SCHOOL BOARD HOLDS BRIEF BUSY SESSION

Building For Mechanical Department — Teachers Are Elected

The school board of directors broke the record last evening in attending to the business that came before the session and adjourning all within 40 minutes.

It was decided to begin at once the erection of the new building for the mechanical department. Plans were submitted by Prof. Bergman who will have charge of this new work, for the building 28 by 48 feet with tentative plans for the placing of the machinery.

The new machinery and equipment which will include a turning lathe, forges, welding plant, benches, vice and in fact everything that is required in an up to date machine shop. It is the intention to instruct the boys to do practical work in the repairing of gasoline motors and all work done in an average machine shop. The cost as provided in the schedule for the plant and machinery will amount to about \$2300.

Miss Augusta Lindblom, who applied for a position and was elected on the teaching force about four weeks ago evidently continued to apply for positions after she landed a job with the Salem schools as last evening she asked for a release and under the law the school board was obliged to grant the request. She got a better job in Seattle.

Miss Vera Perkins was elected to a position in the junior high school at a salary of \$85 a month and Miss Bertha C. Osborn to a position in the commercial department at a salary of \$100 a month.

SATAN TO TAKE A MUCH NEEDED REST

Universal Ruin Awaits the World at the Beginning of Millennium—Evangelist

"When Christ returns to this earth as king of kings and Lord of lords the Devil will be given a much needed vacation. Then for the first time in all history the wicked will be at peace among themselves, for they will be lying dead among the ruins of the cities and the nations of the world. The righteous will be taken with the Lord to heaven, and Satan will be bound to the chaos of this old world for a thousand years. Then Satan and all his wicked hosts will be destroyed, the earth will be renewed in all its Edenic beauty and become the everlasting dwelling place of the people of God."

Such were some of the startling statements made by Evangelist Phil C. Hayward in his prophetic lecture on the millennium in the Hayward-Dickson tent on Court street last night. And he supported these declarations by reading clear cut statements from the Bible which show that all schemes for a temporal millennium are but visionary deceptions designed by the evil one to lull unthinking persons into a sense of security.

"All hopes for an unbroken reign of peace to follow this war goes a glim morning when we realize that the selfishness and greed of evil men, and the limitless ambitions of designing rulers make continued peace an impossibility. President Wilson has declared that the peace which shall end this war 'must be a lasting peace, one which does not contain the germ of new wars.' But as we turn to the Bible and to all human experience we know that the germ of a sin is sin, and until the hearts of all human races are changed to be like that of the Prince of Peace, lasting peace will be impossible.

Millennium Unshored in by War

"For when they shall say, peace and safety, then sudden destruction cometh upon them," says the Bible. And we know from the context that this refers to the time of the end. The prophet Jeremiah also, referring to the day of the Lord, said, "A noise shall come even to the end of the earth, for the Lord hath a controversy with the nations. . . he will give them that are wicked to the sword. And the slain of the Lord shall be at that day from one end of the earth even to the other end of the earth; they shall not be lamented, neither gathered nor buried; they shall be dung upon the ground." And Isaiah adds, "And it shall come to pass in that day, that the Lord shall punish the host of the high ones that are on high, and the kings of the earth upon the earth."

"To this testimony another prophet, Zephaniah, adds, 'That day is a day of wrath, a day of trouble and distress, a day of wasteness and desolation, . . . a day of trumpet and alarm, . . . And I will bring distress upon men, and they shall walk like blind men, because they have sinned against the Lord, and their blood shall be poured out as dust, and their flesh as the dung.'

Christ Comes in Vengeance

"The New Testament also bears out the predictions of all the Old Testament prophets concerning the millennium. We read in the first chapter of second Thessalonians, 'Seeing it is a righteous thing with God to recompense tribulation to them that trouble you when the Lord Jesus shall be revealed from heaven with his mighty angels, in flaming fire taking vengeance on them that know not God, and that obey not the gospel of our Lord Jesus Christ: who shall be punished with everlasting destruction from the presence of the Lord, and from the glory of his power when he shall come.' So it is plain, whatever man may say about it, that the coming of Jesus Christ to this earth will be in a time of trouble and destruction.

The Dead Shall be Raised

"Another event of great interest which marks the beginning of the millennium and the second coming of Jesus Christ will be the resurrection of the righteous dead. Although Jesus declared that all the dead should be raised, yet they do not all come up at the same time. We read, 'For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God; and the dead in Christ shall rise first.' 'It will be clear to you all that after the dead in Christ have been raised only the wicked dead remain in the graves. And of these we read in Revelation 20:5, 'But the rest of the dead lived not again until the thousand years were finished.' So there is a thousand years interval between the resurrection of the righteous and the resurrection of the wicked. This is the millennium.

The Earth Made New

"After the thousand years of desolation, while the saints are in heaven and the wicked in their graves, the wicked are to be raised to life again, Satan will be loosed for a little while, Rev. 20:3, and then the most glorious of all events will transpire. Fire will come down from God out of heaven and destroy Satan and all the wicked ones, roots and branch. The elements shall melt with heat, and the earth and all the works that are therein shall be burned up. 'Nevertheless we, according to his promise, look for new heavens and a new earth, wherein dwelleth righteousness.' 1 Peter 3:7-13. And then the New Jerusalem comes down from God out of heaven and becomes the capital city of the new world, and there the righteous shall dwell. 'And there shall be no more death, and the inhabitant shall not say, I am sick, and God himself shall dwell with them, and be their God.'

A Clean World

"It will be worth a great deal to have a home in that blessed land," declared Evangelist Hayward in closing his remarks. "For only the righteous and peacefully inclined will be there.

War Summary of United Press

1438th Day of the War; 112th Day of the Big Offensive

Picardy front—German artillery began bombarding the British line along a ten mile front between the Aurore and Villers-Bretonneux this morning, following repulse of German attacks south of the Somme last night. Enemy guns also were active north of Montdidier.

Belgium—A daylight raid on an ambulance station at Lapanne by German airmen resulted in the death of 54 girl workers.

Turkey—Constantinople was bombed by five allied airmen Sunday. The Turkish war office reported "no damage."

Moderately Firm Tone in Wall Street

New York, July 10.—The New York Evening Sun financial review today said: "A moderately firm tone was displayed today's narrow, dull and sluggish market in the New York stock exchange until the last few minutes, when a wave of selling of tobacco issues caused a general decline. The earlier advance in prices was generally fractional. The rail stocks gave the best appearance of sustained strength. Prices drifted aimlessly in the late trading until the last few minutes, when a sharp six point break from the day's high in American Sumatra brought the general list fractionally below the best prices of the day and in some cases below the previous close. Marine preferred lost more than a point. The rail list held steady, showing a small gain for the day."

Champagne front—French took prisoners in raids.

Russia—The murder of Ambassador Mirbach is reported to have been the first step in a Russian terrorist plot for killing the other German responsible for Russia's predicament—the Kaiser, Hindenburg, Ludendorff and Kuchinann.

The scriptures tell us that the fearful and unbelieving, and whoyrenongers and sorcerers, and idolaters and all liars shall have their part in the lake of fire. What manner of persons, then, ought we to be? The Holy Spirit teaches us that today is the day of salvation. After this life nothing remains but the judgment, and the final reward either for good or ill.
