

Nujol Affords Double Relief

How Nujol relieved Mr. Polk of pile trouble, as well as establishing regular habits, is described in the following letter:

**NUJOL LABORATORIES
STANDARD OIL CO (New Jersey),
BAYONNE, N. J.**

Dear Sirs:
I have been using Nujol for several months and am well pleased with it. A tablespoonful night and morning does away with constipation, with no perceptible bad result. In using it for constipation, it has relieved me of trouble with the piles.
Yours truly,
W. L. Polk.
Vicksburg, Miss.,
Dec. 24, 1916.

If you have suffered from piles, you know the pain and difficulty of bowel movements. You handicap their healing if you do not keep your system clean and regular. And salts and purges only make the pain more acute.

Nujol covers the affected areas with a protective film. It allays irritation, makes the food waste pass easily over sore spots without friction, and helps the piles to heal.

Thousands who suffer from the double complaint are finding relief in Nujol. Mr. Polk did, and is insuring his future health by the Nujol treatment, safe, gentle and sure. You can have the same health. Try it.

ABSOLUTELY HARMLESS

There are no substitutes—there is only Nujol.

At every drug store. Send 50c. and we will ship new kit size to United States soldiers and sailors anywhere.

In bottles only, bearing Nujol trademark—never in bulk.

been already eliminated, but the question is left open for further modification. This will prove good news to every industry on the coast, some of which would have been put out of business had the original order stood. The telegram is as follows:

"Commissions representing about thirty states conferred with McAdoo last week. He authorized them to take up questions of cooperation and modifications of order twenty eight with Judge Prouty and specific recommendations covering both subjects were made and approved by Prouty. Largely as a result of our work order twenty eight has today been modified. All increases will apply to both states and interstate class and commodity rates and classifications subject to minimum on class rates provided in interstate classification, as amended minimum car charge fifteen dollars does not apply to brick, cement, coal, coke, logs, ore, sand, gravel, stone. Only one increase will apply to through or combination rates except as to grain and grain products. Car minimum charge not apply to switching movements within terminals. Tariffs are directed to be sent to state commissions for their information without a state number. Your committee recommends these tariffs be filed by you as war measure subject to such right of review as now or hereafter may exist. Except that a definite plan of cooperation will soon be agreed to. Bulletin will be issued setting forth the result of conference. Please give publicity."—CHARLES E. ELmqvist.

Court House News
John Foo, a Chinaman, against Nathan Sun is a suit begun this morning in being in the nature of an accounting. Plaintiff alleges a contract with defendant under which plaintiff was to cultivate and care for 20 acres of hops and defendant was to receive one fourth of these for rent. He alleges that defendant secured more than his share of the crop and that by reason of this there is now owing to plaintiff the sum of \$2000 for which sum he asks judgment.
In the suit of N. A. Haffard against Elizabeth Berg, H. E. Noble and the Title and Trust company an amended answer was filed.
In the matter of the guardianship of Lillian Alberta Dixon, Lillian Cannon was appointed guardian.
In the matter of the estate of Avery Winslow, deceased, the report of the sale of 15 acres of land was filed by W. K. Winslow, administrator. The price secured was \$800.
In the matter of the estate of Alexander B. Boyle, deceased, administrator was authorized to sell personal property.

Two More Candidates for School Directors
Two more candidates have announced themselves as willing to serve on the school board and to come before the voters of this district at the election next Monday. Those filing today with W. H. Burghardt clerk of the school board were the Rev. H. E. Pemberton of the South Salem Friends church and Alfred F. Marcus formerly in the foundry business here.
A few days ago Frank Hughes withdrew from the race. This leaves the issue squarely up to the public with Hasley O. White and Chasney Bishop as candidates for school director, en-

LARGE SUBMARINE CARRIES DECK GUNS

German U-Boat Sighted Two Hundred Miles Off American Coast

New York, June 13.—A big German submarine carrying two deck guns was sighted last Tuesday, 300 miles off the American coast heading eastward, by passengers arriving here today on the Holland-American liner Nieuw Amsterdam.
The submarine made no effort to halt the liner. It is now believed that this U-boat is the one that held up the Norwegian steamer Vindeggen off the Virginia coast and looted her copper cargo. The submarine is evidently en route back to Germany with the spoils.

Fired On Vessel.
Norfolk, Va., June 13.—Captain Wade of the American steamer Edward Pierce reported today that his vessel was under shell fire for two hours and was chased by a submarine until the lights of Cape Henry were sighted early today. He said that at least twelve shells were fired and two torpedoes launched at his ship as she outdistanced the U-boat.

Stuck By Their Guns
Washington, June 13.—Armed guardsmen of the American steamer Tyler torpedoed May 1, stuck by their guns until the ship went down beneath them. Today, Chief Boatman's Mate, Claude H. Ryan, a survivor of Winchester, Va.; Howard R. Smith, Pittsburgh and Jesse O. Sampson, Fletcher, Okla., victims were honorably mentioned by the navy department.
Hugh George Rogers of Independence and Flora Luella Patterson of Salem, Henry C. Gregg of Newben and Dora Elizabeth Gray of Salem, William R. Hick of Forest Grove and Jennie Bart of Salem, Don C. Schalmus of Detroit and Betha M. Schalmus of Woodburn.

HARD SURFACE FOR SALEM-AURORA ROAD

State Highway Commission Will Receive Bids For Work On June 25

The state highway commission will receive sealed bids at the Yeon building in Portland, June 25 at 11 o'clock in the morning, for the hard surfacing of 18 miles of the road between Salem and Aurora. The government has given its consent and will pay half the expense. Three types of pavement are to be bid on: Cement concrete, asphalt concrete on gravel bituminous base and asphalt concrete on broken stone base. This being a federal aid project, contractors will be allowed to secure Portland cement at a price set by the industrial board, which is \$2 a barrel f. o. b. at Oswego. A bond for five per cent of the amount of the bids must accompany them. All proposals must be delivered by the bidder in person or his agent at the time and place mentioned. This assures the building of at least 18 miles of this road as the money is ready, and it will leave only a gap of about five or six miles un paved. It was expected the county court would perhaps complete the work, but this will not be done at least this year. Work should begin early in July as everything is prepared for it, and it only awaits the awarding of the bids.

COREGA Holds False Teeth Firmly In Mouth

It Prevents Sore Gums
Gums shrink or swell and plates become loose, which is no fault of the Dentist. An application of COREGA affixed evenly on the Dental Plate relieves these conditions. It holds the Plate firmly and comfortably in position. Also promotes mouth hygiene.

Little Change Noted In Wall Street Today

New York, June 13.—The New York Evening Sun financial review today said: Conditions within the securities market were much the same today as yesterday, that is to say trading was dull, although in somewhat larger volume than recently and prices were firm to strong, despite intervals of considerable unsettlement. Marine issues were but fractionally changed as were the motors. The alcohol and leather shares were up 1/4 to 3 points. Butte-Superior, National Enameling and Stamping and Mexican Petroleum, were individual stocks for which there was good demand. The rails, under the leadership of Reading, which crossed 91, made a fair display of strength although dealings were thin.
Steel ruled above par in the later transactions and prices in general were close to the day's high levels. Trading was dull through the afternoon and without special interest.

Wilson Asks Henry Ford to Run For Senator

Washington, June 13.—President Wilson late today asked Henry Ford, Detroit automobile king, to run for United States senator from Michigan to succeed Senator William Alden Smith, whose term expires next year.

Clackamas County Farmer Is Tarr'd

Oregon City, Or., June 13.—E. E. Kellogg, a well to do farmer living near here, was given a coat of tar and feathers early today by a band of citizens who declared his actions and words had been unpatriotic and offensive.
Neighbors say Kellogg has opposed every war movement, has refused to arise when the Star Spangled Banner is played, has refused to buy liberty bonds or war saving stamps or subscribe to the Red Cross and is feeding wheat to his stock.
Members of the band who disciplined Kellogg were not identified. They took him three miles from his home and forced him to walk back. When they told Kellogg their plans he begged to be released saying he would support the war.
Kellogg, who is between 30 and 60, has lived in this section all his life. He now lives alone. His wife recently obtained a divorce.
Neighbors said they had complained during the action of the board the past year. The new candidates it is thought are opposed to the present school situation.

Scott's Mills Items
(Capital Journal Special Service)
Scott's Mills, June 13.—News items are very scarce. Everybody and his family are very busy. It is almost impossible to get the needed hired help.
Sarah Hamner who has been visiting her son, Emerson, near Independence, has returned to her home here.
Leland White, who is working in a ship yard in Portland, visited his parents last Saturday.
F. W. Barthelme and family of Sellwood, have moved to their new home at this place.
Miss Sarah Graves who has been attending the Huntington Park training school for Christian workers, returned home last week. She gave the message at the Friends church the Sabbath after her return.
David Delano came up from Portland last Saturday. He is making arrangements to build a pine dryer at his orchard south of town.
Mrs. Rich and daughter, Laverne, left here last Sunday for Rosholt, South Dakota, where they will remain during the summer. Mr. Rich returned some time ago. They have large farming interests there and go back every summer to help harvest and thresh their grain.
Harry Kellis, who has been in California for several years, visited his parents, Mr. and Mrs. John Kellis, last week. He and his family are moving back to Portland.
Dan Lawrence and Charley Logue, two of Uncle Sam's boys at Camp Lewis, visited relatives here last Saturday, returning Sunday evening.
J. E. Coulson attended quarterly meeting of the Friends church in Portland last Saturday.
Four out of eight of the 8th grade pupils passed examinations. The others with one exception, passed in all but two and will probably pass yet in a second trial.
Rev. C. G. Thomas filled the pulpit

Bees Remedy for Whooping Cough
"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him if those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup.

Proper Food for Weak Stomachs
The proper food for one man may be all wrong for another. Every one should adopt a diet suitable to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and digest their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

Resolutions Ask for New Trial for Mooney

St. Paul, Minn., June 13.—Resolutions requesting a new trial for Thomas J. Mooney, convicted of murder in connection with a bomb explosion during a preparedness parade in San Francisco were brought before the American Federation of Labor convention here today.
Other resolutions considered today urged the government to aid in establishing an independent Bohemia and endorsed a proposed trip to Italy by President Samuel Gompers to explain America's war aims to workers there.
Recognizing the increased demand for women workers, the federation expected late today to discuss plans for unionizing them. A union of women stenographers and bookkeepers probably will be the first step in this direction.
Addressing St. Paul business men last night, Gompers told them business has an equal right with labor to organize.

Old Age A Crime
Some people are young at 60—red checked, ruddy and vigorous. Others are old at 40—joints beginning to stiffen up a bit; step beginning to lag and lose its springiness; occasional touches of pain in the back, feet tired without cause, and possibly a twinge of rheumatic pain.
In most cases these are the danger signals to warn you that the kidneys are not promptly doing their work of throwing off the poisons that are always forming in the body. To neglect these natural warnings is a crime against yourself. If you have these symptoms you can find prompt relief in GOLD MEDAL Haarlem Oil Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments.
GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland. Get them at your druggists. Do not take a substitute. In boxes, three sizes.
