> Is Hindenburg Dead. The persistent rumor of Von Hin denburg's death, which is being repeated by captured German prisoners is the strongest evidence that has yet appeared of a realization by Germany of the failure of Von Hindenburg's west front offensive.

> west front offensive. the senat There is no reason for believing that declared. There is no reason for believing that the first the grave, but it is unquestionably true that the rumors to this effect have originated in the kaiser's army to explain Von Hindenburg's enforced halt in Flanders and Picardy with his major objective unattained. Reports of the deaths of high commanders never arise spontaneously in a y army while Lovell, U. S. N. R. F., Brooklyn, N. arise spontaneously in any army while victories are being won. It is the instinctive realization among the private soldiers that matters are going wrong-

which starts such tales.

Von Hindenburg's long panse while
Ypres and Amiens remain uncaptured and the allied lines continue unbroken, must have created much pessimism in the German ranks. It is this pessimis which now manifests itself in the re-port that Von Hindenburg has sacri-ficed himself to his own machine of

slaughter. The effect of the rumor must be profound upon the morale of the German troops.

That the kaiser himself realizes the prevalence of a new spirit of unrest is amply demonstrated by his own recent efforts to explain away the break in the west front fighting. His new argument, however, cannot fool anybody. It is but mockery of the vast numbers of new German dead for the numbers of new German dead for the pound. A same and supplies the same argument, however, cannot fool anybody. Wyeth's Sage and Sulphur Compound. A same argument of the same argument of the same argument of the same argument.

Reduced Railroad
Fare For Soldiers

Washington, May 24. — Director General McAdoo late today authorized a passenger rate of one cent a mile for all military and maval men in United States service. This action came after the railroad administration had been besieged by thousands of letters and personal requests that the soldiers and sailors be given a reduced rate that they might visit their homes while on furloughs.

During Month of May

Washington, May 24. — The United States, during May will hurl approximately \$2,000,000,000 floto the war—and a new record for war expenditures will have been set.

The battle against German antocracy to date has cost Afferica \$13,000,000,000 and is expected to reach another billion by June 1. The daily drain is now \$65,000,000.

With these facts to face, members of the congressional finance committees, were to see President Wilson today and Secretary MeAdoo before the end of the week, in an effort to dissuade them from their purpose to go ahead with a tax bill. Whatever MeAdoo believes should be done, however, the president will sauction, it is stated.
