

Why Swift & Company Has Grown

The fact that a business organization has grown steadily for forty years proves that it has kept continually meeting a vital business demand.

It must have kept "fit" or it could not have stood the strain of ever-shifting conditions.

Swift & Company has been trained in the school of experience.

Every day of its forty years of service has solved some new problem of value to its customers.

Every year has proved its ability to learn by experience, and to use this knowledge for the benefit of those with whom it deals.

SOCIETY

By CAROL S. DIEBLE

MISS LULA R. WALTON, a recent graduate from the Fish School of Expression, left today for the east, where she will pass the summer visiting at various points of interest before going to Boston the first of September to do graduate work at the School of Expression, sometimes termed the Curry school. Miss Walton will make Council Bluffs, Iowa, her first point of destination. After a short stay with friends, she will then go directly to Lakeside, Ohio, where her brother and wife, Lieutenant and Mrs. F. Winston Walton, are located. Lieutenant Walton, formerly of Salem, is now stationed at Camp Perry, the cantonment adjacent to Lakeside. The remainder of the summer the traveller will spend in New York state.

Miss Walton's course in the Fish School of Expression has provided her with more than the necessary credits to admit her to advanced standing in the Boston School of Expression and following her graduation from this school next spring, she will enter the lecture field either on the lecture or chautauqua platform. Her range of study with Mrs. Fish included the preparation of a report of seventy sections, varying in length from three to thirty minutes. She has appeared on fifty programs, making a total of nearly 200 readings.

The Welsh society will meet tomorrow evening at the home of Mrs. A. L. Johnson, 1381 State street. A special memorial service in honor of the month of Evan Williams, the great Welsh tutor, who died recently in Ohio, will be held, including a program of special music. The meeting will begin at eight o'clock and is open to all members and their friends.

The "Lodeca" class of the First Methodist Sunday school gave a party at the home of Mrs. John W. Todd last evening, in honor of their members who graduated from the high school, including Alta Giesher, Doris Lenon, Lavina Anderson, Esther Garbe and Charlotte Horning.

The entertainments of the evening were given in the form of a drama, "Future Revealed 1930," by Grace Allen; The housekeeper—Myrtle Richardson; Uncle Sam's gardener—Elma Newberry; Gipsy fortune teller—Grace Allen; The suffragette—Jessie Gilmer. Dainty refreshments were served by the entertaining members of the class. The evening was closed by several musical numbers.

Those enjoying the evening were Mrs. Todd, Matilda Steffen, Beatrice Burton Esthor Davies, Jessie Gilmer, Alta Kirschner, Grace Allen, Mildred Barberry, Doris Lenon, Hope Gilmer, Charlotte Morning, Lavina Anderson, Esther Garbe, Mosey Hill, Edna Newberry, Margaret Todd, May Todd and Messrs. John W. Todd, Jr., and Lowell Todd.

Mrs. Winniford Pettyjohn is enjoying a two weeks outing at Newport.

Mr. and Mrs. R. F. Peters and small sons, Meynell and Marshall, of Hoquiam, Washington, have been visiting Mrs. Peters' parents, Mr. and Mrs. Owen Cottenman, for a few days. Mr. and Mrs. Peters left for their home last week for eastern Oregon for a short stay, returning to Salem in a few weeks. The boys will remain with their grandparents during the absence of their parents.

Judge and Mrs. A. S. Bennett of The Dalles, accompanied by their daughter, Miss Emma Bennett, and Mrs. Jennie McCauley, are visiting in the city as the guests of Mr. and Mrs. Chauncey Butler, 485 South Commercial street.

A pretty home wedding took place last week, when Miss Dora Elizabeth Gray and Henry C. Gregg plighted their troth, on Wednesday noon at the residence of the bride's parents, Mr. and Mrs. M. M. Gray, 454 South Seventeenth street. The service was read by Dr. John Hall of Willamette university. The bridal couple stood under an arch of lovely Frau Druska roses, intermingled with fernery.

The bride was very prettily attired in a white crepe de chine gown, tastefully combined with Georgette. She wore her mother's bridal veil and orange wreath. A cameo brooch, the gift of the bridegroom, was her only jewel. The nuptial music was played by Miss Loyal Gregg. Miss Elizabeth Gill sang "I Love You Truly." The honor of cutting the cake at the buffet luncheon which followed the ceremony, fell to the bride.

Mr. and Mrs. Gregg left the same afternoon for the Tillamook beaches, where they will spend a short honeymoon. They will make their home at Nehalem after their return on June 20.

The bride is a former popular Marion county teacher. Mr. Gregg is a graduate of Willamette university and is connected with the government spruce camp.

Mrs. O. C. Kenner of Portland spent the week end with her daughter, Mrs. Carl Beckett at her home on the Wallace road.

The Ladies Aid society of the Englewood Methodist church will meet Wednesday afternoon at the home of

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION—Although, bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

Mrs. W. B. Ruth, 1095 North Seventeenth street, it will be the last meeting of the season.

Miss Constance Kantner of Portland, who has been visiting her father, Dr. W. C. Kantner, has returned home. She was accompanied back by Dr. Kantner, who will remain in Portland for a week or two.

The ladies of the Jason Leo Memorial church will hold their quarterly "coffee" tomorrow evening at the church parlors. Additional refreshments will also be served and a cordial invitation is extended to the friends and members of the church.

I. W. W. Interferes with Railroad Construction

Chicago, June 18.—Sabotage in connection with railroad work received attention today in the trial of 108 I. W. W. charged with sedition.

Correspondence alleged by the government to have passed between Secretary William D. Haywood of the I. W. W. and T. S. Kechane, railway engineer was read in evidence.

Kechane, supplying Haywood with material for an article on sabotage wrote of alleged activities of shop men of the Denver and Rio Grande, "short firing" a locomotive, the flues would not be heated and leaks would not be exposed until a train was out of the yards, he said. The engine would die on the Santa Fe, Kechane wrote, a missing cotter key caused the dropping of a high pressure main rod and damage of \$6,000 to a locomotive.

The sixteen hour law was applied on the Milwaukee road, he said, the engineer taking a siding and refusing to move. "His dismissal," wrote Kechane "resulted in charges of sixty two counts against the division officials." Other recommendations in the correspondence, included the damaging of perishable freight, misrouting of entire car loads lots and changing of freight bill numbers.

"Workers must join a union of our class," Kechane told Haywood. "Then with sabotage, direct action on the job we will bring home the bacon."

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Laver and bowel poisons, taking a staid and refusing to move. "His dismissal," wrote Kechane "resulted in charges of sixty two counts against the division officials."

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons. Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

THREE DIE IN WEEK MILLS SHIPPING WHEAT

Miss Kora Browne Marries In San Francisco to Geo. W. Davis

Silverton, Oregon, Jan. 18.—Mrs. Arthur Williams received a telegram from Portland last night, announcing the death of her sister, Miss Julia Johnson. This is the third death in that family within eight weeks. Her father died in Portland last week and was buried here Tuesday, and a few weeks prior to his death, her brother, Henry Johnson, was drowned in the Willamette river in Portland. Miss Johnson's remains will be brought here for burial tomorrow and the funeral will be held in St. John's Lutheran church Tuesday afternoon.

The first car load of wheat that was ever shipped out of Silverton went out from Fischer's mill one day last week consigned to Portland. Thousands of bushels of wheat are shipped to Silverton and delivered at the mill from the tributary country, but this is said to have been the first time wheat was ever shipped out of the city.

Mr. and Mrs. Henry E. Browne received a telegram from San Francisco California, a few days ago announcing the marriage of their daughter, Miss Kora E. Browne, to Geo. W. Davis, Mr. Davis enlisted in the hospital corps of the United States navy recently and left with the company for San Francisco. The marriage was expected to have taken place in Silverton June 1st, but the war conditions changed former plans, and Miss Browne met him there where the ceremony was performed. She was accompanied by her sister, Miss Vivian Browne, who will visit her brother, Sergeant Floyd D. Browne, during the summer at Riverside.

Chas. Herzog moved his family to Bridge Vale Sunday. He has been working there for some time.

Commencing tonight the Silver Falls timber company will put on a night shift at the mill, employing about two hundred more men. This move is made necessary in order to fill the orders.

M. M. Spayre was in Portland several days last week and attended the Flag Anniversary meeting given under the auspices of the Elks.

R. E. Rowland has purchased the lease and furniture of the Silverton Hotel from J. Largent, and will take possession this week. Mr. Largent vacates the house on account of the ill health of Mrs. Largent.

Marion Teacher Given Surprise Party by Pupils

(Capital Journal Special Service) Marion, June 18.—Last Tuesday evening the intermediate and advanced pupils gave their teachers, Mr. and Mrs. Hoag a surprise party in honor of the latter's birthday. The surprise was complete, and greatly appreciated and added another pleasant memory in the minds of all present. As the evening was typical for a lawn party, such it was. Various games were played until 11:30 when delicious refreshments, which the pupils had brought were served to the happy party. They presented Mrs. Hoag with many useful and beautiful presents and showered her with bouquets of choice roses as they wished her

Busy In New York. New York, June 18.—Edward B. Patterson, attorney for the federal trade commission, today began an investigation here into charges that Wilson and company, Chicago packers, have sold had meat to the government for the use of the army.

Two witnesses had been examined preliminary to the probe when an adjournment was taken. H. Snowden Marshall, former United States district attorney is in charge of the defense.

Papers Are Signed. Philadelphia, June 18.—Government officers here have seized papers of fifteen business houses, the heads of which are under investigation on charges of profiting in connection with war contracts.

STRUGGLE FOR VENICE

(Continued from page one)

Austro-Hungarians, Hindenburg will risk even more if he does not come to the assistance of the Hapsburgs at this critical time.

Failure of the Austro-Hungarian offensive to capture Venice would have so serious an influence upon the anti-German movement in the dual monarchy that Hindenburg is once more involved in a major crisis.

No military system has discovered the secret of perpetual motion. Yet, that is what Hindenburg is trying, first in France, then in Italy, soon, perhaps, to revert to France again. If he rests his war machine too long it will fly to pieces. Yet, rest must come sooner or later, through exhaustion.
