### REPRESENTATIVE MAY BE SENT ABROAD

#### Colonel E. M. House May Be Selected For Mission by President Wilson

By Robert J. Bender  
(United Press staff correspondent)  
Washington, June 7.—A plan for sending a permanent representative of the government abroad to help coordinate war activities outside of the strictly military, is being given official consideration. Colonel House, President Wilson's confidential adviser, may be the man selected, or there may be a more extensive system whereby the white house, the war and navy departments would each have a representative.

While the war department will make no official announcement at this time, it was learned that this proposal is now taking form. At present the federal trade committee, shipping board and other government branches are represented in Europe. Their work is not entirely coordinated. General Pershing is the main American representative abroad but his position as commander of the American expeditionary forces does not contemplate any part in financial, political or diplomatic activities. For this reason the need for civilian representative or representatives, with full authority to speak for President Wilson and certain cabinet officers is considered essential. The suggestion has been made that Assistant Secretary Roosevelt should represent the navy and Assistant Secretary Crowell the army, while House acted for the president.

This plan, however, is not meeting favor and apparently neither Crowell or Roosevelt will go abroad. On the other hand, the war department let it be known that the chances are that a single agent will be sent. Because of his closeness to the president, Colonel House is considered the logical man for so important a mission.

### ONE U-BOAT

(Continued from page one)  
14—six steamers and eight schooners. The missing total 35—ten passengers and 25 of the crew of the Carolina. Word came today of the safe arrival at a West Indian port of a 10,000 ton liner for which fear had been felt. New York's lighting restrictions are being made more drastic. Street lights at some places are regulated. A false air raid alarm, caused by blowing of locomotive whistles, caused great excitement in uptown Manhattan, many fleeing to cellars, while the police were deluged with telephone inquiries as to which way the supposed air raiders were heading.

### Port is Re-opened.

Philadelphia, June 7.—The Port of Philadelphia was reopened today following the clearing of the mine field in Delaware bay.

The Eagle Valley News states that there is a movement under way to establish a flour mill in Richland this summer.

### BELL-ANS Absolutely Removes Indigestion. Druggists refund money if it fails. 25c

### RED CROSS MAKES A LARGE SHIPMENT TO HEADQUARTERS

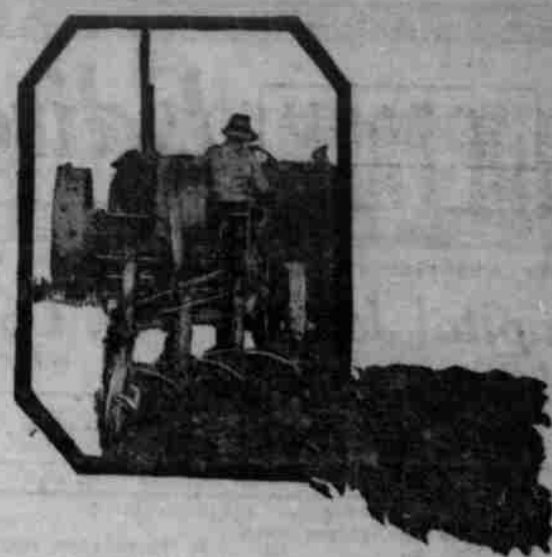

#### Many Auxiliaries of Willamette Chapter Doing Much Work

Red Cross headquarters in the U. S. National bank building today shipped the following to Seattle:  
1350 abdominal bandages.  
1120 triangular bandages.  
90 suits pajamas.  
Headquarters of the Red Cross in need of 1300 dish towels. It is suggested that sugar sacks of 100 pound size or flour sacks of 50 pound size or larger will be very appropriate. The edges should be hemmed, the small holes cleaned and the sacks washed clean.

The chapter has also been called upon to furnish 300 dish cloths. Use sugar or salt sacks from 10 to 50 pounds. It is not necessary to finish the edges, but the sacks should be washed clean. These calls are urgent. The cloths should be sent to the Red Cross headquarters at the U. S. National bank between June 12 and 14.

The work of the Home Service section of the Red Cross is looming up big. During the month of May 106 families were visited; services were given to 42 families; information to 124 families and financial assistance given amounting to \$85.20.

No more comfort pillows or quilts are needed. If any auxiliary has a supply on hand, it is suggested that the quilts be sold and the cash turned into the

### CASE—the dependable Tractor

The five sizes of Case kerosene tractors have demonstrated their worth by exhaustive tests in all soil and climatic conditions.

You can depend upon them for economical fuel operation. You can depend upon them for simplicity—ease of handling—durability—plowing a proper seed bed—for doing all kinds of farm work.

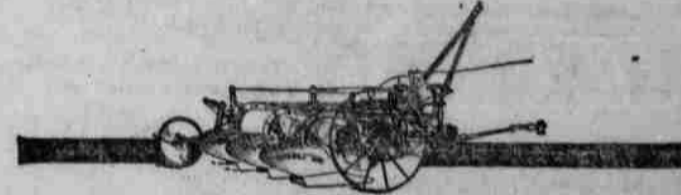

And back of this tractor is a strong dependable organization that you know for its years of production of highest quality farm power machinery.

### OLIVER—the dependable plow

Just as Case tractors have been tested and proved dependable, so Oliver tractor plows have universally proved their dependability.

Easy to operate—durable—with positive power lift for raising and lowering of bottoms—these are the Oliver qualities you need in a plow to save your time and give you 100% plow results.

Drop in and let us talk to you about your tractor and plow requirements.

  - Lovel Geer, Salem, serial No. 668, order No. 465.
  - P. Simon, Woodburn, serial No. 527, order No. 475.

### No Humbug! Lift off Corns

Doesn't hurt a bit to lift a corn or callus off with fingers.

For a few cents you can get a small bottle of the magic drug frezone recently discovered by a Cincinnati man. Just ask at any drug store for a small bottle of frezone. Apply a few drops upon a tender, aching corn and instantly, yes immediately, all soreness disappears and shortly you will find the corn or callus so loose that you lift it out, root and all, with the fingers. Just think! Not one bit of pain before applying frezone or afterwards. It doesn't even irritate the surrounding skin. Hard corns, soft corns or corns between the toes, also arched calluses on bottom of feet, just seem to shrivel up and fall off without hurting a particle. It is almost magical. Ladies! Keep a tiny bottle on your dresser and never let a corn or callus ache twice.

T. A. Windschlar, Mt. Angel, serial No. 446; order No. 477.  
P. C. Berhorst, Hubbard, serial No. 743; order No. 467.  
E. H. Riches, Woodburn, serial No. 308; order No. 485.  
F. A. Skonetzky, Mt. Angel, serial No. 429; order No. 486.  
Hartvik Moe, Alaska, serial No. 10693; order No. 494a.  
G. Torriano, Salem, serial No. 702; order No. 497.  
The local board allotment in a special call is for 7 men, who are to receive a special training course at the Benson Polytechnic School. Those who have volunteered are: A. DeGuire, G. N. J. Merton, P. E. Wolf, F. C. Berhorst, E. H. Riches, B. H. Kuensting, J. W. conhardt, G. J. Schnee, E. W. Stontr.  
Bertle O. Bayley, route 3, Aurora, who has been in a hospital but is all right again, feels that he is a slacker in class V and asks to be placed in class I. At his request he will be re-examined.—Woodburn Independent.

Many robins, sparrows and other small birds have lately been found dead on the ground at Pendleton, The East Oregonian says it is thought they were poisoned in some way, for it is unusual to find so many dead in the spring and there seems to be no indications of internal injury.

### WHEN WEAK OR RUN DOWN

by chronic or acute throat and lung troubles which often decrease efficiency and menace his life, try ECKMAN'S ALTERNATIVE. This is a Calcium preparation possessing of marked tonic value in addition to its remedial qualities. Contains no Alcohol, Narcotic or Heat-Forming Drug. \$2 size, now \$1.50. \$1 size, now 80c. Price includes war tax. All drug stores. Eckman Laboratory, Philadelphia.

Children Cry FOR FLETCHER'S CASTORIA

### ACTRESS SOLVES MAKE-UP PROBLEM

This celebrated American actress has exceptional talent for playing juvenile roles, but for many years it was necessary for her to exercise the most painstaking care in her make-up, because her hair was so streaked with gray that it was noticeable across the "footlights," and dyes are in bad taste, giving the hair that objectionable dyed look. The problem of making-up for juvenile parts was simplified for this noted actress recently when she began to use Q-Ban Hair Color Restorer, which completely removed the gray streaks and fully restored the natural dark color of her hair, which now gleams with health and beauty. It is no longer necessary for her to resort to dyes or wear a wig on the stage.

ALKALI MAKES SOAP BAD FOR WASHING HAIR  
Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain purified coconut oil, for this is pure and entirely greaseless. It's very cheap and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Jerome, Arizona, Is Scorched by Fire  
Jerome, Ariz., June 6.—Two men were burned to death, several others were badly hurt or burned and 120 houses, mostly occupied by the families of Mexican miners were destroyed by a fire which swept the northeast part of town today. For more than two hours the blaze threatened to entirely wipe out the town. The loss is estimated at \$250,000, but as the houses destroyed by fire were of flimsy construction, nearly one thousand are homeless. The majority of the victims were able to save their more valuable effects. Relief measures have already been inaugurated by a citizens' committee. Owing to a long drought, the flimsy construction of the houses and the fact that they were close together, the fire spread rapidly, despite the efforts of the firemen, who finally confined their efforts to checking a spread to the business section.
