MILLER MAKES REPLY

To the Editor: In reply to an article in the Journal on the 19th which stated that the flouring mills were selling screenings at 5c per pound. The writer of this article undoubtedly could fill a position in a gas plant nicely.

For the information of the public and the thin-headed we wish to state that the maximum price we have charged for screenings is 3 1/2c per pound. We are paying 3c per pound for the best screenings and furnish the sacks. CHERRY CITY FLOURING MILL

TELEPHONE OPERATORS

JOURNAL WANT ADS SELL

BIGGER AND BETTER THAN EVER

Heavy selling the past three days of this sale has naturally broken up sizes in some lines, and reduced other lines to one or two garments. These have all been placed on "SPECIAL" RACKS and given EXTRA SPECIAL PRICES TO COMPLETELY CLOSE OUT.

WE CAN USE THIS EMBLEM OF TRUTH CONSCIENTIOUSLY
 WE HAVE NEVER MISLED THE PUBLIC, OR MADE INFLATED STATEMENTS AND WE WILL BE TRUTHFUL ABOUT THIS—

Bargain Day "Camouflage"

Be it known we DID NOT subscribe to a BARGAIN DAY, at this time. Any "truthful merchant" will tell you that Merchandise is on the rise, and hard to get; in fact some lines cannot be replaced. Therefore, no merchant who has played the game fair, protected his customers by keeping his stocks new and clean, can afford to give those wonderful bargains that could be given a year ago. This is the truth. However, we are so situated that we can give you "REAL BARGAINS," and for this reason we are going to remodel our store, give up the second floor and conserve our forces on the Main Floor and Annex. The war demands "Conservation" on all lines; the "Help Question" is getting harder every day, and as the war progresses non-essentials will be cut down more and more. WE ARE IN THE WAR TO WIN—Anything that will help the war situation we will do: we shall close out some of our lines at prices that are less than could be bought at the factory, that we can condense our stock, and release all possible workers for the war.

These Stocks will be the basis of our BARGAINS for BARGAIN DAY. Our present matchless stock of Merchandise has advanced in Factory Cost 20% to 40% since we purchased, therefore you can appreciate what the BIG STORE will do for its host of loyal and satisfied patrons.

While we are a private enterprise we believe the public should be our confidants, hence we never hesitate to be bluntly frank in our stand and statements.

What are you going to do about it?
