

# Tired Nervous Mothers

### Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

### VOCATIONAL GUIDANCE

Dr. A. L. Lucas of Portland, Or., will speak on this timely subject—vocation guidance—in the Grand theater Monday evening, June 3 at 8:15 sharp. "Hundreds of boys and girls in the grammar and high schools of Salem will graduate this year," said Dr. Lucas, "without a definite, concentrated effort to aspire toward the natural or right vocation. Over 90 per cent of the people of America are misfits—people who change their vocation according to their health, environment and financial gain."

"I am the only person in America who has originated a scientific method whereby one is classified in what I call vocational types, then specifically reared—physically, mentally and psychically—in his or her natural vocation," said Dr. Lucas. A very cordial invitation is extended to educators, school teachers, parents and their children. The admission is free. No collection.

van were herds of oxen, horses, sheep, goats and cattle. Here and there little girls drove flocks of geese before them. Others herded chickens and pigs, poking them with long sticks to hustle them along, sometimes stopping a moment to glance back at the familiar scenes that were being left behind, then hurrying on to give the family livestock another urge on its way.

The peasants walked behind their single cow; those who had once been fairly well to do rode behind dozens of cows, but all were homeless and few had any particular goal in sight.

Where all these who were forced from their homes at a few moments notice are going only knows. Few of the refugees had any particular haven in view. With them it was simply a case of keep going—keep going.

### CUT OUT HEARST PAPERS

Cincinnati, Ohio, May 31.—The board of trustees of the Cincinnati public library today discontinued subscriptions to all Hearst newspapers and ordered removal of all copies of the New York American and Chicago Herald-Examiner issued since the entrance of the United States in the war.

### Lift Off Corns Doesn't Hurt!

Few drops stop soreness, then corn or callus lifts off with fingers.

The world owes thanks to the genius in Cincinnati who discovered freezonia.

Tiny bottles of the magic fluid can now be had at any drug store for a few cents. You simply apply a few drops of freezonia upon a tender, itching corn or a hardened callus. Instantly the soreness disappears and shortly you will find the corn or callus so loose and shriveled that you lift it off with the fingers. Not a bit of pain or soreness is felt when applying freezonia or afterwards. It doesn't even irritate the skin or flesh.

For a few cents one can now get rid of every hard corn, soft corn, or corn between the toes, as well as painful calluses on the bottom of feet. Everyone who tries freezonia becomes an enthusiast because it really doesn't hurt or pain one particle.

Ladies! Keep a tiny bottle on the dresser and never let a corn or callus ache twice.

### SOCIETY

By CAROL S. DIBBLE

The Garden road Red Cross auxiliary will give a benefit concert this evening at Rural chapel offering an exceptionally pleasing program. Included among the numbers will be several vocal solos by Mrs. J. S. Pinnell, Mrs. Lewis Mardock and Rev. H. C. Stoval. Miss Bernice Clark will be the accompanist.

R. M. Hofer, accompanied by his mother, Mrs. E. Hofer, and sister, Mrs. Altha Byron, started last night on their motoring trip to San Francisco.

Mrs. A. S. Brasfield of Berkeley, California, accompanied by her son, Robert, will arrive in Salem this evening for a visit of several weeks with her sister, Mrs. George J. Pearce.

Mr. and Mrs. Frank Myers and two children, Maxine and Darrell, motored to Portland this afternoon to attend the wedding of Mr. Myers' niece, Miss Bernice Blair, which will take place this evening.

Mrs. William Staiger, who with her husband, is enjoying a summer sojourn near Portland at the country home of Mrs. J. J. Murphy, passed Memorial day in Salem. She was joined for the day by her sister, Mrs. E. E. Paddock of Independence.

Mrs. A. W. Anderregg has returned from a two week's stay in Bremerton, Washington, where she was the guest of her daughter, Miss Adeline Anderregg, who is a stenographer in the Puget Sound navy yard. During her visit Mrs. Anderregg had the opportunity of seeing a submarine launched, the event taking place inside the navy yard.

Mrs. C. S. Hamilton will entertain as week end guests, her cousin, Miss Hel' en Huber of Portland, and a friend, who will accompany her. The visitors will arrive in Salem tomorrow.

Another phase of war work, which hereafter will be included in the field of woman's activities, which have been broadened so immeasurably by the varied demands of war, will be outlined and somewhat elaborated upon in a series of three lectures on public speaking for women actively engaged in educational propaganda for the war, under the charge of the educational committee of the state council of defense, co-operating with the University of Oregon extension division. Two of these lectures will be given by Professor R. W. Prescott at Portland, Friday and Saturday nights at 8 P. M. in the Tyrolean room of the Elmsion hotel. A. P. Reddie, head of the department of dramatics at the university, will close the series with a lecture at 2 P. M. Sunday afternoon at the same place.

Mrs. Clifford Brown has returned from Portland, where she has been enjoying a few weeks' visit.

Mrs. John McPier arrived from Long Beach, California, today to visit her aunt, Mrs. Josephine Brown, and cousin, Mrs. J. S. Pinnell, for a few days. Mrs. McPier is enroute to her home at Lewiston, Idaho, after an extended sojourn in southern California.

Salem friends of Miss Ethel M. Jones will be interested to hear that she has received her Master's degree from Stanford University, which she has been attending, taking for her major history. Miss Jones was a former instructor in the history department of the Salem high school. She will spend the summer at her home in Des Moines, Iowa, returning to Salem next fall.

Mrs. Elmer Hilden (Beulah Myers) of Portland, accompanied by two boys, has been visiting friends and relatives in Salem for several days. Mrs. Hilden is a sister of P. G. Myers and a former Salem resident.

### "Kaiser Picture Pleases Crowds"

"The Kaiser, the Beast of Berlin, or the Mad Dog of Europe," as manager Bligh has advertised him, opened to the largest crowds of the season at the Liberty yesterday afternoon in spite of the Memorial day parade that was passing just as the theater opened. The big crowd broke the frames in front of the theater lobby in their rush to get tickets. The members of the G. A. R. attended the afternoon performance as the guests of Mr. Bligh.

Some of the strongest comments were heard as the photo drama were over. One said: "Your show is just what America needs to make it fighting mad." Another said: "You're right, it's a whole of a picture, but you don't paint the Kaiser black enough." And another old man came along and said: "Good for you, give him hell."

### Standifer Employees Will Care For Three

Portland, Or., May 31.—When an American flag was spread out at the G. M. Standifer Construction corporation's Vancouver yard, the employees tossed into it happiness and comfort for three Belgian orphans.

Following the employees' program to adopt one Belgian baby for each launching, \$120 was asked for—enough to keep a child a year. But \$260 was contributed.

Then two of the yards employees volunteered each to adopt a homeless Belgian child. So five babies will be made happier by the launching of the steamer Kincaid.

And fifteen other launchings are in sight at this yard.

### CAUSUS BELLI

"If Pa don't start a war I will," said the clown prince. So daddy did. Of old kings warred with kings over their mutual lady friends. Better, but still inadequate. How foolish all these, while good war causes blossom and go to seed all about!

Who ever started a war over the guilty practice of "sweeping out" while one is gulping down his sliverry bacon and veitina coffee? Over noisy inhalation of food at the next table? Ever hear of international slaughter over hens in war gardens? No, and never will, as long as kings and capotes have marble domes!

A second motor truck, a three-yard machine, has been purchased by the Yamhill county commissioners, to speed up the road work.

### Aumsville Boy Is Successful Flyer

Harry A. Sutton, son of Mr. and Mrs. A. D. Sutton of Aumsville, who enlisted in the aviation service about a year ago is seeing some real life down in Texas at the aviation training field at Camp Kelly, near San Antonio, Texas.

In order to start the Red Cross drive right at Port Lavaca, Texas, the aviation authorities had promised the visit of an airplane from Kelly Field. The Port Lavaca Wave, dated April 11, has the following regarding the visit of the bird men:

"The visiting airplane was one of the regular training planes of the Curtiss type with an average speed of about 60 miles an hour, and carried two men, the pilot and the mechanic. It came from Kelly Field at San Antonio and the flying time was three hours and 40 minutes. Lieutenant Harry A. Sutton, pilot and Lieutenant Frank Goodale, mechanic, were in charge of the plane and were our visitors that afternoon. Lieut. Sutton was transferred to Kelly Field from San Diego, Cal., about eight months ago and is in charge of the 2d Solo station at the aviation field. In other words it is the stage in training just before they finish their course and prepare for their commission."

"Sergeant Goodale is a mechanic and accompanies Lieutenant Sutton on these exhibition trips. Both are exceptionally fine young men to become acquainted with and both of them will long remain in the minds of the people of Calhoun county as exemplary representatives of the nation's great air fleet for their bravery, gentility and their daring."

### Telegraph Operators Hurry to Enlist

San Francisco, May 29.—A Story carried on United Press wires today that the war department has asked California to furnish immediately 300 volunteer telegraphers and telephone men brought two quick candidates.

### Must Continue to Hunt the Submarines

Wilkesbarre, Pa., May 31.—"Our first business is to hunt the submarines. We have hunted them and will hunt them until they dare not appear as assassins of men and women. Our business is to open the roads to France," said Secretary of the Navy Daniels in a Memorial day address here yesterday.

"We have carried many hundred thousand soldiers. In a few weeks the number will reach a million and in a few months it will reach two million and if need be ten million to win the war," the secretary said.

### Sewing Circle With Much Whispering

We Are All Greatly Indebted to Those Who Tell Their Experiences.

Before the arrival of the dark there is such to talk about. The comfort of the expectant mother is the chief topic, and there is sure to be someone who has used or knows of that splendid external help—Mother's Friend.

Nausea, nervousness, bearing-down and stretching pains and other symptoms so familiar to many women are among the dreaded experiences thousands of mothers say they entirely escape by the use of this famous remedy.

Influence on the fine network of nerves and ligaments just beneath the skin is wonderful. By the regular use of Mother's Friend during the period the muscles are made and kept soft and elastic; they expand easily, without strain, when baby is born and the pain and danger at the crisis is naturally less.

Mother's Friend is for external use only, sold by all druggists, and should be used with the utmost regularity. Write to the Retail Regulator Co., Lamar Bldg., Atlanta, Ga., for a valuable and interesting "Motherhood Book." There is a wealth of interesting and comforting to be derived, reading this little book. It is plainly written and will be a splendid little text book for guidance, not only for yourself but will make you helpful to others. And in the meantime do not fail to get a bottle of Mother's Friend from the drug store and thus fortify yourself against pain and discomfort.
