

Rheumatism Back on the Job With its Old-time Fury

No Let-Up In Its Torture.

Pretty soon you will be reaching for the liniment bottle again, for the millions of little pain demons that cause Rheumatism are on the war-path. Winter weather seems to awaken them to renewed fury.

But your Rheumatism cannot be rubbed away, because liniments and lotions cannot reach the disease. It is in the blood, and only a remedy that goes deep down into the circula-

tion, and routs out the disease germs, can rid you of this disabling disease.

S. S. S. has given some wonderful results in treating Rheumatism. Being a purely vegetable blood remedy, it purifies the blood of every germ, and thus removes the cause of Rheumatism. Get a bottle to-day at your drugstore, and start on the right treatment that will get results. Free advice about your case can be had by writing to Medical Director, 26 Swift Laboratories, Atlanta, Ga.

QUALITY FIRST

The Keith Konquerer name on Shoes is well known all over this country, and known to represent quality. A Shoe that cannot be duplicated in price, quality considered. Any young man that ever wore a Keith Konquerer Shoe and he will tell you the same.

For the Ladies

Our Keith Konquerer Shoes for Ladies are made by the "unlocked process," a revelation in Shoe making—insuring the utmost in comfort, style and service.

If you want to walk with pleasure try a pair—Keith Konquerer "unlocked process" Shoes fit 90% better and are made to protect your arches.

SOCIETY

By CAROL S. DIBBLE

Miss Elena A. Clancy of Tacoma returned home last night after a week's stay in Salem, as the guest of her parents, Mr. and Mrs. C. E. Clancy, who are enjoying a visit of several months with their son, Clyde B. Clancy, at his apartment on North Liberty street. Miss Clancy was accompanied by her brother to Portland, where they attended Maudie Adams' play "A Kiss for Cinderella," which is being given at the Heilig this week.

Mrs. David W. Eyre has returned from an enjoyable stay of several weeks in Portland.

Mrs. E. C. Small is the house guest of Mrs. T. G. Hopkins of Albany for a few days.

Mrs. Keith Powell and small son have joined Mr. Powell at Palo Alto, California, for an indefinite stay. Mr. Powell is stationed at Camp Fremont, in the first officers training camp.

Judge and Mrs. Henry J. Bean returned last night from a two week's sojourn in eastern Oregon. While there they visited their son and wife, Mr. and Mrs. Harley J. Bean, near Stanfield. Miss Grace Bean will arrive from Portland tomorrow for a week end visit with her parents.

Mrs. Ralph Glover and daughter, Maxine, will go to Portland tomorrow for the week end. They also plan to see Maudie Adams in "A Kiss for Cinderella" at the Heilig.

Mr. and Mrs. Edgar Linden of Me-

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "run-downs," "brain fags," and pessimists we should see a virile, optimistic throng of rosy cheeked people everywhere.

An inside bath is had by drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

26 DEAD, 72-WOUNDED

(Continued from page one)

Privates Martina Grolamo, Oneida, N. Y.

Talmage T. Bagland, Sunny Lane, Ky.

William H. Stone, Norway, Me.

Died of disease:

Sergeant Cecil G. Torney, Thorp, Wis.

Cook John J. Corcoran, Branford, Conn.

Privates Joseph L. Gecker, Rochester, N. Y.

Fred L. Harshaw, Murphy, N. C.

Died of gas poisoning:

Private Clement W. Gravelle, Nashua, N. H.

Severely wounded:

Sergeant William A. Meister, Elgin, Ill.

Corporals Einar T. Helman, Evanston, Ill.

Others, St. Joseph, Mo.

Privates Howard A. Bowman, Clyde, N. Y.

Amos P. Briggs, South Charleston, Ohio.

Joseph Cully, Cleveland, Ohio.

Clarence L. Graham, Lynn, Mass.

Ernest F. Hickey, Hartford, Conn.

William Kretzer, Newport, Ky.

Edwin O. Moats, Mount Gilead, Ohio.

Bert L. Stewart, Idaville, Ind.

Ferdinand Wantel, Osceola, Mills, Pa.

Slightly wounded:

Lieutenant Averil Braxton Pfeiffer, Cleveland, Ohio.

Sergeant William E. Shiflet, Watervliet, Mich.

Corporals Harry T. Dean, Logansport, Ind.

Robert J. Hall, Kings Mills, Ohio.

Privates Andrew J. Carpenter, Dickey, N. D.

George William Dell, Malvern, Pa.

Minutemen were recent guests of Mrs. Roy Mills at her home on Court street.

Mrs. George T. Gerlinger, secretary of the college workers under the food administration, has asked representatives from the University of Oregon, Oregon Agricultural College, Oregon Normal school, Pacific University, Willamette University, McMinnville College, Pacific College, Reed College and Albany College to meet at the University club in Portland, on Saturday for luncheon.

The purpose of the meeting is to mobilize all the forces of the college women in the state for very definite service in the campaign for food conservation this summer.

It is planned by this new branch of the food administration to have a trained college woman, either graduate or under graduate, in every community in the state to carry out the instructions of the county food administrators and to work for the cause of conservation all summer.

Miss Minnetta Magers is a Portland visitor today, where she went on a combined business and pleasure trip.

The home of Mr. and Mrs. J. W. Bellamy of McMinnville was the scene of a merry surprise party recently, in compliment to Mr. and Mrs. T. K. Bellamy of Imbley, Oregon. Mr. Bellamy was a delegate to the convention of the Fire Relief association held at McMinnville. The evening was pleasantly passed with a musical and literary program.

Those participating in the gayeties were: Mr. and Mrs. D. J. Purvine, Miss Oma Fagg, Mr. and Mrs. John W. L. Smith, D. F. Harrison, Stanley Fagg, Winston and Nora Purvine, Ivan and Ruby Smith, Mrs. Olga Fagg, all of Salem; Mr. and Mrs. W. W. Bellamy and Oma Fagg of Portland.

Professor and Mrs. W. C. McClelland of Jefferson college, Washington, Pennsylvania, are the house guests of Mrs. J. P. Prizzell and Mrs. Maggie J. McCadden at the former's residence on North Summer street.

Socialists Will Endeavor Prosecution of War

Terre Haute, Ind., May 17.—A new statement of the war attitude of the socialists of America—probably endorsing the prosecution of the war by the United States—will be formulated at a meeting of socialist leaders to be held shortly. Eugene V. Debs, national socialist leader, announced today.

Debs would not indicate just what tone this new war statement will sound. However, he said, he hoped that a re-united party, now split on the war issues, would result from the meeting.

Depot Brigades For American Army

Washington, May 17.—Profiting by England's mistakes, the war department has organized a depot brigade system which will be the "core" of the national army and wherein a classification of men will prevent useless sacrifice of those available for industrial service.

If Food Disagrees Take Bi-nesia

COSTS NOTHING IF IT FAILS

Nearly everybody suffers at times after eating. Many can rarely eat with out suffering the most excruciating agony. Some people call this indigestion, some dyspepsia, others gastritis; but no matter what you call it, no matter how many remedies or how many doctors you may have tried—instant and almost invariable relief may be obtained by taking in a little hot water a teaspoonful of a simple neutralizer such as Bi-nesia. This instantly neutralizes the acid and stops food fermentation, the cause of nine tenths of all stomach trouble, and thus enables the stomach to proceed with digestion in a painless, normal manner. Care should be taken to insist on getting the genuine Bi-nesia, which, owing to its marvelous properties, is now sold by all leading druggists everywhere under a binding guarantee of satisfaction, or money back.

The plan is the most comprehensive thus far developed for intelligent use of the nation's man power.

Details of the plan showed that there will be a depot brigade consisting of 12 battalions of 1000 men each, at each cantonment.

Every man called in the draft on May 15 will pass through the depot brigades. He will be examined immediately to ascertain his experience as a worker, business or professional man. They will be classified under three groups, skilled, partly skilled and unskilled. It will be possible under this system to find any number of men or a certain occupation who may be called for by one branch of the service or another.

Already this plan has been a help. A call was received from a Seattle shipyard for fifty skilled shipwrights. They were located in a southern training camp and transferred to the reserve within 48 hours so that they could take up their work in the Seattle plant.

ARTILLERY FIRE

(Continued from page one)

fighting in the Hailes sector, southeast of Amiens, was reported by the French war office today.

"A German raid was repulsed at Canby-Sur-Mats (ten miles northwest of Lusigny).

"French detachments took forty prisoners, including one officer."

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at Once
When Back Hurts or Bladder Bothers—Meat Forms Uric Acid

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of swelling, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

To the Gas Customers of the Salem Gas Plant Gas Rate Talk No. 7

The following extract from the Annual Report of John Skelton Williams, Comptroller of the Currency, to Congress, has an important bearing on the subject of these Talks:

"Corporations proved by their own figures to be approaching bankruptcy can not obtain money for improvements or maintenance. On the other hand banks and citizens suffering severe losses from investments in the securities of these entirely legitimate and once promising enterprises will be discouraged from lending money to the Government or deprived of the means to lend. The first and most direct relief to the public utilities corporations can be given by the State public utilities commissions and municipal and local authorities, with the broad-minded co-operation of the people generally, understanding the necessities of war and realizing that the more promptly its burdens are accepted the sooner they will be lifted. It is essential that forbearance and consideration be exercised by the State Commissions and municipal authorities, and that the corporations also be permitted to make such additions to their charges for service as will keep in them the breath of solvency, protect their owners against unjust loss, and give them a basis of credit on which they may obtain the funds with which to meet the strain put on them by the Government's needs. The breaking down of these Corporations would be a national calamity.

Because of the gravity of the situation in this regard, I am moved to ask for it the careful attention of the Congress and the public."
