Grandma Used Sage Tea to Darken Hair

She Made Up a Mixture of Sage Tea and Sulphur to Bring Back Color, Gloss and Youthfulness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautiful dark and luxuriant. Just a few applications will prove a revolu-tion if your hair is faded, streaked or gray. Mixing the Sage Tea and Sul-phur recipe at home, though, is trou-blesome. An easier way is to get a 50 cent bottle of Wyeth's Sage and Sul-phur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of oth-er ingredients.

Fruitland News Items (Capital Journal Special Service) Fruitland, May 17--O these rains. Worth thousands of dollars to this val-ley.

One of the children of the Roth family near Yeoman station is report-ed quite ill.

It is somewhat of a relief now that the primary election is at hand to be rid of those electioneering doc-uments with which our mails were flooded the last month. These are about as great a nuisance as the "great shoe sale" and "grand clear-ance sale," and still some other blan-der is sufficient to afflict the public and add to the burdens of our rural dis-trictors. Still there is some compensa-tion in the fact that they are com-bustible and are thus near to start the kitchen fire.

Geo. Sturges has been quite ill re-cently, but has about recovered.

Yesterday the 6th and 8th grade ex-aminations were held for Fruitland

High Heels Put Corns on Toes

Who cares? Corns or calluses lift off without any pain.

Because style decrees that women crowd and buckle up their tender toes in high heeled footwear, they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of freezeone applied directly upon a sore corn or tender callus gives quick relief and soon the entire corn or callus, root and all, lifts off without pain. Ask the drug store man for a tiny bottle of freezeone, which costs but a few cents, but is sufficient to remove every hard or soft corn or callus from one's feet.

Freezone dries in a moment and simply shrivels up the corn or callus without even irritating the surrounding skin.

Women! Keep a bottle of freezeone handy on the dresser and never let a corn ache twice.
