Jack Pickford Coming to the Oregon

Even funnier than "The Varmint" or Booth Tarkington's famous "Seventeen" in which he has recently appeared, is Jack Pickford's newest Paramount picture, "His Majesty Bunker Bean." This is to be shown at the Oregon theatre beginning on Sunday and the welcome news has just come that clever Louise Huff will play the role of the engaging young "Flapper." Others in the cast are Edythe Chapman, Hart Hoxie and Gustav Seyffertitz. Hart Hoxie plays "The Greatest Pitcher" and Bunker Bean and the Flapper regard him as the world's eighth wonder, adding much to the fun of the production which abounds in humorous situations and side-splitting incidents. The mummy which Bunker insists on regarding as his own former self is shown as is the faithful dog—Napoleon, and the inimitable grandmother of the Flapper.

"The Man of the Hour" by Senior High Class
"The Man of the Hour" is to be staged by members of the high school senior class at the high school auditorium on the evening of Wednesday May 29.
As there seems to be considerable politics in the air, the class decided to show off the insides of the political game by selecting this play which is supposed to make politics clear to all, even the women folks.
The plan is under the direction of Miss Lillian Giffin who has staged a number of plays for the high school students. Figuring that we are now living in a world of democracy, the seniors put on only a nominal charge of admission. Monday the seniors will begin approaching their friends on the ticket business and reserved seats may be had at the high school Monday the 27th.
What's the use of being a jurymen on a "outing" case if you can't be assured by first-hand knowledge of the genuineness of Exhibit A?
