

## MRS. CHAS. PEDEN GAINS 27 POUNDS

Was Twice Examined and Each Time Told Operation Would Be Her Only Hope

"I have just finished my third bottle of Tulae and have gained twenty seven pounds," was the truly remarkable statement made by Mrs. Chas. Peden, residing at 550 Mill street, Huntsville, Alabama. Mrs. Peden is one of the best known and most highly respected women of that thriving little city where she has made her home for a number of years.

"When I commenced taking the medicine," she continued, "I only weighed ninety eight (98) pounds; now I weigh one hundred twenty five pounds and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture and I was twice examined and each time told that an operation would be my only hope. I had fallen off until I only weighed ninety eight pounds and was so weak I could hardly get around."

"I had no appetite scarcely at all, and what little I did eat would cause gas to form in my stomach which gave me palpitation of the heart, sick headaches and a dizzy feeling about the head. When those spells came on me, I would get awfully nervous. I worried about myself until I could rest and sleep but little."

"It had fallen off until I was almost 'skin and bones' and my strength and energy were slowly leaving me. I had a dread of the future and could see nothing but the operating table and the knife. I had a perfect horror of an operation, but had made up my mind that it was either life or death and prepared to submit to it. I had made all preparations for the operation and called on my sister to tell her goodbye, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut me on and told me to wait and try a good tonic for a while. The next day as I returned from the consultation room I thought of what she said, and as I had heard so much about Tulae, I decided to try it as a last resort, and stopped at the drug store and got a bottle. Of course, I had lost heart and had no faith in medicine, but to please my sister, I made up my mind to take it, and oh, what a happy day that was for me!"

"I never returned for the operation, but just kept taking Tulae and my improvement has been so rapid that some of my clothes fit me. Right from the start I began to improve. The medicine seemed to take hold right at once. It had a soothing effect, and in a few days I felt no pain at all. I was so happy over my wonderful improvement that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tulae and have just finished my third and feel like I have been made all over again into a new woman."

"As I have said before, I now weigh one hundred twenty five pounds and some of my clothes are big enough for me, and I will have to make them over again. I now have a ravenous appetite and my husband says I am simply eating him out of house and home. I have even gone back to coffee which I was told not to touch. Those horrible pains in my back and head have all disappeared and I sleep like a child. I am no longer nervous and when I get up in the mornings I feel refreshed, cheerful and bright. I am now able to attend to my household again and I feel as if I had started life all over. My husband is highly delighted and my recovery is the talk of the neighborhood. I do nothing but rejoice all day long over the recovery of my health and praise Tulae to everybody. I feel so grateful for my escape from the operating table, and the knife that you may publish what I have said; you may if you wish, tell other women suffering as I was, to come and see me and I will be glad to tell them about my case."

Tulae is sold in Mt. Angel by Ben Goehs, in Gervin by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Salem by Dr. S. C. Stone, and in Silvertown by George W. Steinhilber. (adv.)

## Considerable Life In Cattle Market

North Portland, Ore., June 26.—With a light run of cattle today of 100 head and a comparatively light run Monday of 100 head the market is showing considerable life. Everything sold readily yesterday, the market closed in a steady healthy condition. Quotations: Prime steers 12.00@13.00; good to choice steers 11.00@12.00; medium to good steers 10.00@11.00; common to fair steers 9.00@10.00; choice cows and heifers 8.00@9.00; fair to medium cows and heifers 7.00@8.00; calves 6.00@7.00; hogs 5.00@6.00; stockers and feeders 4.00@5.00.

Hog receipts yesterday 1200, today 200. The quality of hogs coming to market at this time is averaging good to choice and are in good demand, every thing selling readily at steady prices. Quotations: Prime and 15.50@16.75; medium mixed 14.00@15.00; rough hogs 12.50@13.75; pigs, 13.50@14.75; bulk, 10.00.

The sheep market has been seeking a lower level to conform with the general run of summer prices, and at this time all offerings are steady. Receipts yesterday 2200, G. officers: East of the Mountains 1400; G. 1300; Valley 1000; wethers 7.00@7.50; ewes 6.00@6.50.

## Willamette Valley News

### Hazelgreen News

(Capital Journal Special Service)  
Hazel Green, Ore., June 26.—Louis Lavis is spending the week in Salem. Miss Anna Johnson and Mrs. Adair Jones went to Monmouth Sunday afternoon to attend summer school.

Mr. and Mrs. Ed Dunigan and Mr. and Mrs. Maurice Dunigan autoed to Mill City Sunday.

Messrs. Spencer, Haines and George Dunigan from the Portland Y. M. C. A. spent Saturday evening and Sunday at the Dunigan home.

Miss Minnie Koppinger returned to her home in Mill City Sunday.

Mr. and Mrs. Wethalfer and daughters from Oregon City, spent Sunday with their friends, A. Weiner, and family. The two men were college chums.

Mr. Wethalfer spoke in the U. B. church in the morning.

Ever Vas Cleave's were the guests of Chas. Vas Cleave Sunday.

A mass meeting will be held at the school house Friday evening in the interest of war saving stamps.

Friends from Astoria visited at the W. G. Davis home Sunday.

Friends of Miss Nellie Jackson will be interested to learn that she is married and living in Portland.

Miss Nellie Peterson and Ward Russell of Waconda were married last Thursday. Mr. Russell was a former resident of Hazel Green.

### Victor Point Locals

(Capital Journal Special Service)  
Victor Point, Ore., June 26.—The cry of the neighborhood is "we wait rain."

Mr. Cal Hanamann expects to leave for San Francisco next week so she can be with Mr. Hanamann who is in Camp Fremont.

Mrs. Amanda King of Salem is visiting with her son Anna King.

Miss Anna Decker who underwent an operation last week is getting along fine.

P. A. Doerfler has given his barn floor for several Fed Cross dances, and June 29, he will give a dance of which two thirds of the proceeds go to the Marion County Cow Testing Association and one third to the Red Cross. Frank has given the Victor Point Red Cross auxiliary the victor rights and all they take in is theirs. The ladies of the auxiliary will serve lunch, good music, good floor, everybody come, June 29th. Don't forget the date.

Mrs. J. Armstrong and her niece Miss Anna Sutter of Salem will leave Thursday to visit with relatives and friends at Colfax, Wash., and Hayden Lake, Idaho.

### Hayesville Notes

(Capital Journal Special Service)  
Hayesville, June 26.—Rudolph Hansen and Miss Anna Burkhalter were married at Oregon City the 19th.

S. Willis has sold his 16 acre tract to A. Ruge of Salem for \$7000, who has taken possession. Willis' have moved to Salem.

At the school meeting held on Monday Mr. Utterback was elected director, Harry White's term having expired.

Mr. and Mrs. Gardner of Polk county visited W. C. Privett's Sunday.

The Silver Falls Timber company's logging road the 180 foot liberty pole was erected in the public school yard early this morning. In order to get the engine off the track on Water street before business resumed the committee and men from the mill crew started work at a little after four this morning.

In passing to their places of business they were surprised to see what had been going on while they were sleeping.

The flag raising event and celebration will take place in Silvertown on the Fourth of July. It was first planned to have the raising of the pole a part of the program, but such arrangements could not be made.

### Oklahoma Oil Concerns Try to Fake Public

Oklahoma oil companies, which have not been admitted under the blue sky law to do business in this state, are flooding the state with stock selling literature, according to the Corporation Commissioner.

Reports coming to Commissioner Schulderman indicate that many of these companies are fake stock selling concerns and he warns the people of Oregon to be wary of buying any stock of this nature. Glowing representations are being made as to the rapid increase in the price of the stock which may be expected by purchasers.

The Oklahoma state council of defense is endeavoring to drive the companies out of that state, according to a letter received by Commissioner Schulderman from Chester H. Westfall, representing the Oklahoma council of defense. He requested a copy of the Oregon blue sky law.

Commissioner Schulderman also has been advised that two of the oil stock operators, E. J. Green and E. H. Green, officers of the Great Western Guarantee company, have been arrested by federal authorities on a charge of misuse of the mails in connection with their stock selling schemes. The men are being held to the grand jury under \$10,000 bonds. This company had organized five different oil companies.

**GERMAN PAPER CONTINUES.**  
Chicago, June 26.—The Illinois Staats Zeitung, a German language daily newspaper published here for 73 years, took on a new lease of life today with the announcement that a group of Americans of German descent will provide finances for its needs. It was stated that there was no further connection with the paper.

## Convict Joe Quinn Stabbed by McAllister

An old feud between Vernon McAllister and Joe Quinn, convicts at the state penitentiary, is close to its last chapter yesterday, as Quinn is lying dying in the prison hospital, with a stab over his heart, which penetrated his left lung. McAllister is locked in a death cell.

The only details of the duel which occurred in the prison laundry early yesterday afternoon, were learned from the convicts themselves. Quinn was taken out to the guards after the fight that he was in a chair in the laundry, when McAllister appeared at his side and attacked him with a thin, improvised stick. He was stabbed in the lung and suffered a wound over the left ear.

Sound of the melee brought intervention from the guards and convicts. That Quinn had not forgotten his hatred for McAllister was evidenced by the discovery of a sock loaded with bits of iron and rock on Quinn's person. Apparently he had little chance to use this weapon effectively, however.

For years there has been blood between McAllister and Quinn, due to some grievance unknown except to themselves.

About a year ago McAllister attacked Quinn in the yard and but for outside aid the results might have been serious. Later on the same day Quinn hit McAllister with a slingshot and McAllister did not recover from the effects of this attack for several days.

About two months ago the men promised Warden Murphy they would bury their long-standing grievance, and since that time had evidently been on good terms.

Both men are serving sentences of from one to ten years, and they have been in prison long past their minimum sentences. McAllister was sent up from Malheur county in September, 1915, for horse stealing, and Quinn was sent up from Yamhill county in September, 1914, for assault with attempt to kill.

At the prison hospital it is said Quinn has a fighting chance for life.

## Austrians Not Prepared For Crushing Defeat

Washington, June 25.—Failure of the Austrian general staff to provide for possibility of defeat is assigned by the Italians as the cause for the heavy Austrian losses in their retreat, according to cables from the headquarters of General Diaz.

Documents found on five Austrian officers taken at Montello, and other points told of the detailed plans worked out by the Austrians in their proposed advances against the Italians.

Use of Italian food and supplies was counted on, and the thousands of Italians the Austrians expected to capture were to be forced to build bridges across the Piave and erect fortifications for the advancing Austrian artillery.

Italy has begun an air campaign against the Austrians on the Adriatic coast.

An official dispatch from Rome this afternoon reported the activities of a hydroplane squadron in the Dalmatian region. A large Austrian vessel was attacked by two planes. Incendiary bombs were dropped and the vessel was set on fire.

## Silver Falls Loggers For Serbian Army

(Capital Journal Special Service)  
Silvertown, Ore., June 26.—Lieutenant Svetoslav Radulovich, a Serbian recruiting officer, and Danilo Mandic, a representative of that government, were here yesterday and took from the Silver Falls logging camps twenty four men for the Serbian army. The men went to Salem on the auto stage Tuesday evening where they were enroute for Seattle. From Seattle they go to their native land as soon as arrangements can be made for their transportation.

Mr. Mandic said that about forty more men will be taken from the camps here tomorrow. Each man was a flag on his coat, and as they left the city they were cheered by the hundreds of people who congregated upon the streets to give them a farewell reception.

When the next army of men leaves the camps it will reduce the force of loggers to quite a discouraging extent. They have been in camp, some of them, for ten months.

## State Lime Board Adjourns Without Action

No action was taken by the state lime board, when it met in Corvallis yesterday to consider ways and means for completing the state lime plant at Gold Hill after the \$20,000 appropriation is exhausted.

A. B. Cordley, chairman of the board, suggested that the board arrange to borrow the money with the idea that the money could be repaid when lime is manufactured and sold. But the other members of the board did not favor that procedure, and they decided to await the next meeting of the state emergency board, which probably will be held in July, and then request the emergency board to authorize the lime board to incur a deficiency in completing the lime plant.

Warden Murphy of the state penitentiary, secretary of the lime board, attended the meeting yesterday and was strongly opposed to any plans which calls for the board to borrow money.

## Oregon Social Hygiene Society Would Pay Moore

Rev. W. G. Elliot, Jr., Dr. W. T. Williamson and John McCourt of Portland, representing the Oregon Social Hygiene

## METAL TRADE SCHOOL IS LACKING QUARTERS

New Course Cannot Be Housed In Any of Present School Buildings

The problem of securing quarters for the metal trade school, the new department in boys work, occupied the attention of the school board at the session last evening.

Geo. H. Vick, the advisory board told the directors that it was entirely out of the question to build the forge and machine shops in the main building of the high school on account of the noise and fumes. He suggested that a corrugated iron building be erected to serve as temporary quarters and thought it might cost not less than \$1500. He said that a large part of the expenses of the school could be met by the making of tools and other repair work.

It was also suggested that part of the work of the domestic science course should be done in a separate building. As the district owns the frame house adjoining the high school just south on Church street, it is probable that this building will be repaired and put in shape for this work. The district also owns the property on High street just south of the high school and it was suggested that permanent quarters for the forge and machine shops be erected on that lot. The final disposition of the matter is in the hands of the building committee consisting of Chairman H. L. Clark, E. T. Barnes and H. O. White.

Two new members of the board were sworn in and installed, Harley O. White and Chauncey Bishop. Max O. Buren, the retiring member, spoke briefly regarding the good work that had been done in recent years. A. A. Lee spoke in regard to the progress necessary, stating that school districts must take into consideration the fact that this is a mechanical age and that schools must properly equip their young men.

The cost of establishing the metal school department is estimated as follows: Machinery \$2300, other equipment \$1000, cost of temporary building \$1500, furnishings for house for domestic science department \$500, total \$5300. The government through the Smith-Hughes act, will pay one-half of the extra teaching force necessary.

Other business brought before the board was as follows: Election of Miss Helen E. Hughes as teacher in the primary department at a salary of \$80 a month and that contracts had been signed with Hazel C. Fisher, Minnie Goehring, Mona Green, Gertrude L. Partridge, Miss J. B. Hubbs, August Lindholm, Irene Ringheim, Lora A. Chute, Kate Barton, Coniford Hurd and Laura V. Hale.

Principal J. C. Nelson submitted a detailed report of the funds received from tuition from high school students and other sources. The supplies for the laboratory will be much less this year than a year ago.

H. L. Clark will be chairman of the board for the coming year. He expressed himself as being in favor of thorough instruction in the fundamentals and that no money should be expended in experiments and that he hoped for the cooperation of the board.

## Opening Performance of Apollo Club Tonight

With the opening performance of the Apollo Club of Salem at the Grand Opera House tonight, a long felt want on the part of numerous civic improvement enthusiasts, will be well on the road to fulfillment and, unless present plans miscarry, tonight's concert will be the beginning of regular semi-annual events by the Apollo Club.

Scat sales indicate for the affair a big house and a glad hand and if the earnest efforts which the boys have put forth in rehearsals for the past four months do not burst forth into full bloom tonight it will be because the whole crowd becomes badly afflicted with stage fright which, of course, is a long distance probability when one remembers the splendid work of the Cherrington minstrel chorus, in which almost every one of the Apollo Club members participated.

Director Todd is never inclined toward over-confidence. At least he firmly impresses upon his proteges that it is up to them to make good and that no promise or prophecy are in order until the "goods" have been delivered. It is safe to say, however, that Mr. Todd is very enthusiastic over the work of the club and that his usual good judgment will have gone far astray if the boys fail to please their listeners tonight.

Society, called upon Attorney General Brown today to furnish him more information as to the character of the work of L. H. Moore, secretary of the society, who is now stationed in Washington, D. C., and to draw his salary from Oregon.

When his claim for salary for March was received by Secretary Olcott that an official requested further information about the work being done by Mr. Moore. When this was received the whole business was put up to the attorney general for an opinion as to whether the secretary of state would be authorized to draw a warrant for the claim. The attorney general held that the claim could not be paid with state funds. Members of the society now declare that the information furnished the secretary of state was not adequate and they are seeking to change in the attorney general's opinion.

The society desires to use the \$10,000 authorized by the emergency board for prevention of social diseases among Oregon men in military service to pay Mr. Moore's salary while he is in Washington, where he is secretary of a national organization.

### LEGAL NOTICES

IRRIGATION FOR 1918

For the purpose of trying to make the irrigation service more satisfactory the city will be divided into two districts so that each district will get the full service of the plant upon the day it irrigates.

The plan is to have the houses which bear even numbers on the streets irrigate only on Monday, Wednesday, Friday and Sunday, and the houses which bear odd numbers on the streets irrigate only on Tuesday, Thursday, Saturday and Sunday. This plan will permit every house to irrigate four days out of each week.

The purpose of the Water company in furnishing water for irrigation is not to furnish all the water a person can run through the hose in the six irrigation hours every day, but to furnish enough water to keep the lawn in condition. To use more than enough is a waste. We will pump the usual amount of water and hope to furnish it more satisfactorily.—Salem Water, Light & Power Co.

appeal for 50 women and girls to be sent out in groups into the Loganberry fields of the Willamette valley was issued yesterday by J. W. Brewer, federal farm help specialist, from his office, 704 Oregon building.

"We must have the help or serious crop damage will result," declared Mr. Brewer. "I am eager that every person who will help meet the crisis must come to my office and register at once."

Forty boys recruited by the Catholic war council left for the Loganberry fields at Broadacres, on the Oregon Electric, at 6 o'clock last night. These boys are the first of several groups which are being sent out to save the crop, which, advisers said yesterday, is ripening faster than was anticipated.

Joseph Reitz, a member of the faculty of Columbia university, is in charge of the pickers, and tents and provisions have been supplied that all may have abundant comfort. The Knights of Columbus hall was the mobilization point yesterday morning and will be headquarters for other boys who will be sent out later.

## One Fireman Killed Eight Others Injured

San Diego, Cal., June 26.—Fireman R. Cunoeh was killed and eight other firemen, including Assistant Chief H. A. Parrish, were injured, some seriously, when the blazing roof of the Steels Fish Packing company on the bay front here collapsed early today.

An explosion was heard in the building at 4:30 and the upper part of the structure was soon in flames. The roof fell soon after the firemen entered the structure, which is a complete wreck. The plant is one of the largest on the Pacific coast and contained 10,000 tons of tuna at the time of the fire.

## CYCLOPS OFFICIALLY LOST

Oshkosh, Wis., June 26.—That the navy department believes some members of the crew of the missing collier Cyclops are dead was indicated in an official notification received here by John Ahrens. The message said Albert George Ahrens, a sailor on the Cyclops has been declared officially dead, "as of June 14, 1918."
