## "JOAN THE WOMAN"

Based on the life of "JOAN of ARC"

BLIGN THEATRE

**\$10,000 Ad Displayed At Perry's Drug Store**

In the window of the Perry's Drug Store on 118 S. Commercial street, there is displayed a double-page advertisement from the current issue of a great national weekly that brings the war on the sea directly home to this section, and to the store where the advertisement appears. The proprietor of the store has a personal interest in the advertisement also, for it relates to war work that he is doing for the Government. Furthermore, he helped to pay for it—and the cost of the "ad" for the single issue was \$10,000.

The advertisement asks for 50,000 men, between 21 and 30, for service in the new Merchant Marine. In the language of its headline, it offers "50,000 jobs at sea" to clean-cut young Americans. It states that the U. S. Shipping Board will give them special training before putting them into actual sea service, carrying supplies to our armies and Allies in the fighting fields of Europe. So much importance is attached to this work that men accepted for it are exempted from a call to military duty.

The advertisement relates further, that "the REXALL STORES throughout the United States, nearly 7000 of them, have been designated by the Government as enrolling stations for the U. S. Shipping Board. At these stores, right in their own home towns, young men may now 'sign on' for training and subsequent sea duty in the U. S. Merchant Marine."

The personal interest of Mr. Perry in common with other REXALL druggists, in this striking war announcement, is contained in the concluding words of the advertisement, which are: "This use of the stores and the expense of this advertisement are a contribution by the REXALL STORES to the cause of Liberty."

### I need a new Bearing—Quick

When you need service on the bearings in your car, truck or tractor, you want it quick. You do not want to lose the use of the machine for a week or ten days or more.

We are the authorized local agency of the Bearings Service Company, national service representatives for Timken, Hyatt and New Departure bearings. Motorists, garage men and repair men can best be assured prompt, expert, dependable bearing service by dealing with us.

**Halvorsen & Burns**  
Authorized Agency  
Bearings Service Company

We can get along very nicely without fireworks on the Fourth of July, but many citizens should at least fly a new flag.

**YANKEES PREPARED**  
(Continued from page one)

The rain sweeping this section has rendered the front positions cold and wet, in contrast to the heat of the past few weeks.

In the meantime, the greatest air activity continues along the lines despite the weather. Fighting and bombing planes headed for boche territory, look like huge flocks of crows. The Germans are bombing allied backwaters with the allies heavily retaliating.

One American field hospital was so endangered by enemy bombs that preparations have been made to evacuate it but the nurses and doctors are still on the job.

**PASSENGER LINER**  
(Continued from page one)

voying destroyer stopped suddenly, signaled "submarine in sight," and turned back. Racing away from the steamship it dropped several depth charges overhead. The inference was that another U-boat had been destroyed. The ship was met about 150 miles from this port by a United States hydro-aeroplane and a destroyer which escorted the liner to port. Passengers also stated it was rumored aboard the ship that the wireless operator had picked up a "S. O. S." call from an outgoing steamer which stated she was being attacked by a submarine. This could not be verified as officers of the vessel refused to talk.

**Trading In Futures of Salmon Prohibited**

Portland, Or., June 11.—With an announcement of new prices for canned salmon today it was learned that trading in it was abolished by the government and that the new price is 25 cents a dozen cans over the price a year ago. The prices from the canner to the wholesaler are:

One pound talls \$3.50 per dozen,  
One pound flats \$3.25,  
Half pound flats \$2,  
Ovals, \$3.95.

Canners may sell only as they pack and not deal in futures.

The government requires that canners reserve 25 per cent of their output for government uses.

Shad also will advance 25 cents over a year ago, the new price being \$1.75 a dozen cans.

**The Real Test**

—of gasoline is in its boiling points. In "Red Crown" they form a continuous, uniform chain, — giving easy starting, quick acceleration, power and mileage. Look for the Red Crown sign before you fill.

STANDARD OIL COMPANY (California)

**The Gasoline of Quality**

**ARTILLERY IS ACTIVE**

By Frank J. Taylor  
(United Press staff correspondent)

With the American Armies in Lorraine, June 11.—Both artilleries were increasingly active on the Toul front yesterday evening and last night. German guns attempted to seek out a number of American positions but were unsuccessful.

A heavy rain has caused cessation of aerial activities.

The Americans here are eager to participate in the big fighting and feel qualified to duplicate their comrade's feats in the Marne district.

**Interned German Shot Attempting to Escape**

Chattanooga, Tenn., June 10.—Arthur Hueller, a German wireless operator interned at Fort Oglethorpe prison camp, was shot by a guard Sunday while attempting to cut through the barbed wire stockade, it was announced late today. Hueller was shot through the abdomen and probably will die.

He was interned some time ago. Federal officers charged that he had been sending wireless messages to Germany telling of ship departures.

**Heavy Flour Reserves May Be Drawn Upon**

Washington, June 11.—Emergency reserves of flour totalling 500,000 barrels are piled in more than twenty cities throughout the United States for use in case of bread famine, it was learned at the food administration today.

These stores, equivalent to 2,250,000

**ADVISES GIRLS TO KEEP ALERT**

Women who work must give more than ordinary attention to their personal appearance if their names are to be long in the land of the pay roll, the dean of Detroit stenographers recently declared in a lecture to working girls.

"Not all of us can afford an elaborate wardrobe," she said, "but the poorest of us can afford to buy good soaps and toilet preparations for our skin and hair. They pay big dividends in the business world."

This veteran typist, admits she is past 40, but says she keeps gray hairs away by using a preparation she discovered several years ago called Q-Ban Hair Color Restorer. She is enthusiastic in its praise, and says it not only chases away the gray hairs, but also helps her hair grow. The Dean is a marvel to her friends.

**DANCING HORSES AND SINGING GIRL RIDERS PRETTY DISPLAY**

The sardine may not like its can, but the dancing and posing horses with the Sells-Floto Circus are mighty fond of their saddles, and the thirty pretty women in those saddles, when the big show band strikes up the latest one-step during the performances, which will be seen in Salem, Thursday the 13th.

Imagine, if you will, the hippodrome track circling the big top with some thirty blue ribbon horses stepping, gliding, swaying and prancing thru the intricacies of the 1918 variations of the tango. Imagine the band slipping from the one step to the fox trot, and from the fox trot to the waltz, with the horses following in perfect rhythm and in faultless exactitude of steps.

Such is the sight twice daily, and the circus men claim that the beauty of the number appeals to the crowds in the huge stands as few high school and menage acts do. Later in the act, as the horses pose in various groupings, the fair riders sing pretty choruses of the latest song hits.
