

IT'S UP TO YOU

R. N. Stanfield.

R. N. STANFIELD

Republican for United States Senator

Robert N. Stanfield's nomination for United States Senator in the Republican Primaries, May 17, will mean two things--

1. The belief of the people of Oregon that this state has not received the recognition at Washington to which it is entitled and that there is a demand for a square deal.

2. The Republicans do not want the Democratic boss to dictate in the Republican primaries and that Republicans prefer Stanfield, a 100% Republican, rather than a 50-50 Demo-Rep., dominated by the Democratic Boss.

Do you want a wide-awake, energetic man with initiative and red blood to be Senator, or do you want a "man asleep on the job" who introduces bills and permits them to sleep in committee?

A man who knows Oregon and its needs and who has the force and confidence to demand results will quickly make his mark at Washington and through him Oregon will receive the recognition so long denied this state. Such a man is Robert N. Stanfield.

S. S. Huston, in withdrawing from the Senatorial contest, made the following statement:

"I have a very strong conviction that Oregon has been discriminated against by the National Government in many ways. Mr. Stanfield shares this feeling and promises, if elected, to correct it as far as it lies in his power to do so. Senator McNary denies that any such discrimination exists. He was quoted in a dispatch from Washington to the Oregon Journal as saying that he 'took no stock in the statement that there had been discrimination against Oregon.' Of course, if he believes there has been no such discrimination he will make no effort to remove it.

What has Oregon received except such business as had to come here because material could not be furnished elsewhere?

Oregon furnishes spruce, but the airplanes are not manufactured here.

Oregon has received a few contracts for wooden ships, because the timber is here, but look at the wooden ship contracts that went to the South and the Atlantic Coast; and for many of these Southern ships Oregon had to be drawn on for large timbers.

More than 20,000 Oregon boys are in the service, but they all were sent to cantonments in other states for training.

Oregon responded quickly to appeals for food conservation, but the wheat growers of Oregon were penalized 20 cents a bushel for living in this state.

Many other instances could be cited showing that Oregon has been discriminated against but Mr. McNary says that he "takes no stock in the statement that Oregon has been discriminated against."

Do you want these conditions to continue, or do you want them remedied? If you want results, then send Stanfield to Washington.

Five lawyers represent Oregon at Washington. Why not elect a farmer, stock-raiser and business man for a change? Do lawyers have a monopoly on all the loyalty, patriotism, wisdom and knowledge in Oregon?

Why does the Chamber of Commerce pay a special agent a Senatorial salary of \$7,500 a year to remain at Washington to look after practical matters for Oregon if someone is not "Asleep on the job" or if Oregon is not discriminated against?

100 PER CENT OR 50-50 PER CENT?

Republican voters should settle their own party affairs in the primaries without the interference of Democratic kaisers.

A clean-cut party issue is presented to the Republicans of Oregon. It is in the hands of the Republicans, themselves, whether they want a Republican Senator or a demo-Rep. Senator.

Stanfield is 100 per cent Republican and has been elected as such three times to the Legislature.

McNary, his opponent, has a penchant for holding office, but has never yet been elected to one by the people--in fact, he was defeated the only time the people ever got a chance to vote on him--and he has been willing to seek appointment to political jobs from Democrats as Republicans.

The Democratic Boss appointed McNary to the

Supreme bench and is now trying to make the Republicans nominate his friend and colleague for United States Senator. If McNary, the protege of Oswald West, is nominated then the Republicans can say "good night" to the Republican party in Oregon for years to come, for West will be in power and have his friend at Washington.

Here is the question for you, Mr. and Mrs. Republican Voter, to settle. It is strictly a party matter in the primaries. Do you want a genuine, 100 per cent Republican or a 50-50 Demo-Republican, with the latter endorsed and advocated by the self-appointed Democratic Dictator?

IF YOU WISH TO MAINTAIN THE REPUBLICAN PARTY, YOU MUST VOTE FOR STANFIELD.

Stocks Are Higher In Wall Street Today

New York, May 13.—The New York Evening Sun financial review today said: "The momentum which the steel buying movement acquired last week again carried the stock list to broadly higher levels in today's session in trading which well exceeded one million shares in volume. The stock market was entirely under the domination of United States Steel in particular and of the steel group in general. Twice in the forenoon session

steel touched 112, which was more than four points above the low of Saturday. The lowest point today was 110, the opening price. Total sales to noon were approximately 600,000 shares, of which steel alone constituted one half, or some 292,000 shares. The other steels, especially Bethlehem B, Lackawanna, Republic and Crucible, also had moments of considerable animation, with gains ranging from two to three points. Kindred issues, like the equipments, were likewise in brisk demand at intervals. Following on a momentary renewal of the upward swing in the first hour of the afternoon, prices went irregularly lower. Steel receded below 111 and corresponding reactions were general among both industrials and rails.

Confer With Kaiser. Berlin, via Amsterdam, Mar. 13.—Kaiser Wilhelm, Emperor Karl and members of their respective staffs conferred at Grand Headquarters yesterday, it was officially announced today. "They discussed political, economic and military questions," the statement said, "and were in complete accord on the present and future relations of the two monarchies."

England Calls More. London, May 13.—Teachers from the first grade will be called up for military duty and 300,000 men will be withdrawn from the farms, it was learned today.
