Human Brute at Large in Silverton

Led away Wednesday afternoon by a strange man upon the promise that he would give her some rabbits was the experience of Rebecca, the little seven-year-old daughter of Mr. and Mrs. Theo. Lacey who lives on Mill street. The child was at play upon the street when accosted by the man. He induced her to go with him to the shed back of the Henry DeGuire place on Water street, apparently for the basest reasons. The man did not stay long with the child but soon came out and was seen going down the street on the run. Several people saw a man running away from the building but he was so far from them that they were unable to give a good description of him. The child left the shed crying, but was uninjured. Mrs. J. D. Drake found the child and took her home.

The description of the man drawn from the child by the police was that he was short, wore old shoes and had a bearded face. With this meagre description the police have been searching for a man answering it, but have been unable to find one this far.—Silverton Appeal.

United States Government Positions in Statistics

The public knowing that I have qualified as statistical expert with the war department are asking me all kinds of questions concerning these government positions. Permit me to state briefly, that the U. S. government is so short of help in statistics that in their last announcement they do not require civil service examinations for even statistical clerks. (See announcement No. 1297 which cancels No. 2030)

Group 1—Competitors will not be required to report for examination at any place, but will be rated on the following subjects, which will have the relative weights indicated:

Subjects	Weights
1. Physical ability	10 per cent.
2. Education, training and exp.	90 per cent.

Salaries range from \$1000 to \$1400 a year for grade 1, and \$1400 to \$1800 a year for grade 2.

Group 2—Group 2 is statisticians with salaries ranging from \$1500 and up.

Both males and females are eligible as statisticians and statistical clerks.

Group 3—Statistical expert, for men only. Salaries are ranging from \$1800 to \$2500 a year for grade 1, \$2500 to \$3500 a year for grade 2, and \$3500 to \$4500 a year for grade 3, etc.

War Emergency Training
Repeated requests from government departments and boards at Washington and subsequent analysis of the situation there have shown the pressing need for persons who have statistical training and are fitted to render assistance in the rapidly expanding office and organization work in the various departments of the government. Similar requests are being made by business organizations whose personnel has been depleted as a result of war demands.

To meet this situation Columbia University, New York, offers this summer a "War Emergency Training Course" in statistics; indexing and filing and elementary accounting.

Can't Help But Admire Babies

Every Woman Casts Loving Glance at the Nestling Cuddled in its Bosom.

It is a joy and comfort to know that those much talked of pains and other distresses that are said to proceed child-bearing are avoided. No woman need fear discomfort if she will fortify herself with the well known and time-honored remedy, Mother's Friend.

This is a most grateful, penetrating, cerebral application that at once softens and makes pliant the abdominal muscles and ligaments. By regular use the muscles expand without the usual strain when baby is born and pain and danger at the crisis is consequently less.

Women everywhere who have used this famous remedy tell how they entirely avoided nervousness, twitching spells, bearing down and stretching pains, and realize how they enjoyed entire freedom from the many debilitating and distressing experiences usually incident to approaching motherhood.

Mother's Friend is recommended only for its relief and comfort of expectant mothers. Thousands of whom have used and commended it. It is for external use only. It is absolutely and entirely safe and wonderfully effective.

Write the Bradford Regulator Co., Lamar Bldg., Atlanta, Ga., for their "Mother's Friend" so valuable to expectant mothers, and in the meantime obtain a bottle of Mother's Friend from the druggist today and thus fortify yourself against pain and discomfort.

Wonderfully Satisfied by Results Obtained with Nujol

Read the following letter from Mr. J. A. Smith, who gladly tells others what Nujol did for him:

NUJOL LABORATORIES, STANDARD OIL CO. (New Jersey), BAYONNE, N. J.

Dear Sirs:

For a number of years I suffered from a most stubborn case of constipation. After having tried every laxative, etc., without results, I noticed your advertisement and decided to give Nujol a trial, which I did with the very best results possible. I am never bothered with constipation now and feel much better.

I can truthfully say that I have derived far more benefits from the use of Nujol than from all other treatments combined. I heartily recommend it to any sufferer from constipation.

Yours truly,
J. A. Smith.

Centenary, S. C.,
Dec. 22, 1916.

In bottles only, bearing Nujol trademark—never in bulk.

MR. SMITH is one of thousands who now insure regular bowel-habits—the healthiest habit in the world—simply by the use of Nujol. To endure constipation is to invite sickness. Use Nujol to restore bowel-vitality. Don't lay yourself open to diseases that start from inactive and unhealthy bowels. Nujol relieves stubborn or occasional constipation in Nature's own way, gently and effectively. It causes no false stimulation; no gripping; no harmful reaction. Nujol is positively pure and drug-free; a pleasant remedy to take; a safe remedy for all. Avoid the dangers of harmful pills and physics. Use Nujol and be "regular as clockwork."

ABSOLUTELY HARMLESS Nujol for constipation

No News of Czar's Death.

By Joseph Shaplen
(United Press Staff Correspondent)

Stockholm, July 1.—Premier Lemnne has issued a statement declaring that he has no knowledge of the reported murder of Nicholas Romanoff, former czar, a Moscow dispatch declared today. The Nashe-Slove reports that friends of the Romanoffs in Petrograd have received a telegram from one of the former czar's daughters, saying: "Father and mother are in a safe place."

The Velikays Russia says the kaiser offered to restore Nicholas to the throne but that the offer was refused. The same newspaper declares the Romanoffs have been transferred to Kotelnieh, a

WALK ERECT AT EIGHTY

Because a man or woman is old does not mean that they must walk along bent over and supported with a cane. A man can be as vigorous and healthy at eighty as at twenty if he aids the organs of the body in performing their functions.

All diseases whether of a malignant or weak character tend to tear away our vitality. You must counteract disease in its incipient stage if you would live a happy and useful long life.

DEBS ARRAIGNED

on his Canton address. It found guilty the maximum penalty would be a fine of \$10,000 and imprisonment for 20 years.

Debs has been the socialist candidate for president at four elections. After his arrest he received word from Terre Haute, Ind., his home, that socialists of the fifth Indiana district, had nominated him as candidate for congress. Debs said he expected upon release to leave for his home in Terre Haute. He announced he would not make any speaking engagements pending his trial.

After arraignment, Debs was confined in the federal marshal's office. Wolf objected when Westenhaver set bail for \$10,000. Westenhaver said it was not the desire to keep the defendant in jail, and though the indictment charged a serious offense against the government, the court was disposed to deal with the case just as any other.

Many Rejected by Camp Lewis Doctors

Portland, Or., July 1.—Several Oregon counties faced immediate invasion of class number two today as a result of what is alleged to be "typical red tape methods" of army examining physicians at Camp Lewis.

Local board chiefs here declared the camp physicians are rejecting as physically unfit an average of ten per cent of the national army men recently sent to the camp. This is a much larger percentage than ever before, and alternates from classes one and two must be sent to replace them.

Local men sent today the men rejected should have been accepted under the modified requirements issued by the provost marshal general.

Some of the causes for rejection repeated by returned men were one-eighth of an inch too short; perforation of one ear drum and slightly under weight.

Modified army regulations state that ability to hear moderately well will admit a draftee.

The charge was made that the camp physicians have their eyes so close to the rules and regulations in force when they went to work for the government that they have been unable to adapt themselves to changed conditions.

Returned men are placed in class five along with the one legged men, the morally unfit and the blind, for the period of the war.

State Lime Board Will Contract Debts

The state lime board, under the provisions of section 10 of the act creating the board, has authority to go into debt for the purpose of completing the state lime plant at Gold Hill without becoming liable under the provisions of the emergency board law, which makes it a criminal offense for state officials or boards to incur a liability against the state without authority from the emergency board.

This is according to an opinion given by Attorney General Brown to Charles A. Murphy, warden of the penitentiary and secretary of the lime board.

The attorney general points out that section 10 of the lime board law provides that all moneys derived from the sale of products disposed of under the provisions of the act shall constitute a standing appropriation which may be used by the lime board.

So the board has authority to go in to debt to complete the lime plant and then pay off the obligation with the proceeds from the sale of lime.

Oregon Prohibitionists Endorse West for Senator

Portland, Or., June 30.—In a session which lasted practically throughout the day yesterday the prohibition state convention thrashed out a platform and nominated two candidates—former Governor Oswald West, for the United States senate, and George M. Brown for attorney general. Both men are nominees on other tickets.

There was no mention in the convention of fusion with the new national party of the state. In most states such a merger has been effected, and leaders of the new party in Oregon had generally believed they would absorb the old temperance organization here. Instead, the existence of the national party was completely ignored, though

DOCTORS FAILED TO HELP

But Lydia E. Pinkham's Vegetable Compound Removed the Cause of this Woman's Illness.

Worcester, Mass.—"I took Lydia E. Pinkham's Vegetable Compound for a weakness and pain which used to keep me in bed for two days each month. I tried many doctors without benefit until I was really discouraged. My mother urged me to take Lydia E. Pinkham's Vegetable Compound as it had helped her so much. I did so and soon saw a change for the better. I kept on taking it and am now so well and strong that I can do all my housework, even my washing and I have a little baby who is as healthy as I could ask—thanks to your Vegetable Compound."—Mrs. F. H. STONE, 24 Bowdoin St., Worcester, Mass.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, headaches and nervousness should lose no time in giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.
