Dr. White of Albany Will Give Lectures

Dr. W. P. White of Albany, who is well known throughout Oregon for his lectures, will start a series of lectures in this city on Monday, May 13, 1918, at the Christian church. Dr. White comes to Salem under the auspices of the Marion County Christian Endeavor Union. These lectures will follow each other consecutively on the Monday evening of each week. It has been exceedingly difficult to secure the services of Dr. White on account of the great demand of Oregon's Christian Endeavorers and Bible workers. It has been necessary for Dr. White to turn away numerous offers during the past 6 months in order to fill the pressing engagements of the present time, and the Marion County Union was forced to be without his services at their convention and thus far for Biblical Lectures on account of this fact. The announcement of Dr. White's coming should be of special interest to all Endeavorers and everybody is cordially invited to hear him.

CANDIDATES ARE NOT NUMEROUS IN COMING CITY ELECTION

Principal Contests for Mayor and City Marshal Next Friday

The charge was made in a pulpit a few weeks ago that anybody could run for office and that the average citizen knew but little of the moral character of candidates twenty-four hours before election day. In order that the "average citizen" may duly investigate and make up his or her mind as to who is entitled to represent the public in the affairs of the city, a list of candidates who are bidding for public favor is herewith published. For mayor: The choice is between Frank S. Ward and C. E. Albion. For Recorder: No choice, as the only candidate is Earl Rice. For Treasurer: No choice again, as the only candidate whose name is on the ballot is C. O. Rice. But when it comes to electing a city marshal, the voter has the choice of three candidates. Percy M. Varney, J. T. Welch and J. E. Wright. The above names are on the ballots of all tickets. But when it comes to electing aldermen, each ward has its own ballot. In ward one, there are two to elect, two to vote for and these are R. W. Simeral and Fred J. Smith. Ward two has but two candidates out for alderman and both of course are sure of election as there are two to vote for, Dr. Floyd L. Utter and H. H. Vandeventer. The third ward presents a contest for alderman as there are three candidates and two are to be elected. The voters may choose from J. S. Austin, B. E.

DOUGLAS FAIRBANKS in "Mr. Fix-It" An AIRCRAFT Picture

His latest production appearing at the Oregon Sunday, Monday, Tuesday Edwards and Otto J. Wilson. Ward four presents no contest, two to elect, and only two candidates, Paul V. Johnson, present alderman and Arthur H. Moore. Ward five also presents no contest for alderman, two to elect, two running, Merlin Harding and Edward Schouke will be the aldermen from ward four. Ward six will again be represented by its present alderman as James MacClelland and W. A. Wiest are up for re-election and no contest. Things will really be exciting in ward seven, as here we have four candidates and two are to elect. N. D. Elliott is up for re-election. The other candidates are O. L. Scott, H. L. Clark and Ralph Thompson. But the big and really important question for the voters to decide is whether aldermen shall hold their office for two or four years. If in favor of a four year term, vote yes and if not in favor of a four year term, vote no. The other part of the amendment is just making the city charter agree with the law passed by the legislature where in the city and state primaries and elections are held on the same date.

Wilson Sees 'Yanks' Back From France

Washington, May 10.—Thirty of General Pershing's men captured and hardened by trench life in France, greeted President Wilson tonight at a local theatre amid a whirlwind of applause, at the end of the third act. The curtain went down and went up almost immediately upon the soldiers, who stood upon the stage headed by Sergeant John J. Hefferman. "These boys," said Hefferman, his cocky little trench cap in his hand, "are some of the 59 (General Pershing picked out) to send over here. "I want to tell you what our boys on the other side think of President Wilson. We tell the English that if the million men he sent won't whip the Germans, he'll send another million and another million and another million until every man and every dollar is gone."

Simple Services For Late Mrs. Palmer

Chicago, May 10.—Simplicity marked the services held today over the remains of Mrs. Potter Palmer. Only closest friends and relatives were admitted to the mansion wherein lay the plain casket in which the body was brought from Florida. The mausoleum erected here by the social leader for her husband 16 years ago will be her last resting place also. Members of the family stated the will would be made public within a few days. The belief is general that the Palmer realty holdings will be kept intact. The estate's value is esti-

"THE KING'S OWN" CAPTURE ST. ANDREWS-BY-THE-SEA

ALGONQUIN HOTEL. St. Andrews-by-the-Sea on Passamaquoddy Bay! Doesn't that sound alluring with its suggestion of old Scotland and the America of the Redskins? To the initiated thousands this hyphenated cognomen appeals "Joyful Living." Bountiful Nature, supplemented by inventive Man, provides pleasures in varied abundance for those who seek rest or amusement in Canada's most popular Atlantic resort. The blue waters of the bay offer splendid boating and sea bathing, two sports indulged in to the full by many of the visitors. The country about St. Andrews-by-the-Sea is ribboned by charming walks and drives; he who follows them may choose whether he will stroll, hold the reins over a pair of high-stepping rosters, or roll on the cushions of a twentieth century Mercury. One of the unusual sport attractions is a Bowling Green. Enthusiastic bowlers and interested spectators may be found upon it at all hours of the day or night. Being electrically lighted, the sport need not cease with the waning of the twilight. Golf, however, is far and away The Game at St. Andrews-by-the-Sea. The links are famous far and wide. Hither at one time or another, some all golf celebrities for St. Andrews does not draw its clientele from Canada's smart set alone. It numbers among its guests society leaders from every American city in this Newport of Canada who will find more than a few high, governmental officials and a heavy sprinkling of men in uniform—military and naval—these days. They are, almost to a man, devotees of The Game. Joe's Point overlooking the sparkling waters that lap these western sands and then slip back into the great sea to some day wash the sands of far-away France. The wide, sea-breeze swept ver-
