Your Costliest Sacrifice

Modern comforts and luxuries demand a heavy tax. Today's way of living slows down and clogs the human machine.

Over-eating, irregular habits, insufficient exercise, highly concentrated foods have produced Constipation, a basic weakness, from which most ills originate.

Before you realize it, intestinal accumulations poison the system. Then come Headaches, Anemia, Hardened Arteries, Dyspepsia, Gastritis, Piles and other tearing-down ailments.

To end constipation, the uninformed turn to drug-laden purgatives—many habit-forming.

Drugs are violent. They end constipation unnaturally. They stunt the muscular movements of intestines.

Until the coming of Stanolax—the great corrective—the average person has faced a choice of evils: Constipation or harsh drugs.

Stanolax is not a cathartic—not a drug. It is a lubricant for the bowels. It cannot irritate. It encourages normal muscular action.

Stanolax is tasteless. It is colorless. It is neither digested nor absorbed by the system.

Stanolax does not act hastily, causing undue strains. It relieves gently, but surely, in a natural way, carrying off intestinal poisons.

Free yourself and keep freed from constipation, and all its hurtful effects, by using Stanolax—sold by progressive druggists. One bottle is convincing.

AT THE END OF

(Continued from page one)

The German war office announced that "repeated enemy attacks north-west of Chateau-Thierry (where Americans are engaged) broke down with heavy losses."

The French counter attack which threw the Germans back across the Mats was declared by Berlin to have "broken down with the heaviest losses." The enemy claimed a total of 15,000 prisoners in the new drive, with 150 captured cannon.

Only Local Actions Now.

Paris, June 14.—Fighting on the entire Oise-Marne battle front has simmered down to local actions, the French war office reported today.

A German attack failed in the center of the Oise area. There was active cannonading on the twenty mile front between Villers-Cotterets forest and Chateau-Thierry. Elsewhere only raiding operations were reported.

"Only local actions occurred last night north of Grivesnes (four miles northwest of Montdidier)" the communiqué said.

"A French raid in the Coureselles region resulted in the capture of thirty prisoners."

"At the Ferme Des Loges the French progressed."

"A German attack failed in the Athisuilly sector."

"Between Villers-Cotterets forest and Chateau-Thierry there was active artillery fighting."

"French patrols took prisoners at Bussières, west of Rheims, and in the Champagne region."

Raids Are Reported

London, June 14.—Raiding operations and artillery fire were reported by Field Marshal Haig today.

"A strong enemy party was completely repulsed southwest of Merris early this morning and a few prisoners were taken," the statement said.

"Our raids were successful in the neighborhood of Neuville-Vitasse, Ghvenchy and LaBassee."

"Several prisoners and two machine-guns were taken in advantageous patrol encounters southwest of Gavrelle and northwest of Mervilly."

"There was hostile artillery firing in the Villers-Bretonneux sector and the Scarpe valley."

Get Twenty-One Airplanes.

London, June 14.—Twenty-one German airplanes and a balloon were destroyed and four enemy machines were driven down out of control in day and night fighting by the British airmen Wednesday and Thursday, the war office announced today. Four British planes are missing. Several tons of bombs were dropped on enemy objectives.

French Aviators Killed.

London, June 14.—Captain Pearson and Lieutenant Rousseau, French aviators flying from France to Hounslow, England, were killed when their machine collapsed within two hundred yards of the landing station, it was announced today.

Forced to Polish Torpedoes

New York, June 14.—Americans captured off this coast by German submarine pirates were forced to polish torpedoes intended for use against United States transports. This came to light today with the arrival of more beamen who had been taken off their sinking ships by the Germans and held prisoner aboard the U-boat number 151. The U-151 carried 18 torpedoes and a crew of 75 officers and men. It is commanded by Captain Neustadt, formerly of the Hamburg-American line, for five years a chief gunner in the United States navy. The U-151 was built at Kiel in 1915. It is 210 feet long, 29 feet wide, has a three fourth inch hull which, it was boasted, a submarine chaser shot could not pierce, carries two 5.9 inch guns, four stationary rapid fire guns, 100 rapid fire rifles and is equipped with double periscopes.

Liner Has Gone Ashore

St. John, N. F., June 14.—With 182 persons aboard, the nine thousand ton Cunard liner Ascania is ashore near Rose Blanche, 20 miles east of Port au Basque. There is no definite word yet as to her exact location or condition. Rescue vessels have started out from several ports. Those on hand include eight passenger and 174 crew. The Ascania is a steel, twin screw steamer, built in 1911.

Women! Here Is A Dandy Thing

Few drops on corn or callus stop pain, then they lift off.

Your high heels have put corns on your toes and calluses on the bottom of your feet, but why care now? This tiny bottle holds an almost magic fluid. A genius in Cincinnati discovered this other compound and named it freezone. Small bottles of freezone can be had at any drug store for a few cents. Don't limp or twist your face in agony and spoil your beauty, but get a little bottle of freezone and apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you can lift it off with the fingers. Just thank! You get rid of a hard corn, soft corn or a corn between the toes as well as hardened calluses, without suffering one particle. Millions of women keep a tiny bottle on the dresser and never let corns ache twice.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink Lots of Water and Stop Eating Meat for a While If Your Bladder Troubles

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia water drink.

Ship is Attacked

An Atlantic Port, June 14.—An American steamship arriving here today from a Cuban port reported that she received a S O S call from a ship being attacked by a submarine on Tuesday. The call came from a point nearer shore than she was traveling. She carried over 100 passengers and was escorted to this port by destroyers and seaplanes.

Grandma Talks About Babies

Has a Large Circle of Listeners Who Profit by Her Wisdom and Experience.

In almost any community there is a grandma who knows Mother's Friend. Not only is she reminiscent of her own experience but it was through her recommendation that so many expectant mothers derived the comfort and blessing of this famous remedy. Mother's Friend is an external application prepared especially for expectant mothers after the formula of a noted family physician. It certainly has a wonderful effect in relieving tension brought about by expanding muscles, and is a most grateful encouragement to the woman awaiting motherhood.

The action of Mother's Friend makes the muscles free, pliant and responsive. When baby arrives they expand easily, and pain and danger at the crisis is naturally less. Strain upon the nerves and ligaments is lessened and in place of a period of discomfort and consequent dread, it is a season of calm repose and happy anticipation.

Mother's Friend enables the mother to preserve her health and natural grace and she remains a pretty mother by having avoided the pain and suffering which more often than otherwise accompanies such an occasion when nature is unaided. Write the Bradford-Regulator Co., Lamar Bldg., Atlanta, Ga., for their "Mother's Friend Book," so valuable to expectant mothers, and in the meantime do not by any chance fail to purchase a bottle of Mother's Friend from the druggist and thus fortify yourself against pain and discomfort. Mother's Friend should be applied night and morning with the utmost regularity.
