

Stomach Troubles Since Childhood PERUNA Made Me Well

I Now Enjoy The Best of Health

Mr. Wm. W. Everly, 2225 North Hancock Street, Philadelphia, Pa., writes: "I have been troubled with stomach disorders since childhood..."

How Leslie "Live Wires" Purpose to Save Cherries

Salem, Or., June 17, My Dear Live Wire: When a church catches fire the man who grabs a hose and applies water to the fire is of more practical use as a Christian than the man who stays be-

COMB SAGE TEA IN FADED OR GRAY HAIR

Look Young! Common Garden Sage and Sulphur Darkens So Naturally Nobody Can Tell

Grandmother kept her hair beautiful by darkening, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied.

him to finish his devotions, or the man who prays that the fire will be put out. We have been talking about practical Christian service for nearly a year. The opportunity has come for us to show that it has been of some practical use. I am sure there isn't a Live Wire who will fail to respond to the call, if it is within his or her power to do the thing which is asked.

This morning Mr. Kimball needed 60 cherry pickers to commence picking his 25 acres of cherries. One picker was on hand and no more in sight. 75 per cent of Salem's fruit is wanted by our Uncle Sam for his boys in training and at the front. Our Live Wire Boys and the boys of Leslie Church who are in the service are among those boys. Will we let the fruit go to waste when we can help save it? I was sure you would say, most emphatically no, and I told Mr. Kimball so. Then I made a burly up call for some of our officers and members and they backed me up, so we are committed to the job—your job and my job. I am sure you will not fail me. Here is the plan:

All who can, will meet at the Live Wire room at the church promptly at 1 o'clock Saturday. Ask your employer to let you off. He will. Autos will be there to take you to the orchards. Go in working togs—bloomers, overalls, etc. Those who cannot go at one may go at 5 p. m. or 7 p. m. Most all will want to stay all night so as to enjoy the camp fire and be ready for work early Sunday morning. Yes—we are going to WORK Sunday—All Day. Those who cannot go before Sunday morning should be at the church not later than 7 o'clock. I have committed the class to this for next Saturday and Sunday, and for the TWO following Saturdays and Sundays. Remember this—People are starving for lack of food. The life of more than one person may depend upon the loyalty of your response to this work and the Live Wires go into this for service to God's people, and for service only.

Take bedding, but no provisions. Those who will be provided. Invite a friend to join us if they are willing to work otherwise, invite them to stay away. The Live Wires always have a good time, and this will be an exception—it will be the time of your life if you work well, but we do not want any stragglers.

Program. Saturday: 1 p. m.—Start for work. 4 p. m.—Supper. 7 to 8:30 p. m.—Work. 8:30 p. m.—Camp fire songs. 9:30 p. m.—Bed Time. 10:00 p. m.—Lights out. Talking ceased.

Sunday: 6 a. m.—Breakfast. 6:30 a. m.—Morning Devotions. 7 to 11:30 a. m.—work. 12:00 m.—Dinner. 1 p. m.—Half hour class service. 1:30 to 2—Recreation. 2 to 6 p. m.—Work. 6 p. m.—Supper. Phone Miss Sue Williams at 577 or 5553 the hour you can go. We must know in order to prepare conveyances and food.

Federation of Labor Stands by Telegraphers

St. Paul, Minn., June 19.—Indication that the American Federation of Labor is in complete sympathy with the attitude of the Commercial Telegraphers Union in its controversy with the Western Union, was seen today in a telegram by Samuel Gompers to President Wilson.

Twilight Baseball May Save Western Leagues

Portland, Or., June 19.—Twilight baseball may save the Pacific Coast International League. The local club jingled a lot of coin today received at the gate last evening with the twilight brand was tried out on the Portland fans. The fans liked it and turned out in greater numbers than at any previous week day game this season.

TO SUPERVISE PURCHASES

Washington, June 19.—Colonel Geo. P. Downey, U. S. A., has been appointed director of quartermaster purchases of the war department announced late yesterday. This is a newly created office. Colonel Downey will supervise methods of quartermaster purchases. He formerly was depot quartermaster at Washington.

TODAY IN THE GREAT WAR

A year ago: French artillery and machine guns broke up a strong German attack in the Champagne region. Both armies were active along the Chemin des Dames. Count Martini, Austrian premier, tendered the resignations of his entire cabinet to Emperor Karl.

Two years ago: The Kaiser took personal command of the Austro-German campaign in Galicia, establishing his headquarters at Pless. The Austro-Germans continued to close in on Lemberg. The Russians, at this time, had retreated more than 150 miles across Galicia in seven weeks.

Hard fighting occurred on the west front with the British and French still on the offensive and the Germans making counter attacks. The French captured two German positions on the Meuse heights. The Italians captured the last foothold of the Austrians on the left bank of the Isonzo. The Turks inflicted heavy losses on the British at Avi Burnu in the Dardanelles.

Three years ago: The British recaptured most of the ground won by the Germans in a counter attack in the Somme region the previous night, including Longueval. The Turks claimed the capture of six thousand Italians at Misrath, on the Mediterranean in Tripoli.

Un-American Professors to Leave State University

Lincoln, Neb., June 19.—Resignations of three professors, G. W. A. Luckey, C. E. Persinger and Erwin Hoyt, were demanded by the University of Nebraska board of regents last night on the ground that their usefulness to the university has ended because of their un-American attitude on the war. Professor F. M. Ping and Assistant Professor Minnie T. England are asked to resign for "spreading unfounded suspicions" against some of the professors, alleged to have a leaning toward German Kultur, unless these two can make satisfactory explanation.

Iowa Town Has Heavy Loss by Fire Today

Keokuk, Iowa, June 19.—Two business blocks in Warsaw, Ill., a town five miles south of Keokuk, were almost completely destroyed by fire early today. Nine buildings were burned, two of them hotels. Guests were forced to flee in night apparel for safety. Water had been taken from a standpipe which supplies the town with water, while a sewer system was being reconstructed. There was no water to fight the flames. Keokuk fire apparatus and that of Hamilton, Ill., rushed to Warsaw to give aid to the department there. The loss will reach thousands of dollars.

DON'T LET SOAP SPOIL YOU RHAIR

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain purified coconut oil, for this is pure and entirely greaseless. It's very cheap and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store and a few ounces will last the whole family for months.

Simply moisten the hair with water and add it in, about a teaspoonful is all that is required. It makes an abundant amount of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

COOPER TO PROVE FAMOUS THEORIES

His Remarkable Medicine Accomplishing Wonderful Results in Leading Cities

Referring to the visit to Portland and other western cities of Mr. L. T. Cooper, the millionaire philanthropist and lecturer, who has commanded such wide-spread interest in the east with his health theories and celebrated medicine, Tanlae, E. C. Harris, his representative recently said in Portland. "Thousands of the most prominent people in Cincinnati, Cleveland, Denver, Salt Lake City, Detroit, Louisville, Dallas, Atlanta, Memphis and other cities, where his celebrated medicine has been accomplishing such remarkable results, are even more enthusiastic over Tanlae than Mr. Cooper himself."

"As previously stated, Mr. Cooper, contends that nine-tenths of the diseases and ill-health of the average person is due, to a catarrhal condition, which produces faulty digestion and improper assimilation of the food. "In a recent interview, Mr. Cooper was asked if Tanlae would relieve kidney trouble, liver complaint, rheumatism and a dozen other ailments, and in this connection, said: "As I have repeatedly said: my medicine acts directly on the mucous membrane, stomach and blood, expelling from them the impurities and toxic poisons, and rendering to them a strong, healthy condition. I am convinced that the stomach regulates the condition of the blood, and is the fountain head of health or disease, as the case may be. My medicine is intended primarily for the regulation of the stomach and catarrhal inflammation, but it is no uncommon thing for persons who have used it to enquire of me and explain that it has relieved them of rheumatism and many other ailments, not generally recognized as having their origin in stomach trouble."

"The ingredients or medicinal elements which make Tanlae, come from very remote sections of the earth—the Alps, the Pyrenees, Russian Asia, West Indies, mountain states near the Rocky Mountains, Mexico and Peru are among the points from which the principal parts of the preparation are obtained. In the principal laboratory of the Cooper Medicine Company, Inc., under the efficient direction of a chemist of note, these medicinal herbs, roots and barks are assembled in the rough and painstakingly developed so as to attain that high standard of efficiency shown by the uniform preparation—Tanlae."

Tanlae is now sold in Mt. Angel by Ben Gooch, in Gervais by John S. Kelly in Turner by R. P. Cornelius, in Woodburn by Lynn H. Shorey, in Salem by Dr. S. C. Stone, and in Silverton by Geo. A. Steinhilber.

Referendum and Initiative Petition

The secretary of state has issued the following statement as to initiative and referendum petitions and as to those who may file arguments for or against them. Only the person, committee or organization filing any initiative petition and no others, may file arguments advocating such measure for publication in the measures pamphlet, provided such arguments are filed not later than the 15th day (July 13, 1918) before the general election. Any person, committee or organization may file arguments for publication in the measures pamphlet opposing any initiative measure, if filed not later than the 10th day (July 23, 1918) before the general election. Any person, committee or organization opposing any measure referred to the people by the legislative or by referendum petition at a general election. The same rules as to time apply upon such measures as upon laws proposed by initiative petition. In order to cover the cost of paper and printing, as provided by law, a deposit of \$75.00 based on the estimate of the State Printer, for each page of argument submitted, in either case, must accompany the same when filed with the Secretary of State for publication in the pamphlet. The Secretary of State is required to have printed by August 7, 1918, all measures with arguments filed advocating or opposing any of them, and between that date and September 10, 1918, mail a copy to each registered voter of the State with whose post-office address he may have been supplied by the county clerk. It is not possible at this early date to determine the number of measures which the people will be called to pass upon at the November election as the time for filing completed initiative petitions does not expire until July 3, 1918, four months before the regular general election, as the Constitution provides.

LIST OF CASUALTIES

(Continued from page one) Harry Pond Beatty, Fayette, Iowa. Harry Edison Hess, Altoona, Pa. Donald E. Erickson, Los Angeles, Cal. Joseph Byron Kelly, Carrollton, Ill.
