When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 35c or \$1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy.

YANKEE GENERAL

(Continued from page one)

didier, June 13.—A comparative lull has settled over this sector again and only normal fire is being maintained by the opposing artilleries. Americans are actively patrolling between the lines and are constantly alert.

Prisoners report heavy losses among German reserve units as a result of our recent heavy bombardments. No change has been made in the enemy divisions opposite our lines lately, according to prisoners.

A rare case of a boche being human was revealed last night. One who was taken prisoner saved one of his American captors.

A lieutenant leading a patrol captured a German and started back to the American lines. The officer was seriously wounded by the explosion of a shell. The boche dressed the American's wound with his own emergency kit, working in the dim light of No Man's Land, in the midst of shell fire.

The lieutenant then directed the boche to an American post. The German ran to the post and informed officers there of the lieutenant's predicament. The latter will recover.

Approves \$690,000
Highway Bond Issue

Official notice was received yesterday that the capital issues committee has passed favorably on the sale of \$690,000 of Oregon state highway bonds.

It came in a letter from the committee to the state highway department. The state highway commission had asked for approval of \$1,500,000 of bonds, to be sold from the \$6,000,000 road bond issue, but the capital issues committee refused to approve the full amount.

However, \$690,000 will enable the highway department to complete all contracts now under way as part of the \$6,000,000 road program. When completed these contracts will show an expenditure of approximately \$2,500,000. All of them will be completed this summer.
