TURKS MAY FORCE WAR ON AMERICA

Attack Made On Consulate and American Hospital at Attibriz

Washington, June 19.—What may prove to be an act of war against the United States occurred at Attibriz, Persia, when the Turks took that town, occupying the American and British consulates and attacking the American hospital, according to reports reaching the American minister at Teheran.

The flag of Spain was flying over the hospital and the Spanish consul, representing United States interests at Tabriz, protesting against the looting.

Full verification of the minister's reports are lacking, but they are assumed to be true.

That these facts might lead to a declaration of war on Turkey by the United States was admitted by state department authorities.

Coolidge & McClaine, a corporation, have brought suit against J. E. Smith, the complainant alleging that defendant received from the T. A. Livesley company the sum of \$308.24 on March 23 of this year, for the use and benefit of plaintiff, and that though requested so to do defendant refused to pay the same to plaintiff.

The W. F. Raleigh company, a corporation, has brought suit against W. H. Verrier and T. W. Lusk filing an amended complaint late yesterday. The complaint alleges that there is a balance of account due from D. J. Wiley to plaintiff, and that the payment of the same was guaranteed by defendants.

Mrs. Busch and Party Held Under Federal Guard

Key West, Fla., June 19.—Mrs. Adolphus Busch, Mrs. Haas Baumann, accompanied by a Swiss nurse, are now quartered in a hotel here under guard. They were permitted by the federal authorities to leave the steamer Mascotta last night.

The Busch party is being held awaiting word from the authorities at Washington. Orders have been issued that no communication should be permitted to pass between the two women.

Detention of the party was a complete surprise, according to Hannon B. Hawes, private attorney for Mrs. Busch, who accompanied her on her return from Germany to the United States.

Mrs. Busch arrived here from Havana Cuba, on route home after more than a four year stay in Germany.

Mrs. Baumann, it is understood, was formerly Miss Rubie Baird of St. Louis.

Mrs. Busch Released.

Key West, Fla., June 19.—Mrs. Adolphus Busch was released by the federal authorities here today and will leave tonight in a private car for St. Louis.

It is understood that Mrs. Busch is prostrated by the ordeal she has gone through since leaving Germany.

INDIANA DECLARES FOR RE-ELECTION OF WILSON FOR EFFICIENT WAR WORK

Indianapolis, Ind., June 19.—The movement for the re-election of Woodrow Wilson as president of the United States in 1920 was launched at the Indiana democratic convention today.

The first speaker to declare for the re-election of Wilson was Samuel M. Ralston, former governor of Indiana and permanent chairman of the convention. He said he would not stand behind a precedent that would interfere with efficiency in carrying on the war or that would deny the country the best ability in the reconstruction period to follow the war.

"I maintain, therefore, that the exigencies of the times call for the re-nomination and re-election in 1920 of Woodrow Wilson," declared Ralston.

Vice President Thomas E. Marshall, temporary chairman of the convention, and the platform adopted called upon the people of the nation to stand by the president, and highly commended the war acts of the administration.

The platform, in speaking of coming elections, said:

"The future presents the supreme test of American statesmanship and we submit the people can best trust the wisdom of President Wilson and those who stand with him, who have shared with him the unparalleled accomplishments of the last six years.

"Therefore we recommend to the serious consideration of the people the election of senators and congressmen in complete harmony with the president, primarily on policies of the war, but equally in accord with him on questions of vital domestic concern."

The war plank of the platform, which was drafted under the direction of President Wilson, declared:

"The immediate purpose of the democratic party, the purpose which takes precedence over every other, is to win the war. The fate of true democracy everywhere depends upon its being won. Its object is to rid the world once and for all of the threat of violence and injustice which must hang over it so long as there is anywhere an autocratic government which can disturb its peace and dominate its fortunes. The outrages against right which Germany has committed have directly touched our own citizens and our liberties and Germany must be brought to terms by such a victory as will leave no doubt in the minds of her rulers and her people as to what forces control mankind. We entered upon the present course in self defense to resist a menacing assault, directed against our freedom and our national integrity; we shall not abandon it until our objective is definitely obtained."

Continuing, the platform said:

"Because we mean to win the war, it is our purpose to support and sustain to the utmost the administration of Woodrow Wilson. His administration can better be supported by those who believe in it and trust in it than by those who are constantly eager to make a selfish use of what they conceive to be its mistakes."

Vice President Marshall in the keynote address demanded unwavering loyalty to the president, "the colossal figure without whom world hope must perish."

Republican politicians were criticized for doing "as some democratic poli-

GEN. PERSHING TO ITALIAN EXPEDITION

Washington, June 19.—General Pershing is to determine whether thousands of American troops may be spared from the western theatre for transportation to the Italian front, it was learned today.

Italian Ambassador Di Celleri, in a personal conference with Secretary of War Baker, emphasized that the advantage of American forces against the Austrians would be to discourage the invaders who have been fed by Germany with the propaganda that the United States is not in sympathy with Italy.

Secretary Baker, it is stated, has approved American participation in the fighting against Austria, but is leaving the decision as to the number of troops to Pershing. A minimum force of 100,000 men would be required, according to military authorities here, and it is felt this number could be supplied.

The principal danger now in the Austrian drive is at Montello, according to experts here. That point must be held at all costs, they say. The situation in the rest of the Italian theatre is satisfactory, it is stated.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts Before Breakfast If Your Back Hurts or Bladder Bothers You

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing at any time.
