NEED THOUSANDS TO PICK BERRIES IN SALEM DISTRICT
Energetic Measures Are Being Taken to Secure Necessary Labor This Year

Five thousand pickers are needed in the Willamette valley to properly care for the loganberry crop and of this number it is absolutely necessary that fully 2,500 be employed in the vicinity of Salem.

At this meeting plans were worked out by which parties of from 25 to 30 women and girls were to be assigned to different loganberry yards, all properly cared for in tents and all under the care of a carefully selected director.

A promise of aid has come from R. P. Bonham, immigration inspector at Portland. He agreed that a federal agent should be sent here next week with headquarters in the room used by the Red Cross drive on State Street, and that this agent should co-operate with the forces working here and with the labor bureau in Portland.

MAMMOTH public auction sale, to be held at W. J. Turnidge farm June 18, located 1 1/2 miles east of Buena Vista, in Marion county, near Talbot station on Oregon Electric car line, 8 miles west of Jefferson. I will offer for sale over 80 head of cattle—Jersey, Holstein and Durham grades, consisting of cows, stock cattle and beef steers.

YOUR EYES MAY SUIT YOU but perhaps your glasses do not. Let us make you a pair of our carefully fitted glasses, ground for YOUR particular need. Our work is guaranteed.

DR. A. McCULLOCH, Optometrist, 204-5 Salem Bank of Commerce Building.

canvass of the town will be made and those who are not working will be interviewed by the federal agent. For the small camps tenting facilities will be provided and it is suggested that those who have small tents should loan them during the early part of July. There may be something of a shortage in tents and those who are willing to loan them should notify the Y. W. C. A.

Loganberry pickers will be paid 1 1/2 cents a box with a bonus of 1/4 cent a box for staying during the season. After the loganberries are harvested, other fruits are coming on and for this reason it is hoped that entire families will line up for the entire summer season.

In Canada when the harvesting of the crops is at stake, the stores are closed two days a week in order that all may help. In this country and in this section when the loganberry crop is imperiled, it has been suggested that a house to house canvass be made for workers. School children over the age of 12 years can receive application blanks at the Y. W. C. A.

Recital, Musical Event of Special Interest
An evening of much musical interest took place on Friday evening last at the First M. E. church, when Prof. T. S. Roberts presented his pupil, Miss Lucile De Witte, in piano and organ recital.

The Overture to "Tannhauser," arranged as a piano duet, was magnificently given. Beethoven was represented by his "Andante Favori in F," and Miss De Witte's interpretation of it was marked by beautiful and effective shading and phrasing, displaying a facile yet firm touch.

Miss Ella E. Hirsch, daughter of Mrs. Edward Hirsch died at Portland Friday morning. Miss Hirsch was born in Salem and received her education in the Sisters school here. Her father, Edward Hirsch was state treasurer for eight years. Besides her mother, four sisters and two brothers survive her.
