

# Shake Off That Grip

When Spring comes, with its changeable weather and your exposure, it is best to clear away all the symptoms left after an attack of grip. That evil disease leaves you weakened, and when its victim attempts to "do his bit" he exposes himself to the risk of a second attack, for which he is less prepared, and which may have graver consequences.

## There's Danger in Delay

April and May are pneumonia months. In this time a weakened system is a constant source of danger, for the pneumonia and grip infections are in the air, and after a long winter the body is so clogged with waste it cannot resist them. Fortify the health, remove the catarrh, and improve the digestion.

## For Quick Relief PERUNA

This reliable tonic is recommended to remove the waste from the body, counteract the catarrhal poisons and allay the inflammation that is catarrh, restore the regular appetite and tone up the entire system to resist disease. A well man is safe.

As a tonic after grip it has won many commendations, while its effectiveness in catarrhal conditions is unquestioned. Take no chances—Take Peruna.

Peruna Tablets are always ready to take. You may carry a box with you and ward off colds and chills. The liquid medicine in your home is a great safeguard. Protect your family.

### UNITED PRESS HEAD

Howard responded, expressing his thanks. "The extension of the United Press does not mean the injection of United States propaganda in Brazil," he said. "Propaganda is not needed. The real need is for the exchange of facts, better acquaintance and revelation of the extent of our natural commonness of interest."

Howard explained the nature of the organization and the difficulties encountered and overcome in prohibitive cable rates, which had been a "Chinese wall" between Brazil and the United States. He pointed out that the commercial interests of both nations had been affected, since publicity in the natural forerunner of the fullest development of Pan-American trade.

### SOCIETY

By CAROL S. DIBBLE

A number of Salem music lovers went to Portland today to hear Amelia Galli-Curci, the great coloratura Lita Galli-Curci, the great coloratura a greater number were denied the treat of hearing her, owing to the limited seating capacity of the Heilig, which has proven entirely inadequate to the enormous demand for tickets, many having been unable to procure seats, a full week in advance of the concert tonight.

Galli-Curci is on an extended recital tour and in every city that has been so fortunate as to get a concert, it is the same old story of capacity houses and enthusiasm. When she was billed to appear with the Minneapolis Symphony orchestra on April 3, every seat was sold days before the concert. To meet the insistent demand, five hundred seats were placed behind the stage, and these were all filled by those who were eager to hear the diva without being able to see her.

She sang May 12 at San Francisco in a Sunday afternoon recital to the usual Galli-Curci audience. Following is the program she will give: (a) Caro mio ben ..... Giordani (b) That Lass with the Delicate Air ..... Arns (c) Deh vien e non tardar (Figaro) ..... Mozart (d) Una voce poco fa (Barbieri di Siviglia) ..... Rossini (e) Capinera (with flute) ..... ### WHITE AND BISHOP FOR SCHOOL TRUSTEES

### Prominent Businessmen Will Be Impressed Into Public Service

Petitions are being prepared for circulation among the voters of school district No. 24 requesting the board of directors to place on the ballot the names of Harley O. White and Chauncey Bishop for two directors to be elected at the coming school election June 17.

For a time Mr. White figured that having served five years on the board he had done his duty but when it was put up to him that the schools must be maintained up to their present high standard, he finally consented to permit the use of his name and to serve if elected. The term of school director is now for three years.

A canvass among the business men and those interested in the school develops the fact that there is a general sentiment in favor of maintaining the schools up to their present standard and that no backward steps be taken. The mill tax for the support of the schools for the past year was 6.4 mills. One year ago it was the same and two years ago it was 6.6. For the past five years it has been the policy of the school board to gradually reduce the mill tax without reducing the general efficiency of the schools and according to those who are familiar with the school system, this has been done.

While the tax for the maintenance of the city schools in Salem is 6.4 mills,

ment chaplain; Mrs. Florence Spencer, member of the executive board; Mrs. Mattie Cameron, delegate to the national convention, which meets in Portland, August 19 and 20, and W. H. Byrnes, commander of the Oregon volunteers. A short program was given consisting of readings by Mrs. Entress and Mrs. Stanton, and a solo by Myrtle Shipp. Light refreshments were served by the committee in charge.

Mrs. George Frederick Chambers (Jay Stensloff) left Monday for Roseburg, where she joined her husband, who expects to be called to war service early in the summer. Mr. Chambers is a member of the highway commission and is engaged in construction work near Roseburg.

Miss Evelyn Conklin is being entertained as the guest of Mr. and Mrs. W. H. Steusloff. Miss Conklin is a delegate to the P. E. O. convention, from Woodburn, where she is domestic science instructor in the Woodburn high school.

### SALTS IF KIDNEYS OR BLADDER BOTHER

### Harmless to Flush Kidneys and Neutralize Irritating Acids—Splendid for System

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever, and causes no harm. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

### Ray H. Barton Writes from "Somewhere in France"

Ray H. Barton, on active service with the American expeditionary force in France, writes from the usual place, "somewhere in France," to his mother here as follows:

"This is a pretty fair country but the French are so far behind in things that it would take them over a hundred years to catch up with the U. S. A. and then they would still be behind us. "This climate over here is pretty bad on rheumatism. I was sick all the way across the ocean and they had me in the hospital on the ship so it was not so bad. I do not think I would have been sick at all if it had not been for the poisoning I got at Madison barracks. "Send along all the papers, especially funny ones as we do not get to see anything like that over here."
