

### KEEPING SOLDIERS STRONG

Early in the world-war cod liver oil was selected to fortify the health of soldiers against the rigors and exposure of camp life and to help build up enduring strength.

## SCOTT'S IS THE EMULSION

that actually guarantees the pure quality of Norwegian Cod Liver Oil which is refined in our own American laboratories.

It is skilfully emulsified to promote prompt assimilation which is always difficult with the raw oil.

Scott's Emulsion is famous for putting power in the blood to thwart colds, grippe, pneumonia and lung trouble. It is free from alcohol or opiates.

Scott & Bowne, Bloomfield, N. J.

women of the women's motor corps. The prince went from one to another, shaking hands cordially. He spoke of the great work women have done in this war, mentioning the women who insisted on sticking to their tasks in the Peadar battle, until some were killed.

The voyage, the prince said, was uneventful except for one very rough day.

Arthur is the first royal prince to visit the United States since Prince

of the state department; Leland Harrison of the state department and its following British officers:

General McLaughlin, Lieutenant Colonel Giles, General White, Commander Wells, Clyde Bayley, the British naval general, Captain Bait and a representative of the British diplomatic corps.

Prince Arthur of Connaught is the son of the Duke of Connaught, former governor of Canada. He is 35 years of age and a brother of Princess Patricia for whom the famous Canadian regiment, the Princess Pats, was named.

Another sister is the Crown Princess of Sweden. Prince Arthur's wife is the Duchess of Fife.

Earl Reginald Herbert of Pembroke and Montgomery is a captain in the Royal Horse Guards and formerly was aide de camp to Sir Arthur Paget in Ireland.

Lieutenant General Pulteney, D. S. O., is a veteran of the Boer war and the campaign in Egypt. He was vice consul to the Congo Free State in 1899.

### PROHIBITION RATIFIED.

Phoenix, Ariz., May 24.—The federal prohibition amendment was ratified by unanimous vote of the senate of the Arizona legislature, in a special war session today. The house is expected to take similar action before evening.

of the state department; Leland Harrison of the state department and its following British officers:

### Mission Ceremonial.

Washington, May 24.—His Royal Highness Prince Arthur of Connaught arrived in this country today with a British commission bound for Japan, carrying a special message from the British king to the Japanese Mikado.

The prince and the mission will visit here briefly and call on President Wilson. His Royal Highness is head of the mission and he is proceeding to confer with the field marshal of Japan and the Japanese emperor following the king's appointment of him as field marshal of the British army.

The visit at this time when the Japanese-Siberian question is up, caused speculation here and the state department declared that the mission's purpose is purely ceremonial.

Prince Arthur is a major in the British army, a Knight of the Garter, Knight of the Thistle and Personal A. D. C. to the King. He is the grandson of Queen Victoria and first cousin to King George.

His sister married the Crown Prince of Sweden and his father, Duke of Connaught gave up his claim to the throne of Saxo-Coburg Gotha rather than become a German prince.

Prince Arthur served with the British expeditionary force.

## BASEBALL MAY GO INTO THE DISCARD

### Leaders Worried Over Outlook Which at the Best Means Losses

By H. C. Hamilton (United Press Staff Correspondent)

New York, May 24.—Professional baseball was obviously worried today, following publication of the provost marshal general's order that all men of draft age must fight or work at some useful occupation.

That professional baseball would be treated the same as theatres, which received the same consideration as baseball in war tax, was the hope of those prominent in the game, but it was admitted the game, as well as every other professional sport, is standing on insecure ground.

There is little likelihood that the parks will be closed on the initiative of the owners, for such a step would be more costly than to continue, even with attendance falling off an account of disintegration of teams. Overhead expenses are tremendous at all big league parks and at most minor league parks there is such an outlay that suspension would be ruinous.

The huge National league park at Boston would represent in itself a loss of thousands if allowed to remain idle. Its owners would be faced with a loss greater than would be the case if allowed to continue. The Polo Grounds represents a great expense. The Yankees pay a rental there, of \$55,000 annually.

It is hoped among followers of baseball here that test cases will work out the salvation of the game, taking some players, but leaving sufficient for the managers to continue their businesses.

Other sports can hardly fare so well. Boxing undoubtedly will be wiped out. Horse racing will be dealt a severe blow. Most of the star jockeys come within the ruling of the provost marshal general. Trainers however, are over the age for the most part.

### Camp Grant Won.

Rockford, Ill., May 24.—Camp Grant boxers won a victory last night over Camp Custer, Michigan, with two knockouts, one draw, two decisions and a forfeit out of seven bouts. Mike O'Dowd, middleweight title claimant, forfeited to Eddie McGearty, O'Dowd entering the ring merely to announce he was out of condition.

### Arranging Tournament.

San Diego, Cal., May 24.—Benny Leonard, lightweight champion of the world, is here today making ready for his boxing tournament which will take place at the municipal stadium Saturday night for the soldiers athletic fund. Leonard will box Mike Gollino, lightweight champion of the Pacific fleet, and there will be five other bouts on the bill. Leonard will box Gus Williams at Camp Kearny this afternoon. The champion yesterday took an aeroplane ride with Major John Purroy Mitchell, former mayor of New York, and was so pleased with the experience that he afterward said he would try for a flying commission.

### Jackson Quite Game.

Washington, Del., May 24.—Joe Jackson announced today that he is done with professional baseball.

"It makes no difference when the war ends. I shall not attempt to go back to ball playing to make a living. I intend to make my home here and to follow the trade of ship building."

### HEAVY MEAT EATERS HAVE SLOW KIDNEY

#### Eat Less Meat If You Feel Backache or Have Bladder Trouble—Take Glass of Salts

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headache, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

## Take Care of Your Tires

America's greatest need is for ships—more ships. Every available vessel is being utilized in government service.

Many ships that have been carrying rubber from Sumatra and Brazil have been taken for active transport duty.

This will necessarily force a temporary curtailment of tire production.

So, make the most of the tires you have. Use good tires.

Take good care of them. Keep them in perfect repair. See that they are properly inflated.

Increase their mileage by careful driving. Keep out of car tracks and away from bumps. Don't scrape the curb or apply brakes too suddenly.

Get every mile your tires have in them. Only in that way can you be assured of your car's continuous service.
