## Something New--

The Keith Konquerer Shoe Company, of Brockton, Mass., notified their exclusive local dealer, The Paris Shoe Shop, that for one week, July 1st to July 6th, they will inaugurate a new profit-sharing system of introducing their shoes for men and women, by giving any man or woman that buys a pair of shoes at the regular purchase price the opportunity to buy the second pair at ONE-HALF PRICE and the second pair may be any style or size. Remember this special introduction of Keith Konquerer Shoes for one week only, July 1st to July 6th.

## WAR PROFITS EXCESSIVE

(Continued from page one)

Steel and Copper Profits.

The net income of the corporation for 1917 after deducting federal income and excess taxes was \$244,738,908, of which about one tenth was applicable for dividends and surplus as compared with \$46,520,407 in 1914.

The copper industry more than doub led its average carnings. Twenty one companies made profits in 1917 which ranged from one to 107 per cent on their investments. The average profit was over 24.4 per cent as compared with 11.7 per cent in 1913, a normal year. These increases were partly due to the heavy war demands.

Some Not Abnormal.

No unusual profits were found by with the exception of the New Jersey Zinc company. Basing percentage on the capital stock issue of \$35,000,000 this concern made 56 per cent profit in 1917, and paid a dividend of 46 per cent. The large profits of this concern ar

explained by the possession of an ore body of unusual purity and richness. The International Nickel company made profits in 1916 of \$13,557,009, forty per cent, the increased profits here \* are due largely to increased output, rath \* erer than advanced prices. The commission was not inclined to blame them

Information of the commission does \* sot indicate excessive profits on lamber on the western coast.

Lumber and Coal

Forty eight southern pine producers made an average profit on the net in-vestment in 1917 of 17 per cent as compared with 5.2 per cent in 1916. Margins on the coal industry in many

anes were two or three times norma Iwenty three bituminous mines in cen The government made a call Friday tral Pennsylvania averaged a margin of
