### War Stamp Mass Meeting Next Sunday Afternoon

Two of the most eloquent speakers in the state will deliver addresses next Sunday afternoon at the mass meeting to be held at the armory at 3 o'clock in the interests of the coming war savings stamp campaign.

A. L. Mills, president of the First National bank of Portland, is not only one of the big business men of the state, but is also regarded as one of the most forceful speakers, with a message well worth hearing.

Judge Stephen A. Levell of Pendleton is also an orator of note and regarded as one of the clear thinking men of eastern Oregon. The committee feels that it has been especially fortunate in having Judge Levell deliver an address before the Salem people.

The meeting Sunday afternoon at 3 o'clock is a mass meeting and it is for the public in order that all may hear some truths regarding the war savings stamps and also one's duty in supporting the government in securing the vast amounts necessary for successfully prosecuting the war.

No subscriptions or pledges will be taken at this mass meeting.

Word was received today of the death of Mrs. Frances Houser in Roseburg at the Mercy hospital. She had been ill but a few days. She was well known in Salem having visited here several times with her sister, Mrs. Dave Trester of 1148 Norway street.

Sergeant Charles Davis, officer in charge of the local army recruiting station received word this morning of the death of his "bunkie" with whom he served five years at Fort Worden, Washington and San Francisco. He was killed on the western front in France and was a member of the 65th heavy field artillery.

The women aliens living in Salem and on the nine rural routes are not responding very fast to the call to come in and register. When the German men aliens were ordered to register some time ago they responded at once to the number of 25. So far about a dozen women have registered at the postoffice and police station and it is figured that quite a number more will be obliged to register before next Wednesday evening.

Alderman Ward is in favor of remitting the license for a time to any truck owners who would do their share in carrying people out to the loganberry fields early in the morning and calling for them at noon, provided of course the truck drivers would charge a nominal sum, about 10 cents for each trip. It is figured that 30 or 40 people could be accommodated on a truck and that the owner would break even at ten cents a head if the fields were close in. The big problem seems to be that of getting volunteers to the fields and back.

Three commissions in the Oregon Guard were received today from the commanding officers in Portland, by Major A. A. Hall and the officers appointed have been ordered to report to the commanding officers of the First Regiment, Oregon Guard, to be assigned for duty. The newly commissioned officers are James W. Jones, advertising manager of the Capital Journal with the rank of second lieutenant of infantry, Dr. C. E. Cashatt with the rank of First lieutenant, medical corps and John F. McCormick, who has been serving as second lieutenant to the rank of captain of infantry.

It is understood that Dr. Carl Gregg Doney who has been in France since early in the year, will arrive in New York city about July 18. At a recent meeting of the trustees of the University he was requested to go to Washington to confer with the military authorities regarding an instructor for Willamette University the coming year. Before returning to Salem he will make several stops to confer with candidates who have applied for teaching positions in the University. Three positions are to be supplied in the music department and a successor to Dr. John O. Hall. It is thought that Dr. Doney will arrive in the city about the first week in August when the people of Salem will be given their first chance to hear of news from the seat of war viewed by one of our own home folks.

Police Officers J. E. Wright and O. F. Victor of the Salem department, have been subpoenaed by the federal authorities to appear in Portland as witnesses in a case involving the unlawful transportation of liquor into the state of Oregon. It will be remembered that Wright and Victor, arrested Chas. Cook and

ed in the unlawful transportation of liquor, and to the breaking up of one of the strongest organizations of this kind on the coast. The two officers, Wright and Victor, are well pleased with the result of their arrest on that beautiful Thanksgiving morn.

### Marion County Girls Enjoy Life at Corvallis

There are 16 of us girls staying here in a sorority house. We have two assemblies a day and are going to do Red Cross work from now on. I wish to thank you for the work you did to make it possible for me to come."

Alice Jaquet, who kept four dairy cows and made the best record at the last state fair, writes Mr. Smith as follows: "We arrived safely at Corvallis and we are getting along fine. ### STORES MAY CLOSE TO ASSIST PICKING

### Decision Will Come After All Other Efforts to Secure Pickers Fail

The meeting of Salem business men at the Commercial club rooms to discuss the matter of closing the stores and places of business generally so that berry and cherry pickers could be provided for saving those crops, got down to business promptly at 2 o'clock this afternoon by the selection of W. L. Staley as chairman. The discussion was to have just the same ideas. Some wanted to close all day, some just for the afternoon, some at 3 o'clock and took a wide range, no two appearing had arguments as to why his plan was best.

It was finally agreed that if it became necessary the business places would close, but no hours of closing were agreed on, that to come up if the closing becomes necessary. In the meanwhile committees are making an canvass of the city for workers and the commercial club and the business men have agreed to provide transportation to and from the berry fields or orchards for all volunteering to work.

### Secretary Baker In Favor of Loyal Legion

Portland, Or., June 30.—Secretary of War Baker is unqualifiedly in favor of the Loyal Legion of Loggers and Lumbermen.

The spruce production division of the United States signal corps today made public a telegram from Baker to Colonel Disque, commanding, in which the secretary declared the L. L. L. "has been conducted with the guidance and assistance of the war department and is a vital and integral part of this department's program."

Baker declared "any attempt to undermine its usefulness I should regard with the most serious concern, particularly at a time when the maximum strength of this country must be focused in the production of supplies for our fighting forces in France."

Certain persons it was explained at division headquarters, have been seeking to discredit the legion by declaring it really obtains little consideration from the war government. Bakers telegram is considered their adequate answer.
