Write a complete history of your case, and you can obtain expert medical advice free by addressing Medical Director, 30 Swift Laboratory, Atlanta, Ga.

GERMAN BLOW FALLS

(Continued from page one)

that British forces were operating south of the Avre and is accepted as further indication of General Foch's policy of co-ordination of all allied forces.

Bombarding Paris.

Paris, May 27.—The German long range bombardment of Paris was resumed at 6:25 this morning.

Three of the long range guns, stationed near St. Gobain, were reported to have been destroyed by French artillery and bombs, and there had been a cessation in the shelling for several days.

Shells have been falling at intervals of 15 minutes since the bombardment began.

Attack Near Pinon Forest.

Paris, May 27.—“The Germans launched an attack this morning over the front between Pinon forest (nine miles north and east of Soissons) and Rhins,” the French war office reported.

“French and British troops are resisting with their customary valor.” Several local German attacks were repulsed in Apremont forest, with heavy enemy casualties.

Two German attacks also failed in the region of Limay and northeast of Badonvillers.

The Apremont forest is just east of St. Mihiel and adjoins the American Toul front on the west. American and French troops have frequently operated together in this region.

Limay is on the eastern end of the Toul sector, only five miles east of Secheprey, where the heaviest fighting between Americans and Germans in this entire sector has taken place.

Badonvillers is in the Lunerville sector, where Americans also hold an appreciable front.

GOOD FIGHTING WEATHER.

By William Philip Simms
(United Press Staff Correspondent)

With British armies in France, May 27.—Humble of artillery continues to grow louder, particularly around the valleys of the Somme and Scarpe and in the Ypres region, where the Baugny, Strasseels, Fletre and Borre areas are

particularly involved. Villers-Bretonneux and vicinity also are under increasingly heavy shelling.

The weather has improved and fighting conditions are better. Prisoners without exception are speaking of Mackensen being on the west front and insisting that he will have charge of the coming operations. It is also rumored that German troops have been withdrawn from the Balkans, for use on the west front during the past 24 hours.

I just returned from an extensive trip among the British, French and American troops in the back areas. The fighting spirit everywhere is perfect. Everybody's head is up and they are all thoroughly confident that the Germans will have little success in the coming show.

Between Arras and Albert the German artillery is pounding furiously.

The Somme area is quiet, except for gas shelling. Several German raids were repulsed between Corbie and Fuyiloy.

The Belgian front is becoming more active. Friday night and Saturday three strong German raids—near Passechendaele, Bolsinghe and Dixmude—were hurled back. The raid near Dixmude gained the front line at one point, but the Germans were quickly driven out.

“Coramuel is hitting good track, and it's better to eat a dodger than to be one,” declares the Gresham Outlook.

What Every Dyspeptic Wants to Know

If you are a dyspeptic, if food sores, and ferments after eating causing such terrible pain that you are afraid to eat; if the great question continuously before you is: “How can I prevent it? How can I get relief?”

The answer is easy. Take a teaspoonful of pure Bi-nesia in half a glass of hot water right after eating or whenever pain is felt. This will prevent or relieve indigestion troubles quicker and more positively than anything else and best of all is absolutely harmless. Go to any good druggist today and get a package of Bi-nesia, either powder or tablet form and forget you ever had stomach trouble. Every package contains a binding guarantee of satisfaction or money back; and your druggist, a man you personally know, stands back of that guarantee.

“I SUFFERED SEVEN YEARS”

Was Eventually Cured by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—“I suffered for seven long years with a lame back, irregularities and pain. I had one physician after another but they did me no good. I read about Lydia E. Pinkham's Vegetable Compound and gave it a trial and in a short time I felt benefited and am now feeling fine, and without weakness or pain. Many of my friends have also taken Lydia E. Pinkham's Vegetable Compound and been helped by it.”—Mrs. MARGARET NISS, 1846 E. Hazzard St., Philadelphia, Pa.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, sideache, headaches or “the blues” should not rest until they have given this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for special suggestions. The result of its long experience is at your service.

A Nez Perce Indian, Stephen Ruben, filled the pulpit of the Christian church at Pendleton last Sunday evening, preaching an interesting sermon, the East Oregonian says. Mr. Ruben is pastor of a church at Lapwai, Idaho, and was en route to Washington, D. C.

Children Cry FOR FLETCHER'S CASTORIA

FORTY PER CENT TAXES SIXTY PER CENT BONDS IS PRESIDENT'S PLANS

Both Democratic and Republican House Leaders Won Over by Wilson

Washington, May 25.—President Wilson's war finance policy contemplates raising forty per cent of new revenues by taxation and sixty per cent by bonds, it was learned today.

A memorandum, written by the president and given Senator Simmons and Representative Kitchin, suggested this proportion of bonds and taxes to finance the war.

On this basis the new tax bill, expected to raise \$4,000,000,000 more than the present one, would augur a \$6,000,000,000 bond issue in the fall.

The president's position, as has been repeatedly stated by the United Press, is that Secretary McAdoo's word for the need of new taxes now must be accepted. The country, the president believes needs the new tax legislation. His message will strongly support McAdoo's contention. McAdoo, the president believes, is the “Pershing of this nation's financial forces” and the president, therefore, has no course but to support his commander.

The president holds that, in view of the war situation and the willingness with which the country has backed every move—the liberty loan and the Red Cross included—political expediency should not be permitted to become a factor in the question of whether there should be tax legislation now or later.

Leaders Are Converted

Washington, May 27.—House Majority Leader Kitchin and others previously opposed to tax revenue, voiced approval of President Wilson's message today.

“The commander in chief has spoken,” said Kitchin. “Our duty is plain. We will at once go to the task. We expect to be able to report a revenue bill by August 1.”
