trace of treatment except that of enhanced beauty. Get these inexpensive ingredients at your druggist's and try this marvelous salolite lotion today.

Dr. W. H. Darby President of Dental Society

At a meeting of the Marion-Polk Dental society held in Dallas, Dr. W. H. Darby of this city was elected president. Dr. Foster of Dallas vice president and Dr. Fred Ellis of Salem, secretary and treasurer.

This was the first meeting of the dentists of the two counties, held for several months. It was decided to hold the meetings of the society on the same dates as those of the Polk-Marion-Yamhill medical society. Although the Yamhill county dentists were not in attendance at the Dallas meeting, it is planned to invite them to join in order that on meeting nights the dentists as well as the physicians of the three counties will meet to discuss matters of interest to their professions.

Among those attending the meeting at Dallas from Salem were—Dr. F. L. Utter, Dr. W. H. Darby, Dr. B. C. Burton, Dr. Fred Ellis, Dr. D. X. Beecher, Dr. S. A. Bowerman and Dr. H. H. Olinger.

RELIABLE PRESCRIPTION FOR THE KIDNEYS

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine, which is now the opening of the Coos Bay wagon road grant lands, provided for by the Chamberlain bill now pending before congress, and in the interest of other matters relating to the shipping and transportation situation of Oregon.

Mr. Stanfield was at Pendleton yesterday. When advised of the unscientific proffer he made prompt telegraphic reply.

Interference is Intolerable
 "Believing that the republican voters of the state of Oregon would not look with favor upon Oswald West naming the senatorial candidate for the republican party," runs Mr. Stanfield's message, "I am as much as I have received many thousands of letters and other assurances from the republican voters assuring me of their support, I must respectfully decline the proposal of Mr. West that all other candidates withdraw and give a clear field to C. L. McNary."

"I feel that I have the confidence of the republican voters and the people of this great state that I will serve them honestly and efficiently as a senator and at this critical time they are inclined to support a man from the business walks of life."

Oswald West has hitherto asserted that he only desired to be a candidate that he might oppose me if I should be successful in defeating McNary at the primaries.

"His interference is intolerable to me, as I believe it is to the republican voters of the state, and I will welcome the opportunity to oppose him in the general election if he should be successful in defeating his democratic opponent, Mr. King."

Liberty Loan Bonds May Be Transferred

Portland, Or., April 30.—Some misapprehension regarding the word "convertibility" used in connection with Third Liberty Loan Bonds, seems to have arisen in the minds of the public according to letters received at State Liberty Loan headquarters, some persons confounding the term with negotiability.

Edward Cookingham, state executive chairman, gave out the following statement Saturday, regarding the meaning of the words:

"I would like to make it plain to all purchasers of bonds that the Third Liberty Loan Bonds are both negotiable and transferable and in that respect do not differ at all from the First and Second issues of Liberty Bonds."

"The word 'convertibility' has no reference whatever to the negotiability of the bonds. This particular issue is not 'convertible' into any other bonds which may be issued later in the war which does not mean that the bonds are not negotiable or transferable or deliverable in the freest possible manner at any time and to any person whom the holder may desire to transfer them."

Official pamphlets containing detailed information regarding Third Liberty Bonds may be had from State Liberty Loan headquarters, 222 Northwestern bank building, Portland, for the asking.

Doubtless a lot of the boys at the Washington high school think a lot of the girls are plenty sweet enough with the girls are plenty sweet enough with

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruised children, frost-bite, colds on the chest (it
