### NEW DRAFTED MEN TAKING INSURANCE

#### Two-Thirds of Them Respond to Letter of Red Cross Home Service

Two-thirds of the men who will be inducted into the service next Saturday, leaving for Camp McDowell, Calif., have responded to the letter sent them by the Home Service section of the Red Cross, asking that each prepare insurance and allotment papers before enlisting.

The men have been appearing at the office of the Home Service section and having all papers prepared in order that as soon as signed by their commanding officer at Camp McDowell, they will be ready to be forwarded to the War department at Washington.

The experience of the Home Service section of the Red Cross is that many men with good intentions, fail to properly make their allotments and to take out their insurance papers. The office of this section is located at the Commercial club and for the past few days has been giving all its time to preparing these papers and helping in many ways to properly prepare allotment records.

From the best of information to be obtained by this Home Service Section, it seems that the allotment papers of the men in Company M have been lost or at least mislaid and there is now no record of such papers at Washington.

It seems the insurance papers of the men have been properly forwarded, but there is no record of the allotment by which the wives of the boys in Company M are to receive any money for their support.

A wire was sent to the Red Cross headquarters in Washington and a cablegram has been sent to the commanding officer of Company M in France, asking that duplicate allotment papers be made out by all the men.

Until these duplicates are received in Washington, the dependents of the soldiers in this company will receive no allowance. The Home Service section has also made an appeal to Governor Withcombe asking him to use his best efforts in rushing the matter of allotments and the forwarding here of the money due to the families of the boys in Company M.

### FIVE WERE KILLED AND DOZEN INJURED

#### Train Running at Moderate Speed Strikes Washed-Out Tracks

Waterloo, Iowa, May 29.—Five persons were killed and a dozen injured when Illinois Central passenger train number 11, west bound, was wrecked near Aplington, 30 miles west of here, early this morning.

The wreck occurred at the approach to a bridge over Beaver creek. The track was weakened by the high water, the locomotive and mail car plunging down the bank and the combination express and smoker turning over.

The known dead are: W. A. Alderman, engineer, of Waterloo. A. F. Golinveaux, fireman, of Waterloo.

J. J. Rae, postal clerk, Dubuque. Two other railway mail clerks, as yet unidentified, were killed.

Rae, who suffered a fractured skull and internal injuries, died in the hospital here. Engineer Alderman and Fireman Golinveaux were instantly killed.

Eleven injured were brought to the hospital here by a relief train that was rushed to the scene of the wreck.

The train was running only at a moderate rate of speed when it hit the washed out tracks. Had the train been running at higher speed, it is probable the loss of life would have been heavier.
