MILITARISM ISSUES

(Continued from page one)

will mark the first of the three final stages in the Hohenzollern conspiracy to impose medieval rule upon civilization. The next will be the creation of a military dictatorship as the governing force in Germany. When that has failed there will come a despairing effort to negotiate a compromise peace. If the allies still maintain a resolute front, then militarism will have run its full course and will either be overthrown or made harmless.

There may be an interruption to this program through a sudden revolt in Austria-Hungary or because of a sudden realization by the German people of the fact that they are being led to destruction. If neither of these possible developments occurs, Von Kuehlmann's retirement can only be followed by the sequence of a military dictatorship and an attempt to negotiate a camouflaged peace.

Von Kuehlmann declared in the Reichstag that the kaiser could not rule Europe. The kaiser certainly cannot pursue that fanatical attempt at suicide while Kuehlmann remains foreign minister. Even the stubborn, narrow mind of the Germans would see the fatal inconsistency of this course. If, therefore, the kaiser still thinks he has been chosen by Gott to control Europe's destinies, Von Kuehlmann must retire. Megalomanias who go into the market place to prate of their intimacy with Gott have always been makers of mad decisions. This time the kaiser's decision may lead to his own imperial extinction.

Another Investigation Into Steamer Disaster

Peoria, Ill., July 10.—A new line of inquiry into the steamer Columbia disaster, which claimed the lives of nearly a hundred persons was opened today when a body found on the Peoria coun-

Don't Let Catarrh Drag You into Consumption

Avoid Its Dangerous Stage. There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and the hacking and spitting and other distasteful features. The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by

sprays, inhalers, atomizers, jellies and other local applications. S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Get a bottle from your druggist today, and begin the only logical treatment that gives real results. You can obtain special medical advice without charge by writing to Medical Director, 27 Swift Laboratory, Atlanta, Ga.

SOCIETY

By MAHEL GARRETT Mrs. R. B. Houston, who has been visiting in Salem for about a month, left last evening for her home in Santa Rosa, California. As Mrs. Houston formerly lived in Salem, she had many friends who enjoyed meeting her again. Among those who entertained her as their house guests were Mrs. Paul Schmidt, Mrs. E. Hofer and Mrs. Min-to.

A pretty home wedding was solemnized Friday evening at four o'clock when Miss Ethel I. Higgins became the bride of Roy McIntire. The ring ceremony was used and Rev. H. C. Stover officiated. Only the closest relatives were present. The bride wore a flesh-colored georgette crepe dress. "O Promise Me," was sung by Mrs. Newgen, sister of the groom, and Mrs. Ethel Brown, sister of the bride, played the wedding march. Mrs. McIntire is a daughter of Mr. and Mrs. A. P. Higgins and is a teacher of this city. Mr. and Mrs. McIntire left for a short wedding trip.

Mr. and Mrs. Chauncey Bishop, accompanied by Mrs. John Roberts, motored to Portland this morning.

Miss Bertha Gale, daughter of M. Gale of Gale and company, left Sunday for a vacation in California. She expects to stay about a month, visiting in San Francisco with her sister, Mrs. George Rubenstein. Mr. Rubenstein is stationed at the Presidio as a field secretary for the Y. M. C. A.

The Aid society of the W. R. C. will meet in the armory Thursday afternoon from two till five. All G. A. R. members are invited. A good attendance is desired.

The marriage of Miss Annette Graber and Wayne M. Price was solemnized Friday evening at the Baptist parsonage. Rev. G. F. Holt read the ceremony. As the wedding was hastily planned the affair was extremely simple. The marriage took place at eight o'clock and soon after the groom left with many other men for Fort McDowell, California. Mrs. Price is the daughter of Mr. and Mrs. Joseph Graber, No. 1293 D street. She will remain with them for the present. Mr. Price is the son of Mrs. Florence Price who is now living in Pittsburgh, Pennsylvania.

Albert Strovehn is in Salem for a short time with Mr. and Mrs. G. W. Laflar. Mr. Strovehn is a nephew of Mr. Laflar's and is manager of twenty one flouring mills in Montana. Mr. and Mrs. Laflar expect to go to Newport for a two weeks vacation the last of this week.

Mrs. Clarence Mitchell is visiting at the home of her parents, Mr. and Mrs. Charles Spencer, 735 Perry street. Mrs. Mitchell's home is in Tacoma, Washington.

After spending a few days visiting in Tacoma Miss Cornelia Marvin, state librarian, returned to Salem the first of the week.

Mrs. Ellen Tucker, accompanied by her daughters, Ruth and Nellie Tucker, left last evening for the eastern part of Washington. They will visit relatives in Pomeroy for a few weeks and will go later to Walla Walla where they plan to make their future home.

by side of the river was identified as Harry Brown of Peoria, a member of the club under whose auspices the boat excursion was given. Coroner Elliott of Peoria county announced that he would conduct an investigation independent of state, federal and Taxwell county investigations, in an attempt to place the blame for the tragedy. A jury was selected and sworn in this morning. They visited the scene of the wreck and will hear evidence tomorrow.

The death toll remains at 83 today with nine others reported missing.

NOTED ATTORNEY OUT WITH FACTS

Hon. R. W. Damon Feels It Duty to Tell Public His Experience

Business men, professional men, farmers, artisans in fact people in all walks of life, including innumerable women, are now taking Tanlac, and are testifying daily to the preparations remarkable merits. This incontrovertible evidence is further strengthened by the statement of R. W. Damon, a well known attorney at law, who resides at 2712 Yakima street South, Tacoma, Wash. Mr. Damon practiced his profession in the state of Ohio for thirty five years, and has many staunch friends throughout the west. In relating his experience with Tanlac recently, Mr. Damon said:

"I feel it my duty to do whatever I can to help suffering humanity, and I am more than glad for the sake of others, to give this statement about my wonderful improvement since I began the use of Tanlac. I have suffered a great deal during the past two years from indigestion and stomach trouble in a very severe form. My food would not digest properly, but would lay in my stomach and ferment, causing gas, bloating and much pain about my heart. At times I was so affected by this gas that I could hardly breathe, and had intense pains all through my chest. Twice, I was in such a bad way that I felt to the floor in an unconscious condition, and the second attack put me in such bad shape that I had to be carried to the hospital, where I lay for thirty days. I would go for two or three nights in succession with only two or three hours sleep, and the following day I would feel entirely worn out. I seemed to receive no benefit from my food, was inclined to be constipated and felt unfit for anything. I, of course, doctored, and took medicines of different kinds, but got very little, if any results.

"While reading the Tacoma paper one day I came across a Tanlac testimonial, given by a Denver lady, and her case was exactly like mine. So since that time I have been taking Tanlac, and the results have far exceeded my expectations. I have only been taking it for about ten days and have already been almost entirely relieved of the gas and bloating. My appetite is so enormous, and everything tastes so good that I have to guard myself to keep from eating more than I should. I have gained eleven pounds in weight already, and am still picking up. I sleep soundly every night and get up in the mornings rested and refreshed. So it is, Tanlac has proven to be just the right thing in my case and I gladly give others the benefit of my experience with it."

Tanlac is sold in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Goodrich, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Salem by Dr. S. C. Stone, in Silverton by Geo. A. Steehammer, and in Gates by Mrs. J. P. McCurdy. (Adv.)

BELLANS FOR INDIGESTION 6 BELLANS Hot wafer Sure Relief

NORTHWEST SPRUCE IN AMPLE SUPPLY Eighteen Per Cent of Three Billion Feet Suitable for Airplane Stock

San Francisco, July 10.—Of eleven billion feet of spruce standing in Oregon and Washington, three billion is worth cutting. Eighteen per cent of that three billion feet is suitable for airplane stock. The United States therefore has 540,000,000 feet of good spruce airplane stock in the Pacific northwest. These were some of the details outlined to the Ad clubs of the World today by Charles F. Berg, of Portland, president of the Pacific Coast Advertising mens association. Under the direction of Colonel Bryce P. Disque, of the army, is being cut at the rate of 30,000,000 feet a month, Berg said. A year ago three million feet a month was the production.

"I'm venturing the prediction," Berg said, "that when this 540,000,000 feet will have been made up into liberty motored planes, their motors will produce a lullaby that will lull the Hun to sleep along with Withered Willie Hohenzollern and his covey of vultures. Spruce, Berg told the ad men, is the ideal airplane material "because of its strength, toughness, and resiliency." "When it is struck by a bullet it does not fracture nor shatter. It is light in weight. A liberty motored two seater airplane will make 147 miles per hour if made of spruce. If made of hickory, fir or other wood, its speed will decrease in proportion to the weight of the lumber."

PORT OF PORTLAND GAINS.

Portland, Ore., July 10.—The Port of Portland gained six million dollars in exports during the year ending June 30 and over one million dollars in imports, the collector of customs announced today. The gain is attributed to war activities. The total of \$10,046,486 for exports is still far below the pre-war normal for Portland, as is the total of \$3,380,726 for imports.

TORPEDO IS CAPTURED

Berkeley, Cal., July 10.—A twelve-foot torpedo was found floating in the bay here today. John Ambrose waded out and anchored it where it would not strike bottom or bump against a pier. The Berkeley police were notified and they telephoned Mare Island naval authorities. The police believe the torpedo was "dud" used by an American warship practice and arranged to float after running its course. Naval authorities had nothing to say.

- The list follows: Killed in Action Privates A. J. Nichols, Milwaukee, Wis. W. J. Walker, Chicago Died of Wounds Gunnery Sergeant A. N. St. John, Chicopee Falls, Mass. Private D. M. Blankenship, Rome, Ga. Previously reported killed in action now reported present for duty. Private I. C. Walker, Rockford, Ill. Previously reported killed in action, now reported severely wounded: Private O. E. Michael, Dalmatia, Pa. With Canadian Army Ottawa, Ont., July 10.—The following Americans appear in today's Canadian casualty list: Killed in action: Lieutenant E. W. Duval, Long Beach, Cal. Wounded: T. Powell, Bryce, Cal.; H. M. Gordon, Meyers Falls, Wash.

Inc., 681 Broadway, New York

SIGNAL CORPS COMPILE TELEGRAPHIC DATA

"Wets" Take Advantage of Row Over Telegraph Lines to Filibuster

Washington, July 10.—The United States signal corps is compiling completed data on telegraph operations in this country, including that of private and leased. This activity led to belief today that if President Wilson seizes the telegraph lines of the nation as a military necessity, their operation may be placed in the hands of the signal corps. If this is done, it will eliminate the objections of both union men and many members of congress to placing wire control in the hands of Postmaster General Burleson. Protests against the committee's executive session hearing are expected. Committee members instrumental in having Newcomb Carlton, president of the Western Union Telegraph company, were indignant that Carlton's testimony was taken in secret session. "Wets" who are using the telegraph resolution as a means of filibustering against war time prohibition, also were active today stirring up turmoil over the resolution. Two other groups were prepared to assail the committee for reporting the resolution back so quickly. One of these is composed of those who oppose governmental control under any circumstances. The other is composed of government control advocates who demand more information on the government's plans for taking over and administering the system. The latter group is frankly moved by the fear that Postmaster General Burleson is to be made director of communications. The strongest opposition exists to giving Burleson any more censorship powers over news and papers.

BEECHAM'S PILLS Good blood makes firm tissue, strong nerves, steady eyes and clear brain. Keep your blood pure and full of healthy, red corpuscles, and your liver active, by using Beecham's Pills, which remove poisonous matters from the system, assist the stomach to assimilate its food, and the food to nourish the body.
