SELL PRIVILEGE OF DRIVING FIRST AUTO ACROSS BRIDGE

Red Cross Executive Committee Plans Hummer of Celebration

How much will a resident of Marion county give to be the first man to drive his automobile across the new bridge into Polk county. And how much will a resident of Polk county give for the same privilege, coming from Polk county, on the day the bridge is to be formally opened with one of the greatest celebrations ever held in Marion or Polk counties?

At a meeting held last evening by the executive bridge committee of W. Lamotte chapter, Red Cross, it was decided to make the opening of the bridge an event long to be remembered in Polk and Marion counties, and every dollar raised on that occasion to be given to the Red Cross.

The tentative plans as outlined last evening call for the erection of a large platform for speakers on the east side of the bridge. The bridge company has agreed to clean and clear off Water street near the bridge where concessions will be sold.

The day's program to begin at 9 o'clock in the morning will include band concerts, river sports bathing at Riverside Dip, exhibition drills by the four companies of the Second battalion and the official turning out of all fraternal organizations in the city. The Chicanos in uniform will serve as officers of the day.

There will be auctioned off, besides the privilege of first crossing the bridge in an auto, the privilege of the first foot passenger and pennants will be on sale that give the holder the privilege of crossing the bridge at any time during the day's celebration. It has been mutually agreed by the Polk and Marion county courts and the builders of the bridge that the Red Cross shall be given the entire rights of the bridge for the one day's big celebration.

To awaken general interest in this event, scheduled for about the middle of July, the executive committee will arrange for publicity excursions to be sent to all parts of both counties. As the entire celebration is in the way of a Red Cross benefit, each of the many auxiliaries in Polk and Marion counties will be invited to spread a table in Marion square, the profits of each table to go to the auxiliary in charge.

The executive committee announces that in view of the fact that no special celebrations are scheduled for this summer in Salem, that the formal opening of the bridge will undoubtedly be the greatest event of the year with an estimated attendance of 15,000.

The program was arranged under the direction of the state lecturer, Mrs. Minnie K. Bond of Eugene. The meeting was in the order of a patriotic gathering.

The first number was the singing of "America" by the audience. Mrs. Mason Bishop of Salem, sang in a sweet voice, "Keep the Home Fires Burning." She was very heartily cheered and responded with "Somewhere in France is a Lily." The next number was a Japanese costume song, by little seven year old Henrietta Bishop and an encore she sang "Long Boy." The accompanist for these two numbers was Miss Helen Moore of Willamette University. Professor Pittman of the Oregon Normal gave an address on Rural Teaching and introduced Miss Gladys Carson, the rural critic teacher, of the Monmouth Normal, who introduced some of her pupils in the work they are doing. The orations given by the different pupils was a great credit to themselves as well as their teacher.

Professor Kerr of O. A. C. followed with a patriotic address. The Ladies' Quartette composed of rural teachers from Monmouth gave two excellent numbers. Their accompanist being the music instructor of Monmouth. The audience was dismissed with the singing of "The Star Spangled Banner."

Growth of Motor Business Is Great
The statement of motor vehicle registrations just issued by the Secretary of state tells a surprising story as to the growth of motor vehicle business for the period from January 1, to May 31, the showing of registrations by years is as follows: 1913, showed 11,048 motor vehicle registrations; 1914, the number was 12,657 in 1915 it had grown to 19,009 and in 1916 to 27,311. In 1917 the total was 35,242 and this year 54,471. In five years the number of Oregon owners of trucks and autos has increased five times. The report for 1917 shows that from May 31 to December 31, the number of registrations was 10,390. In the same proportion of increase there should be registered by the end of the year in round numbers about 70,000 motor vehicles.

A comparison of the fees received is also interesting. In 1913 they were \$76,873. In 1916 they had grown to \$146,324, and in 1917 to \$199,787.50. From January 1, to May 31, this year the total receipts were \$108,677.50. At the same rate of increase in registrations for the year as was shown in former years, the total income for the state from this source should be about \$260,000. This money is all, under the law passed at the last session of the legislature, to be expended on the state highways, or rather to be used in paying the bonds sold for doing that work.

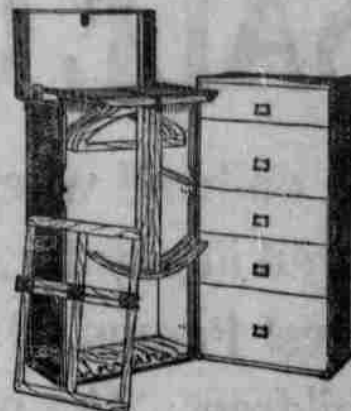

NEGROES AGAIN QUIET.
Henrietta, Okla., June 6.—Negroes in Salem, near here were back at work today, their incipient riot broken up by some home guards from Henrietta.
