Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strongth so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydis E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which aused me much suffering, and two doctors decided that would have to go through an operation before I could

get well. "My mother, who had been helped by Lydia E. Pink-ham's Vegetable Compound, advised me to try it be-fore submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afficied with female troubles to give Lydia E. Pinkham's Vege-table Compound a trial and it will do as much for them." — Mrs. MARIE BOYD, 1421 oth St., N. E., Canton, Ohio.

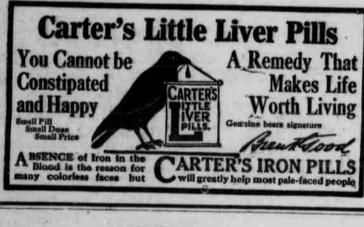

Every Sick Woman Should Try LYDIA E. PINKHAM'S **VEGETABLE COMPOUND** Before Submitting To An Operation

Packing Company Official Testifies Hams Were Good

New York, June 20 .- Three hundred housand pounds of ham, rejected by the navy, was eaten by Thomas Wilson and other employes of that company and the public, it was testified in the trade ommission's probe of alleged bad meat

W. W. Bowers, assistant superintendent of Wilson and company, declared that all hams rejected had been allow-ed to remain in freight cars in New York from ten to 27 days before being inspected by the navy officials. He said that when the navy order was receivthat when the navy order was receiv-ed, Wilson called the officials of the company and told them that he wanted all ment furnished to be above the navy specifications as it was the first order received from the government. He de-nied that any of the hams were sour.

Children Cry FOR FLETCHER'S ASTORIA

at their destination and the improper packing specified by the navy, which has since been abolished. Bowers testified that he, Wilson, and other oficials of the company and his three sons, had caten of the rejected hams and with the exception of 750 pounds they were put on the general market. He declared that 99 per cent of the hams were, found sweet and fi for

"There's a Reason"

With the Italian Armies in the Field June 20 .- (Night) - Fighting rages in-cessantly along the whole Pinve line from Montello to the Adriatic.

The Italians appear to have the ad-vantage everywhere on this front, particularly above Zenson. Their attacks are carried out with vim and dashwhile the less frequent Austrian coun-ter attacks lack spirit. Open fighting has permitted the Ital

ian cavalry to act as such for the first time since the new offensive began. In a certain sector on the Piave 500 mount ed lancers made a spectacular charge, hurdling five barricades and slaughtering great numbers of the enemy. They captured seventy prisoners, three cannon and three machine guns. It is now estimated that five ene-

my divisions (60,000 men) are on the west side of the river. A considerable number of these are north of San Dona Di Piave, where their temporary bridg es have been swept away by the flood ed river. The Austrians have succeeded in throwing three new bridges across in the San Dona sector, but the current is less swift here, owing to the broadening of the river, and the posi-tions are less exposed to Italian arti-lery fire, because of the latter's great-er distance from the bans. The enemy units further north are still in great danger of capture or annihilation thru inability to obtain reinforcements or re-plenish their annunition or food sup-plies. This is particularly the case just south of Candela, where the Italians drove forward to the river, splitting the enemy forces. Attempts by the Austrians to cross the river in bcats and rafts have result

ed in many being swept away and irowned.

Resumption of the Austrian drive sou hward from the mountain region is expected hourly. This most obvious strategy-maccess of which would outflank and compel retirement of the whole Playe line-is believed to have been counselled by Hindenburg and been counselled by Hindehourg and Indendorff who are reported to have paid a flying visit to Austrian hoad quarters. In the initial drive last Suu-day the greatest enemy effort was con-

vital points of Germany will come with-in our reach." The British are depending entirely on the liberty motor for the carrying thru of their air program for a year to come, insofar as bombing, reconvaisance and

photographing machines are concerned. ""We will want thousands and thous-ands of them," General Branker said. TRY JOURNAL WANT
