Register for Loganberry picking at 415 U. S. Bank bldg. 14

The Sailors and Soldiers Parents' Club will hold its regular monthly meeting Wednesday evening at 8 o'clock, in the auditorium of the Commercial club. This club membership is composed of those who have a son in the army or navy. An unusually attractive program has been arranged and a well attended meeting is anticipated.

Dr. Glenn Brown of Portland, a graduate of the Salem high school in 1914, has received word of his appointment as a dentist in the naval reserve and will be stationed at the Great Lakes training station. He is a son of Mrs. P. W. Brown of this city. It is understood that his wife will join him at the training station if he is to be stationed there for any length of time.

Frank W. Reed of Lebanon died Saturday and today his body was brought to Salem for burial in the City View cemetery. The funeral services were held this afternoon from the parlors of the Rigdon company. For 11 years he was in the employ of the government in Alaska and it was but a few months ago that he returned to Lebanon and bought a farm on which to live.

Jesse R. George of Salem enlisted today through the local navy recruiting station, going into the hospital corps. Hugh W. Seefeld of Turner also enlisted from the recruiting station at the postoffice selecting reserve seamen of the second class. Although young Seefeld is just past 18 years of age, he managed to show up with a chest expansion of five inches, something rather unusual according to recruiting officer J. E. Adams.

Due to the many urgent requests of Salem residents, L. L. McAdams the local astronomer will remain in Salem next Saturday during the eclipse. He had hoped to go to Glendale but will remain here in order that Salem folks scope. Mr. McAdams says that at present there are 30 spots on the sun, only two of which are active, showing explosions. He hopes to place his telescope in a favorable place for the Saturday eclipse.

During the rush of entrainment for Camp McDowell Saturday evening at the Union depot, 13 of the men became entangled in the crowd and failed to get aboard as the conductor made the last call. Although he was told that several of the boys were missing, he refused to hold up the train a few minutes. But later he held it up an hour at Marion waiting for the 13 missing ones to catch up with the train via the automobile route. As soon as the train pulled out without the 13 men who were struggling through the crowd, those in charge at once wired headquarters and orders were sent out to hold up the train at Marion, as no operator was on duty at Turner. The men were hurried in autos offered by volunteers and at midnight, joined their comrades. In the meantime the crowds at Albany were kept waiting one hour for the special troop train.

This Week Offers You Unusual Buying Opportunities

You will find pleasure in selecting your Summer garments at this store. On display here, you will find almost everything you could desire in ready made garments for summer wear, or the materials from which to make the garments yourself.

We have planned far ahead for our annual June showing of summer merchandise and have secured goods that only early buying could bring. Many things which you will see on display are exclusive with this store--no place in the surrounding community is showing such dainty Summer Dresses, smart blouses and lingerie, and such a complete assortment of wash goods, silks, and ribbons. You'll enjoy shopping here, that's a certainty.

NEW WASH FABRICS FOR SUMMER

Women who visit this store tomorrow and all the week will have the opportunity to see our entire assortment of beautiful new wash goods on display. To show this splendid line of goods, it has been necessary to cover counters and tables. While the goods are all out and displayed, a splendid opportunity is presented to select summer fabrics under most favorable conditions. Hundreds of desirable fabrics in fashion's favorite colorings are now open for inspection. Don't miss this special exhibit this week.

SUMMER SILKS

Visitors to our Silk section will find an abundant assortment of taffetas, messaline, crepe and foulard silks on display for easy selection. These pure silks are unusually attractive in their rich colorings and artistic designs and are immensely popular because of their good wearing qualities.

A Bevy of Beautiful Blouses

Since simplicity is the keynote of skirt styles this season, fashion decrees that the blouse must harmonize perfectly in beauty and design.

We have on display just those kind of blouses--smart models in Georgette and Crepe de Chine. You'll delight in seeing them--you'll be captivated with their charm. They are moderately priced, too. From

After spending several months visiting in the east, W. L. McMillan has returned to his home on the Pacific highway.

Eunice Holstein left this morning over the Oregon Electric for Puyallup Washington.

Mrs. Estelle L. Brunk, left this morning for Seattle.

Mr. and Mrs. Theodore Roth and Mr. and Mrs. L. C. Elwell were in McMinnville yesterday attending the commencement exercises at McMinnville college.

Patriotic Mass Meeting at First Baptist Tonight

A patriotic mass meeting will be held this evening at the First Baptist church under the auspices of the national committee on the Moral Aims of the War.

Dr. George W. Namyrth, who will speak on 'The Problem of World Reconstruction,' has been associated with the federal fuel administration of Dr. Garfield as secretary. He also holds several other official positions in connection with world work in the general uplift endeavors.

Dr. Sidney L. Gulick will talk on 'The Moral Aims of the War.' Dr.

MILLMEN PROTEST PROPOSED RATE RAISE

Assert That Percentage Increase Will Work Hardship Upon Them

The Western Retail Lumbermen's Association representing 1,200 retail dealers in twelve western states, with headquarters at Spokane has addressed a letter to Director McAdoo protesting the 25 per cent increase in freight rates. They point out that while it is ostensibly the fair and proper way to make the increase deemed necessary to meet expenses, it practically is a great discrimination against the west. The increase in rates is in the nature of a tax, and as such should be borne by all the people alike.

It should be equally divided. As a matter of fact the percentage system legislates against those furthest from the point of production. A man on the Pacific coast would under the percentage system pay \$1.00 freight on 100 pounds of clothing. The man in New York on the same material would pay one cent. At the same time the person living at the point of production would pay nothing. It will be seen that the per centage rate is discriminatory, and is especially so as against the Pacific coast.

Again it is pointed out that freight rates on the coast are already double what they are in the east, so that the westerner paying a straight 25 percent increase on an already double rate pays as compared to the easterner, a 50 percent increase instead of 25. Instead of this per centage plan the Association suggests an increase of one cent per hundred weight on all freight. It suggests that this would not cause even a murmur, it being but 20 cents on the ton. The statistics for 1916 show the roads hauled during the year 2,179,504,934 tons of freight. It is estimated the increase is such that this year the total would be not less than 2,500,000,000 tons and one cent per 100 pounds on this would raise \$500,000,000. If, as it is stated, the sum of \$500,000,000 is needed to meet increased operating expenses, the demand should be met by making the increase per 100 pounds a cent and three fifths on each 100 pounds. This would raise the coin without any protest from anyone.

In this connection the railroad commission of Washington has asked the Public Service commissions of Oregon and Idaho to meet with it and formulate a protest or take some other appropriate action, and it is probable there will be such a meeting soon at Portland.

Gulick is a well known missionary from Japan where he taught for 25 years in the leading universities including the Imperial University of Tokyo.

Both men are regarded as leaders in the educational world. For the past month they have been speaking in the larger cities on the Pacific coast.

GRETTIE.—To Mr. and Mrs. Roy Grettie. She has been named Hazel Roberta. She was born May 30, 1918, a daughter.

SALEM DOCTOR CURES CANCER

Mrs. Juliet Adams, Prominent Resident of Polk County, Cured of Cancer of the Face.

To Whom It May Concern: For six years I suffered with cancer of the face. I was haunted by the realization that it was steadily becoming worse. As a last resort I applied to Dr. S. C. Stone for treatment. He applied a remedy for a few days and the cancer dropped completely out. I am happy to say that I am now completely free from the dreaded disease. I cheerfully recommend Dr. Stone and his treatment.

—Mrs. Juliet Adams, R. 1, box 14, Salem, Or. November 30, 1917.

I will be pleased to refer you to other Salem people whom I have recently cured of cancer.

The program for Tuesday is as follows: Inter-class Field Sports 9:30 a. m. Baseball game 2:30 p. m. Girls' Mandolin and Guitar Club recital 8:00 p. m.

HENRY HILGEN DIES.

Last Friday evening, May 24th at 10 p. m., the spirit of Henry Hilgen took its flight to the great beyond.

Deceased was little known here, being well advanced in years when his daughter, Mrs. B. Paulsen came to Hubbard. He was born in Wilhelm's Haven Oldenburg, Germany, on the 12th day of February, 1837. He came to America when a young man and took up a homestead near Battlereck, Nebraska. On the year 1894 he married Miss Lena Manske. Three children, Herman, Mary and William came to bless their home, one girl and two boys. In 1869 she died. For 29 years he was a widower. In 1890 he sold his homestead and moved on a farm near Pierce, Nebraska.

In 1893 he married Mrs. Anna Blanghoop. In the spring of 1914 he and his wife came to Hubbard, Oregon, to make their home. A year later they went to Portland to make their home at the Altheim. Mrs. Hilgen died Nov. 8, 1915. On the 20th day of April, last, Mr. Hilgen returned to Hubbard to make his home with his daughter, Mrs. B. Paulsen. The Paulsen family alone of near relatives survive him. He was reared in the German Lutheran church and when he came to Oregon to make his home, he united with the church of that fellowship in Aurora, Ore., where his membership remained till his death—Hubbard Enterprise.

FAIRBANKS IS SINKING.

The program for Tuesday is as follows: Inter-class Field Sports 9:30 a. m. Baseball game 2:30 p. m. Girls' Mandolin and Guitar Club recital 8:00 p. m.

GROVER GOES TO STAYTON

C. F. Grover who has been principal of the Aurora high school the past year, has been offered the city superintendency of the Stayton schools at \$150 per month, and has resigned here to accept the place. He will go to Stayton for a few days immediately after the Aurora school closes. His family will probably remain here for the summer.

CLOVER SEED PEST GOES WEST

Washington, D. C., June 3.—Clover seed growers of the northwestern states should be on the lookout for tiny maggots in the red clover flowers this spring. They may be the larvae of the clover flower midge, a pest which for many years has dampened the prospects of clover seed growers in the eastern and central states, and which a few years ago responded to the wide famed advice of Horace Greely, and migrated to the fertile fields of the west to seek a livelihood and carry on its thosen work of destruction. Far-
