Vacuum Packed By Special Process

90,000 CANS USED

(Continued from page one) by the First Presbyterian church of this city and from one cherry tree alone, the value from the fruit amounted to \$52. Joseph B. Albert was one of the trustees of the church that was instrumental in putting the deal through before the cherry season was on.

break the canning record of his plant with Bartlett pears this year. The prospects are good for a bumper crop. From the Hunt Bros. Co., cannery alone, there has been paid out more than \$5,000 every day to the piece workers, without taking into consideration the salaries paid to the workers around the plant and the office force. And for cherries alone, during the past week Mr. Allen has paid to the growers \$65,000.

Watch Your Blood Supply, Don't Let Impurities Creep In

Pure Blood Means Perfect Health.

The average druggist has handled hundreds of medicines in his day, some of which have long since been forgotten. But there is one that has been sold by the druggists throughout this country, for more than fifty years, and that is S. S. S., the reliable blood

medicine, that is purely vegetable. Many druggists have seen wonderful results accomplished among their customers by this great old medicine, and they know that S. S. S. is one of the most reliable blood purifiers ever made. Keep your blood free of impurities by the use of this honest old medicine, and if you want medical advice, you can obtain same without cost by writing to Medical Director, Swift Specific Co., 28 Swift Laboratory, Atlanta, Ga.

Made of a good quality pink Wash Satin, round thread lace trimming and shoulder straps \$1.15

The same with hemstitched shoulder straps and trimmed with pink and blue French knots \$1.35 Another with wing sleeves and lace trimming \$1.50

READ These Tests

It's surely worth while if you give children's feet a thought. A new test every week.

SANDALS

A full line of tan sandals for boys, girls and small children—90c to \$1.60 according to size. Women's sizes \$1.75

The Value Test

Value in children's shoes depends as much upon what the shoe does for the foot as upon how well it wears. The growing feet are easily forced out of their natural shape by the wrong kind of shoe.

For Boys For Girls BUSTER BROWN SHOES

are made upon the Brown Shaping Lasts, that have the toe of the natural foot—plus perfect shape for arch and heels.

They represent real value—for they wear splendidly, and keep the child's foot perfect—for health and service.

Ask for free booklet, "Training the Growing Foot."

Next Week—THE PRICE TEST

SOCIETY

By MABEL GARRETT

Mrs. Carl Gregg Doney, her two sons, Paul and Hugh, accompanied by Mrs. Martha W. Evans, who has been the house guest of Mrs. Doney for some time, motored to Portland this morning. They planned to drive up the Columbia highway this afternoon, and to return to Portland in the evening in time to meet Dr. Doney who is expected to arrive in Portland from his six months trip to France. They will return to Salem this evening.

Mrs. Ida M. Babcock left the first part of the week for Albany where she was joined by her daughter, Mamie. From there they went on to Newport, where they will spend a vacation of several weeks at the coast.

Josephine and Leota Baumgartner, daughters of Mr. and Mrs. J. Baumgartner, 210 Center street, are in Roseburg. While there, they are visiting for several weeks their uncle and aunt, Mr. and Mrs. Stapleton.

At her home on Fairmount Heights Mrs. W. A. Gussick is entertaining as her house guest, Mrs. Charlotte Seiden and Mrs. Marie Flint. Mrs. Seiden is a sister of Mrs. Gussick and Mrs. Flint is a daughter of Mrs. Seiden. Their home is in Roseburg, but they are planning to spend the summer in Salem. While here Mrs. Flint is studying music under Miss Minnetta Magers.

After a short motor trip to Portland, Mr. and Mrs. Robert Ewing returned yesterday. Little Bobbie Baker returned home with them and will remain here for about a week.

Mr. and Mrs. Carl Burgard Kugel have moved from Portland to Salem and are making their home in the Electric apartments. They formerly lived in Dallas. Mrs. Kugel is the daughter of Mr. and Mrs. S. P. Kimbell of Polk county. Mr. Kugel is acting as fruit inspector for the government.

Whole Family Sick

"All of my six brothers and sister, as well as myself, have suffered since childhood from stomach and liver troubles and bloating. I thought it ran in the family and that I could never be cured, but, thanks to Mayr's Wonderful Remedy, since taking it nearly a year ago I have been enjoying the best of health and feel like a new person. I have no trouble from anything I eat." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. Perry, Capital Drug Store and druggists everywhere.

GERMANS READY

(Continued from page one)

The attention of the British public, it is plain, is concentrated on fighting. Von Hintze is quoted in an interview contained in a Berlin dispatch to the Nieuwe Rotterdamse Courant, as declaring he is not a pan-German and that he intends to cooperate fully with Von Hertling.

Bulgaria Forced It Amsterdam, July 12.—The Weiser Zeitung declares information has been received that Premier Mainoff of Bulgaria insisted upon Von Kuehlmann's resignation as German foreign minister, because of the latter's attitude in the Dobruja dispute.

While Germany officially refused to take sides in the quarrel between Bulgaria and Turkey over division of the territorial spoils taken from Rumania, reports have been received that the Germans endorsed Turkey's claims.

Remove Civilians Amsterdam, July 12.—Reports received from the Belgian frontier today declared that civilians are being evacuated from Zebrugge and are being moved eastward.

No reason can be assigned for removal of the civilian population of Zebrugge other than the Germans may have decided that Belgian spies cooperated with the British in the recent naval raid on that port or that the Belgians are being removed to act as laborers.

RUSSIAN REFUGEES

(Continued from page one)

by the refugees that bolshevism is not having everything according to its own sweet way in Russia, that there are a few left loyal to Emperor Nicholas and a great many more to the Kerensky form of republicanism.

Samuel Harry Tornoff, a student, one of the refugees who speaks remarkably good English, tells most interesting tales of affairs as they were in Russia when he fled to Vladivostok and thence to Japan.

He is about eighteen years of age, well dressed in contrast with the rest of his companions aboard the Arabia Maru. Seen yesterday, he wore a pair of fairly good looking shoes and a fine overcoat with a Persian lamb collar. Comment on his attire made him say, with a deprecating smile: "Yes, these clothes were bought before the war,"—and here a twist of the lips showed torn and tattered linings. "A man offered me 3000 roubles for this before I left Russia. The boots I bought in Odessa for 150 roubles before the Germans were in."

Tornoff stated that he was a student of mechanical engineering in Odessa and that he lived there with his mother, father, three sisters and a younger brother.

"I fled from Odessa the day before the Germans occupied the city," he said. "My mother sent me away with 2000 roubles because the Germans were killing every young man who looked as if he might become a soldier if he

Central Labor Union Runs Traitor for Mayor

Seattle, Wash., July 11.—While facing two years' imprisonment, following conviction for seditious conspiracy, Hallet M. Wells, was nominated for president of Seattle's central labor council last night. He is at liberty on \$5000 bail, pending a hearing before the United States court of appeals.

Wells, in a statement before the council last night said that, while his attitude toward the war had undergone some change, he still believed that persons in this country were responsible for the war only in a secondary measure to the German ruling east.

COCONUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulisified coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulisified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

lived a year longer. My mother and father were to follow me as soon as possible, with the rest of the family. But I am here. Where they are I do not know. I went to Vladivostok and waited. I waited eight months for a letter or for some message and none came. Then fighting started toward Vladivostok and I went to Japan and waited two months before I got a ship to come to the United States. I will go to Seattle and then perhaps to New York. Maybe I will continue my study in mechanical engineering. May be I will dig ditches or sewers and get more money to find my people.

Tornoff was greatly interested in knowing if the recent rumors concerning the alleged murder of Czar Nicholas were confirmed or not. "We got a wireless telegram a few days ago," he said. He indicated that there was some royalty in parts of Russia yet to the deposed monarch.

Great interest was displayed by the refugees generally in the whereabouts of Kerensky, who they had heard was murdered, had fled to the United States, was shot in Petrograd and imprisoned in Moscow. Their surprise at learning he was in Britain was only exceeded by their manifest delight. They idolize Kerensky.

PROFITEERS WILL PAY

(Continued from page one)

necessary, in the opinion of congressional leaders, who maintain that time has not arrived.

A majority of the house committee has thrown the schedule into the discard, mainly because it has forced home upon them that the people would be asked to pay heavy taxes on many articles, the manufacturers of which are growing rich on profits. These profiteers, it was declared must disgorge and return to the public, some share of the huge sums they are making.

When the war profits tax schedules have been drawn, careful estimates will be made by treasury experts working with the house and senate committees to determine how much they will yield. The remainder of the necessary \$5,000,000,000 will come from luxuries. The taxes will be based on the department's suggestions, greatly modified.

For instance, the proposal to tax gasoline ten cents a gallon, if adopted at all is likely to be modified so as to require users of pleasure cars to pay the tax, while commercial users escape.

Congress is hearing from the country on the proposed taxes. Hundreds of protests are pouring in, directed principally against the tax on clothing.

"Which shows," said a committee member today, "that these taxes, which may be accepted in France and England would be exceedingly unpopular here because they would be considered unnecessary."

The treasury suggestions, members pointed out, appear to have been lifted bodily from French and English laws

Commission's Power to Control Rates

Involved in the arguments made before the public service commission in connection with the case of the Beaver Portland Cement company against the Southern Pacific company is the question of whether the commission has jurisdiction at all over intrastate rates on railroads under government control.

The case was brought by the cement company, which is demanding a lower freight rate on cement being shipped from its plant at Gold Hill to points within this state, in order that it may

compete with California companies.

Ben C. Dey, attorney for the Southern Pacific, argued that the commission has no jurisdiction over these rates, as he contended that the railroads are now the same as under lease to the government and the commission cannot regulate the government.

E. B. Layman, attorney for the cement company, argued that the act of congress giving control of the railroads to the president did not take from the interstate commerce commission its authority to regulate interstate rates, except those which may relate directly to war matters, and under the same circumstances it did not take from the state commissions their authority to regulate intrastate rates.

If the commission should make an order decreasing rates, Attorney Dey wanted to know to whom would the commission direct the order, as the Southern Pacific has no authority over its lines now. If the order was directed to the government, he wanted to know how would the commission enforce the order.

Attorney Layman replied that the Southern Pacific is the acting agent for the government and the order would be served upon that company.

The matter was taken under advisement.

BELL-ANS Absolutely Removes Indigestion. Druggists refund money if it fails. 25c

Christian Convention Closes Sunday Night

The twenty-eighth annual convention of the Church of Christ will close its sessions Sunday evening with a sermon on "Men of the Hour" by the Rev. S. G. Buckner, of Yakima, Washington.

The following is the Sunday program the closing day:

Morning
10:00—Bible school.
11:30—Song service.
Sermon, "The Avowed Church" by S. G. Buckner.

Afternoon.
2:30—Song service.
3:00—Communion sermon by R. H. Sawyer of Portland.
3:30—Celebration of the Lord's supper.

Night.
7:30—Song service.
8:00—Sermon, "Men of the Hour" by the Rev. S. G. Buckner, pastor of the First Christian church at Yakima, Wash.

Sewing Circle With Much Whispering

We Are All Greatly Indebted to Those Who Tell Their Experiences.

Before the arrival of the stork there is much to talk about. The comfort of the expectant mother is the chief topic, and there is a sure to be someone who has used or knows of that splendid external help—Mother's Friend.

Nausea, nervousness, bearing-down and stretching pains and other symptoms so familiar to many women are among the dreaded experiences thousands of mothers say they entirely escape by the use of this famous remedy.

The influence on the fine network of nerves and ligaments just beneath the skin is wonderful.

By the regular use of Mother's Friend during the period the muscles are made and kept soft and elastic; they expand easily, without strain, when baby is born and the pain and danger at the crisis is naturally less.

Mother's Friend is for external use only. It is sold by all druggists, and should be used with the utmost regularity. Write to the Bradford Regulator Co., Lamar Bldg., Atlanta, Ga., for a valuable and interesting "Motherhood Book." There is a wealth of instruction and comfort to be derived from reading this little book. It is plainly written and will be a splendid little text book for guidance, not only for yourself but will make you helpful to others. And in the meantime do not fail to get a bottle of Mother's Friend from the drug store and thus fortify yourself against pain and discomfort.

Attorney Layman replied that the Southern Pacific is the acting agent for the government and the order would be served upon that company.

The matter was taken under advisement.

who did their best to surround the cherry crop and prevent loss to growers, I really earned \$9.78 one day. Several of the boxes to Mr. Trull's buckets, and were signed "Mr. Noah Under the Old Cherry Tree" while he was striking matches to find one more cherry.

Noted War Correspondent Lectures at Chautauqua

Dr. Lincoln Wirt Brings First Hand Story from the War Zone

Dr. Lincoln Wirt, noted American publicist and war correspondent, is coming with a message to Chautauqua audiences straight from "Over There." Bearing letters from the Secretary of State and Secretary of War, Dr. Wirt for three successive years visited the war zone and was given unusual opportunities for observation on the Western and Italian fronts. He was permitted to pass freely through the jealously guarded military zones, receiving many courtesies and invaluable assistance at the hands of both civil and military authorities in five of the countries now at war. His lecture at Chautauqua will be one of the most authoritative statements on war conditions that has been presented on the platform and is of vital interest to every American.

CHAUTAUQUA WEEK, JULY 21-27
