Polk County Delegate Back From State Grange

(Capital Journal Special Service) Monmouth, June 11.—Mrs. Julia Stockholm, delegate from Polk county to the state grange, returned to her home at Monmouth on Saturday afternoon, June 11, after a week's session at the state grange in Portland. Mrs. Stockholm, who is a delegate from the Polk county grange, was unable to attend at any session, on account of the extra work incident to the creation of the new granges which are causing trouble this year in the prairie states of "Monmouth Orchard," farm of which he is manager. Monmouth grange had no delegates this year to the state grange as subordinate granges are entitled to send delegates only once in three years. Visiting members of Monmouth grange last week were Mr. and Mrs. Wm. Riddell, Jr., and Mrs. P. O. Powell, Mrs. T. J. Edwards, Mrs. E. R. Ostrom and Miss Maggie Butler. Several of these at least, were well pleased with the elections and especially with the action taken by the grange in confining the editors of the Statesman and the Oregonian for printing articles containing the names of other granges in the matter regarding State Treasurer C. E. Spence and grange members. Mrs. Lizzie Bowman and family left Friday morning for an auto trip to Yachats where they expect to spend several days at the seaside. Mrs. Bowman has been ill for some time and her doctor has ordered complete rest. Several weeks ago she was doing heavy work, repairing fences when she suffered a stroke of apoplexy.

Miss Alma Riley, who has just finished a term of school at Rickreath, was married there Wednesday very quietly to a Mr. Burton of Hood River. The bride is a sister of Paul Riley of this vicinity, and has many friends here who wish her the best of life. The couple have gone to Hood River where they expect to reside.

The regular monthly meeting of Monmouth grange No. 476, occurred Saturday with a very high attendance. The proceedings of the state grange was discussed at some length. Mrs. Winnie Braden of Dallas was present and spoke in behalf of the thrift and war saving stamp campaign. A Hoover dinner was served and the usual offering was taken for the Red Cross. The grange decided that for the next three months the meetings will be held in the evening of the second Saturday instead of the usual all day sessions.

Mr. and Mrs. Wm. Riddell attended to Albany Saturday, to attend to business matters.

Rain is needed very badly in this section, gardens and spring grain are suffering and strawberries are beginning to dry on the vines for lack of moisture.

People of this vicinity watched the eclipse with much interest.

A. H. Craven has a small tract of wheat of the new "Burbank" variety, which is especially fine. It is nearly five feet tall and is heading out.

Dr. J. B. Gridler, who practiced dentistry here a few years ago, has moved from Independence to Tillamook, which he believes is a better field for his line just now.

The high school swimming team, composed of Beth Ostrom, Zeta Smith and Annie Stemberg, are to take part in a swimming contest between various teams of Polk county at the annual county club picnic, which comes off at Falls City next Friday. The winning team will receive \$3 in thrift stamps.

Mr. and Mrs. G. R. Crowfoot and children of The Dalles arrived Thursday for a visit with relatives here. Mrs. Crowfoot is a daughter of Mrs. Burkhead, and has been a teacher in the schools of Wasco county for 23 years. Owing to the impassible condition of part of the Columbia highway where work is being done, the family car had to be shipped from The Dalles to Portland.

Farmers Fix Wages For Harvest Work

Pendleton, Or., June 11.—Farmers representing ten grain producing counties of eastern Oregon and Washington yesterday fixed wages for the coming hay and grain harvest, declared today there will be no shortage of farm labor in their territory.

On the contrary, they declared, cheap living conditions on the farm together with the good wages allowed will draw men away from shipbuilding neighborhoods where the cost of living is high.

Common labor for the coming season will receive \$3.50 a day. Stackers and loaders will get \$4; header and harrow drivers \$5 and sack sowers on standard machines \$5. No standard day was fixed. The ten hour day was defeated.

Road Work In Progress In Macleay District

(Capital Journal Special Service) Macleay, Or., June 12.—Horses were stronger than harness and clevises Monday, but in spite of a few breakdowns, the road crew, under the direction of Jack Patton, plowed several furrows on the Tooker hill, preparatory to grading. Two teams were used, Verno Patton's and Theron Russell's Claude Chamberlain held the plow.

Mr. Patton has been patching the road with gravel and as soon as a short stretch of road between Macleay and Shaw is repaired the highway will be opened to Detroit. A new bridge was placed near Kaiser's Tuesday of this week. So far, Mr. Patton has been able to obtain only 30 yards of gravel for use in his district, but as soon as the county finishes its work on the Pacific Highway near Aurora more gravel will be hauled here.

A party of four Macleayites took a vacation Saturday, and taking the Russell's Buick, motored to Newport by way of Black Rock. The party consisted of Homer and Theron Russell, Leo Anderson and A. J. McLain. On their way of Black Rock. The party consisted in a lumber camp near Black Rock, and after going deep sea fishing at Newport, returned Sunday morning by way of Corvallis and Shelburn.

Guy Yang, corporal in M. company, 162d Infantry, A. E. F. writes from southern France that he is sure of good times. He tells of parties and other good times. It seems that he is not close to M. headquarters, for he says he is not with any of the boys from this section.

Hilda Lentz is near the coast, visiting her brother, William Lentz. She is now quite recovered from her recent illness.

Miss Wilhelmina Cook, assistant to Dr. E. E. Fisher, spent the week end at Martingue, the H. E. Martin home.

Mrs. F. T. Nash, was called to Salem Monday night by the illness of her father.

Mrs. Theron Russell, who with Mr. Russell attended the Scio high school graduation exercises a week ago, is justly proud over the record made by her brother, Harvey McLain, who was one of the June '18 class. For three years his average in mathematics has been 97.7 per cent and in recognition of this and his excellent school record, he was awarded a Willamette University scholarship.

Grandpa Taylor, father of Perry Taylor, was quite ill last week. Dr. Morse being called. He is better at present, and is able to be around again.

Auburn News

(Capital Journal Special Service) Auburn, Or., June 12.—The Auburn school closes Friday, June 14th. Miss Marie Tracy the teacher is giving a picnic for her pupils on Saturday.

Mrs. J. Wither and Mrs. C. M. Terry were numbered among the sick this week.

Mr. D. F. Harrison returned the latter part of the week from Williamina where he was the guest of his son and daughter in law, Rev. and Mrs. C. B. Harrison.

Miss Josephine Troy became the bride of Mr. Frank Haynes June 1st. The ceremony took place at the court house just a few minutes before the groom left with his draft contingent for Fort McDowell. The marriage came as a great surprise to their many Auburn friends except to a few of their close friends who were there to greet them with a shower at five, as the bridal couple came down the court house steps.

Miss Gladys Walker was here from Roseburg recently visiting Miss Oma Page.

Mrs. J. E. Hopkins was the week end guest of her parents, Mr. and Mrs. N. P. Olson.

Leo Sutter recently visited with friends at Brownsville.

Gail Williams and Roy Hammer are the only Auburn boys who have attained the age of 21 since the draft registration in June 1917.

Mrs. Wesley Bray visited her father in Brooks during the week.

The following is an extract from a letter received from Elmer Olson to his mother. We see many funny sights here. They still have oxen hitched to wagons as we did years ago. One never sees two horses hitched together. They are single and looked to big heavy wagons. On small patches like Auburn avenue people spade the ground up. They work early and late but they surely have fine gardens.

The freight cars here are much smaller than in the states, and are called "wagons." The engines also are much smaller. The passenger coaches are unlike those in the states. There is no aisle through the center, but there are boards on the outside and no one is allowed to walk there except the conductor. Everything over here is as comfortable as can be expected. At the French stores we can buy many things like nuts, apples, oranges, figs and dates at about the same price that we pay in the states. I am beginning to learn French and can understand quite a little.

Secretary Lansing Tells of German Crookedness

Schneidetz, N. Y., June 11.—Germany's crookedness was held up to scorn by Secretary of State Lansing in a speech yesterday to union college students.

"It is a fact not generally known," he said, "that within six weeks after the imperial government had given to this government its solemn promise that it would cease ruthless slaughter on the high seas, Von Bernstorff, appreciating the worthlessness of the promise, advised the Berlin foreign office to advise him in ample time before the submarine murder campaign was resumed, so he might notify German merchant ships in American ports to destroy their machinery in preparation for war."

"We admit we have been the dupes of the military clique in Berlin because dishonesty of this sort seemed to us inconceivable in these days of international honor and christian civilization."

"We have learned our lesson and it has cost us dear. But we will never have to learn it again."

"We may in this great conflict between civilization and savagery go down into the valley of the shadows because our foe is powerful and innured to war. We must be prepared to meet disappointments and temporary reverses, but we must, with the American spirit rise above them."

Lansing's speech reiterated that there can be no compromise between the United States, the allies and Prussianism as it exists today. The war must be fought through to a finish, he declared, and Prussianism must be beaten. He cited many other examples of German dishonesty to show it would be impossible to make peace with such a government.

Washington Grange Denies Disloyalty Charge

Seattle, Wash., June 11.—Coming to Seattle to finish its convention after having been driven out of Walla Walla, the Washington State Grange wired President Wilson asking for a full investigation of the Walla Walla meeting. The attention of the president is directed to the fact that the first act of the convention was to pass strong resolutions pledging the grange, united support to the government. The telegram further stated that the only act of disloyalty in connection with the meeting was when the school directors refused to allow the grange to take up a collection for the Red Cross in the school hall in which the meeting was held.

The grange had to leave Walla Walla last week when it was refused further admission to the school hall after it had gone on record as favoring the Non-Partisan League.

Members of the committee announced that a number of new hearings will be held before the findings are made public.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys If Bladder Bothers You—Drink Lots of Water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

HAWAII AND PORTO RICO DRAFT MEN CALLED TODAY
Washington, June 11.—Hawaii got its first real taste of war's necessity today when Provost Marshal General Crowder drafted men to entrain for Camp Armstrong, July 1.

Porto Rico also was asked for 12,468 men for Camp Las Casas, San Juan between June 20 and July 1.

If Pendleton sustains its Round-Up reputation in rounding up idlers and bums, it will soon be a 100 per cent busy town.

ALKALI IN SOAP BAD FOR THE HAIR
Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared hair-removers contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.
